Though very much an individual and
spiritual artist, Alphonse Mucha was a

defining figure of the Art Nouveau era
and is loved for his distinctive lush style
and images of beautiful women in
arabesque poses among the plethora of
paintings, posters, advertisements and
designs he produced. Admire a whole
range of his work here in its full glory
with succinct accompanying text.
Aubrey Beardsley Courier Corporation
Seventy large-size illustrations trace
Mucha's skills as a draftsman over more
than 40 years. Among the more famous
examples are original plans and
drawings for "The Seasons," and

sketches for the Sarah Bernhardt poster.

ART NOUVEAU DESIGNS IN COLOR.

Courier Dover Publications

Compiled by a master craftsman and teacher at the world-famous École Boulle in Paris, this first-rate, all-encompassing collection of decorative Art Deco wood designs includes an array of motifs — trim and elegant in their simplicity. Included are boldly styled geometrics

within frames and borders, dynamic designs combining circles, squares, and abstract figures, as well as starkly elemental versions of blossoms, masks, creatures of the animal kingdom, and other wood carvings. Open spaces within some of the patterns allow the incorporation of ad copy or other messages, while the varied textures and superb finish of the plates will add graphic excitement and period flavor to fabric design, stationery, and other art and craft projects.

Graphic Design Basics Courier Dover Publications

One of the most renowned and best-loved illustrators of his day, English artist Arthur Rackham (1867–1939) brought countless stories and fairy tales to life though his vivid imagination and eye for telling details. Combining a sensitive use of line and subdued watercolors, he skillfully depicted forests of startling trees with claw-like roots, wholesome fairy maidens, monsters, and demons, and backgrounds filled with obscure figures. His inspired illustrations for the

fairy tales of the Brothers Grimm (1900) brought him his first great success, with a long and distinguished career to follow. This collection of 55 full-color plates, reproduced from rare early editions, contains a rich selection of Rackham's best fairy tale images: a giant terrorizing the inhabitants of an isolated village in English Fairy Tales, a wicked witch greeting two lost children on her doorstep in Hansel and Gretel, a young maiden beset by snarling wolves in Irish Fairy Tales, and many more, including illustrations from Snowdrop and Other Tales, Little Brother and Little Sister, and The Allies' Fairy Book.

Shakespeare, Film Studies, and the Visual Cultures of Modernity Springer
Throughout history, patterns have come in countless permutations of motif,

colour-way and scale. Yet what all have in common is the regularity of repetition, that insistent rhythm that animates a flat surface with a sense of movement and vitality and gives it depth. Evident in the arrangement of petals on a flower head, the branching growth of stems and vines, the spirals of a seashell - pattern is inherent in the natural world that surrounds us. Powerful and transformative, pattern has an irrepressible joie de vivre. With more than 1,500 illustrations of patterns from all ages and cultures, Pattern Design is a visual feast. This comprehensive compendium is arranged thematically according to type, with chapters on Flora, Fauna, Pictorial, Geometric and Abstract designs. These broad categories are supplemented by in-depth

features highlighting the work of key designers from the rich history of pattern-making - such as William Morris, Sonia Delaunay, Charles and Ray Eames, Lucienne Day and Orla Kiely - along with sections detailing the characteristic motifs of key period styles from Baroque to Art Deco.

Alphonse Mucha--the Spirit of Art Nouveau ABRAMS

This monumental collection contains over 350 royalty-free illustrations of every conceivable activity concerned with the preparation and consumption of food and drink. Jim Harter, well-known commercial designer and collagist, has selected the most versatile and eye-catching material, mainly from rare nineteenth-century sources. These fine line drawings, reproduced sharply and

clearly, comprise the most extensive and economical source of design material available. From the dining car of the Orient Express to the kitchen of an average family breakfasting at home, exotic and ordinary dining is shown in countries all over the world. There are rajahs dining in their palaces, cavemen squatting and eating with their hands, Romans feasting, wealthy families dining in elegant restaurants, public kitchens, servants, children eating, court scenes, Christmas dinners, dinner parties, individuals dining, banquets and cooks preparing meals, camping, and shopping. Not only are there activity scenes but also dozens of individual illustrations depict food, servers, and cooking utensils. A sampling includes: Exotic cakes and desserts, fish, melons,

oranges, berries, grapes, artichokes, rhubarb, leeks, pumpkins, pigs, and turkeysGlassware, tea sets, decanters, mugs, pitchers, baskets, bowls, urns, flatware, candlesticks, servers, ladles, and rolling pinsThe wide scope of the book includes large illustrations as well as headings and vignettes suitable for wine lists, menus, cartes du jour, invitations, and many other uses. These royalty-free illustrations form a unique sourcebook virtually impossible to duplicate that can complement practically any point of reference on the subject of food and drink. Clearly reproduced from rare periodicals on high-quality stock, these pictures offer a limitless array of ideas for artists and designers of greeting cards, packaging, periodicals, and cookbooks, as well as

collagists and decoupeurs. Dover (1979) original publication."

A revolutionary reaction to the eclectic historical styles of nineteenth-century art, the turn-of-the-century Art Nouveau movement drew much of its inspiration from nature. Applying its sinuous, curvilinear motifs to the decorative arts, graphics, architecture, sculpture, and painting, artists and crafters attempted to create a style suitable for a "modern"

age. This treasury of rare Art Nouveau decorative ornaments offers an unusual selection of the genre's most strikingly imaginative graphics. Originally published in Paris in 1899 and sold by subscription, the collection features fifty full-page plates depicting a rich profusion of everyday items rendered in the distinctive Art Nouveau style. Intricate patterns of flowers, vines, faces, and other designs decorate scores of objects made of metal, ceramic, and glass: pitchers and vases, cutlery, walking sticks, jewelry, and other objects and artifacts. A source of authentic Art Nouveau graphics, this compilation will serve as an inspiration for artists, illustrators, and designers.

Mucha's Figures Décoratives Skira Editore

The Allard Pierson, in partnership with two museums in Germany, is compiling an exhibition about the international art nouveau movement. Key features of this style, which held sway throughout Europe from 1890 to 1910, are flowing lines and floral motifs. Another characteristic is the frequent depiction of beautiful females. Many of them are divine figures taken from classical antiquity, Byzantine icons, medieval legends and contemporary muses.⁰⁰In ?Goddesses of Art Nouveau? this fascination for female beauty is examined more closely in the context of the social developments of the period. What is particularly striking is that the women, with their luxuriant hair and transparent robes, not only looked like goddesses but also functioned as such.

Almost invariably they symbolized something larger than themselves, lending designs a symbolic meaning and often embodying higher ideals, human feelings or timeless virtues.00The exhibition and catalogue feature not only goddesses but also nymphs, angels and fairies in jewels, sculptures, drawings, magazines and advertising material, and on all sorts of decorative objects made of silver, glass or ceramics. 00Exhibition: Allard Pierson Museum, Amsterdam, The Netherlands (23.10.2020-21.03.2021).
