“ON A RAFT OF DREAMS” is the autobiography of multi-

hyphenate Alison C. Ayres. It covers his life journey and pursuit of excellence from his earliest years in 1960s Trinidad and Tobago through to the 2020 COVID-19 pandemic in the U.S., part of the worldwide Coronavirus pandemic. Ayres is a Pratt Institute Alumnus; a former Advertising Executive; A Songwriter; a former United Nations Environment Programme Goodwill Ambassador and a former employee of former FIFA Vice President Jack Warner (Google him), who is currently wanted by U.S. authorities. In his “MUST READ” book, Ayres tells of growing up and living on the Caribbean’s Twin Island Republic of Trinidad & Tobago, before he became a permanent resident of the United States. He shares his experiences as a foreign student at Pratt, the prestigious institution for Art and Design; as an Ad Exec; as a United Nations Environment Programme Goodwill Ambassador, as well as full details of his 5 years experience working for the disgraced former FIFA Vice President Jack Warner, from 1994 to 1998, and the events that led him to withdraw his services from the 5 football (soccer) entities he served under Warner. Ayres will tell of extreme hardships, which began from infancy, while being raised by his single parent mother who was born deaf; and despite continued hardships, how he stayed focused to relentlessly

pursue and achieve his childhood dreams in Art, Music, and Football (Soccer). Alison C. Ayres was raised by his deaf single parent mother, together with 4 siblings; 3 of them who were older than he was and one younger. Growing up in abject poverty, he had witnessed his mother's never-ending struggles to raise and provide life's most basic necessities for her children. His mother's struggles became his primary source of motivation to succeed, and provided the impetus for him to pursue the dreams he was harboring from his early childhood, towards his ultimate dream of making his mother both happy and proud one day. More specifically, dreams of becoming a successful professional soccer player; a bonafide commercial artists; and a successful songwriter. In pursuit of those dreams, and before he became a permanent U.S. resident, Ayres had anchored himself in his homeland, and traveled far from his humble birthplace; with hard work, grace, humility, a great amount of determination and remarkable resilience, as the major contributors to his accomplishments. Ayres is a U.S. citizen who has been living in New York for many years now.

Music and Revolution Cambridge Scholars Publishing

The 1970s was an exciting decade for musical theatre. Besides shows from legends Stephen Sondheim (*Company*, *Follies*, *A Little Night Music*, and *Sweeney Todd*) and Andrew Lloyd Webber (*Jesus Christ Superstar* and *Evita*), old-fashioned musicals (*Annie*) and major revivals (*No, No, Nanette*) became hits. In addition to underappreciated shows like *Over Here!* and cult musicals such as *The Grass Harp* and *Mack and Mabel*, Broadway audiences were entertained by black musicals on the order of *The Wiz* and *Raisin*. In *The Complete Book of 1970s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1970s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Tony Bennett, Lena Horne, Bette Midler, and Gilda Radner. Each entry includes the following information: Opening and closing dates Plot summaries Cast members Number of performances Names of all important personnel including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs Production data, including information about tryouts Source material Critical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, *The Complete Book of 1970s Broadway Musicals* provides readers with a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

This wide-ranging, two-volume encyclopedia of musicals old and new will captivate young fans—and prove invaluable to those contemplating staging a musical production. Written with high school students in mind, *The World of Musicals: An Encyclopedia of Stage, Screen, and Song* encompasses not only Broadway and film musicals, but also made-for-television musicals, a genre that has been largely ignored. The two volumes cover significant musicals in easily accessible entries that offer both useful information and fun facts. Each entry lists the work's writers, composers, directors, choreographers, and cast, and includes a song list, a synopsis, and descriptions of the original production and important revivals or remakes. Biographical entries share the stories of some of the brightest and most celebrated talents in

the business. The encyclopedia will undoubtedly ignite and feed student interest in musical theatre. At the same time, it will prove a wonderful resource for teachers or community theatre directors charged with selecting and producing shows. In fact, anyone interested in theatre, film, television, or music will be fascinated by the work's tantalizing bits of historical and theatre trivia.

This text for pre-service and in-service English education courses presents current methods of teaching literature to middle and high school students. The methods are based on social-constructivist/socio-cultural theories of literacy learning, and incorporate research on literary response conducted by the authors. *Teaching Literature to Adolescents* – a totally new text that draws on ideas from the best selling textbook, *Teaching Literature in the Secondary School*, by Beach and Marshall – reflects and builds on recent key developments in theory and practice in the field, including: the importance of providing students with a range of critical lenses for analyzing texts and interrogating the beliefs, attitudes, and ideological perspectives encountered in literature; organization of the literature curriculum around topics, themes, or issues; infusion of multicultural literature and emphasis on how writers portray race, class, and gender differences; use of drama as a tool for enhancing understanding of texts; employment of a range of different ways to write about literature; integration of critical analysis of film and media texts with the study of literature; blending of quality young adult literature into the curriculum; and attention to students who have difficulty succeeding in literature classes due to reading difficulties, disparities between school and home cultures, attitudes toward school/English, or lack of engagement with assigned texts or response activities. The interactive Web site contains recommended readings, resources, and activities; links to Web sites and PowerPoint presentations; and opportunities for readers to contribute teaching units to the Web site databases. Instructors and students in middle and high school English methods courses will appreciate the clear, engaging, useful integration of theory, methods, and pedagogical features offered in this text.

The Complete Book of 1970s Broadway Musicals University of Michigan Press

This critically acclaimed autobiography was an instant bestseller in Japan, where it has gone through more than forty printings since its first publication. Cultural critic, literary historian, novelist, poet, and physician, Kato Shuichi reconstructs his dramatic spiritual and intellectual journey from the militarist era of prewar Japan to the dynamic postwar landscapes of Japan and Europe. This fluid translation of *A Sheep's Song* captures Kato's unique voice and brings his insightful interpretation of modern Japan and its tumultuous relations with the outside world to English-speaking readers for the first time. Kato describes his youthful interest in the natural sciences as well as in Japanese and Western literatures—from the Man'yōshū to Akutagawa Ryunosuke, Baudelaire, Valéry, and Proust. Turning to the rise of Japanese fascism in the late 1930s, he recalls his rebellion against the jingoistic political atmosphere of the time. The chapters on the war and its aftermath include experiences of

Hiroshima shortly after the bombing and the often tragicomic encounters between the defeated Japanese nation and the American Occupation forces. Throughout, memories of his wide-ranging literary career and broad experiences in Europe as a student, traveler, and cultural observer are punctuated by his unique perspectives on the relation between imagination, art, and politics. A postscript written especially for the English-language edition discusses the Vietnam War, the subsequent transformation of Japan, the cultures and societies of Europe, the United States, and China, and the collapse of the Soviet Union.

Explores the impact of nostalgia on the construction of individual and collective identity for diasporic South-Asians in the UK and US. It argues that in the postcolonial context the affect produced by this nostalgia can have radical potential as a form of resistance.

In this ground-breaking study, Paul Laird examines the process and effect of orchestration in *West Side Story* and *Gypsy*, two musicals that were among the most significant Broadway shows of the 1950s, and remain important in the modern repertory. Drawing on extensive archival research with original manuscripts, Laird provides a detailed account of the process of orchestration for these musicals, and their context in the history of Broadway orchestration. He argues that the orchestration plays a vital role in the characterization and plot development in each major musical number, opening a new avenue for analysis that deepens our understanding of the musical as an art form. The orchestration of the score in Broadway musicals deeply shapes their final soundscapes, but only recently has it begun to receive real attention. Linked by a shared orchestrator, in other ways *West Side Story* and *Gypsy* offer a study in contrasts. Breaking down how the two composers, Leonard Bernstein and Jules Styne, collaborated with orchestrators Sid Ramin, Irwin Kostal, and Robert Ginzler, Laird's study enables us to better understand both of these two iconic shows, and the importance of orchestration within musical theatre in general.

In texts from the mid-Heian to the early Kamakura periods, certain figures appear to be "marginal" or removed from "centers" of power. But why do we see these figures in this way? This study first seeks to answer this question by examining the details of the marginalizing discourse found in these texts. Who is portraying whom as marginal? For what reason? Is the discourse consistent? The author next considers these texts in terms of the predilection of modern scholarship, both Japanese and Western, to label certain figures "marginal." She then poses the question: Is this predilection a helpful tool or does it inscribe modern biases and misconceptions onto these texts?

In this special edition, we call attention to the role of Critical Multicultural Citizenship Education (CMCE) in schools, societies and global contexts. The fundamental goal of CMCE is to increase not only the students' awareness of, and participation in, the political aspects of democracy, but also students' abilities to create and live in an ethnically diverse and just community. Global migration and increasing diversity within nations are challenging conceptions of citizenship all over the world. The percentage of ethnic minorities in nation-states throughout the world has increased significantly within the past 30 years. The United States Census, for example, projects that 50% of the

population will consist of culturally, linguistically, racially, ethnic, and religiously diverse groups by 2050. With an increase growth of diversity within national borders, issues concerning educational equity, equality, and civic engagement have not always been well attended to in educational and societal contexts. Growing ethnic diversity in schools/ society has not automatically led to a dismantling of persistent educational barriers or structural inequalities. In the past decade, culturally, ethnically, and linguistically diverse populations have faced barriers impacting their rights as citizens in the United States and international contexts. Citizenship, and the rights that are associated with being a citizen, are re-framed when culturally, ethnically, and linguistically students seek equality. In 2020, many urban cities in the United States witnessed Latino/Black youth demonstrate peacefully guided by social justice and their civic responsibilities. Similarly, in international contexts students have demonstrated civil disobedience by expressing concerns about their rights as citizens and the disempowerment of communities. We emphatically believe that students in K-12 settings must begin to understand their rights as citizens and also advocate for the rights of others in order for communities in the U.S. and international contexts to achieve democracy.

Nearly three decades after her pioneering anthology, *Daughters of Africa*, Margaret Busby curates an extraordinary collection of contemporary writing by 200 women writers of African descent, including Zadie Smith, Bernardine Evaristo and Chimamanda Ngozi Adichie. A glorious portrayal of the richness and range of African women's voices, this major international book brings together their achievements across a wealth of genres. From Antigua to Zimbabwe and Angola to the USA, overlooked artists of the past join key figures, popular contemporaries and emerging writers in paying tribute to the heritage that unites them, the strong links that endure from generation to generation, and their common obstacles around issues of race, gender and class. Bold and insightful, brilliant in its intimacy and universality, this landmark anthology honours the talents of African daughters and the inspiring legacy that connects them-and all of us.

Meet Sarah Walters, a Camellia Society debutante with a weakness for bad ideas. Sarah's mother lectures her on etiquette but tends to get loose after a few gins. Still, Sarah tries to follow the debutante code - after all, in Charleston, manners mean everything. But it's not easy to follow the rules, particularly in the summers when she runs into boys in pickup trucks, or, later, when she moves to New York with her friends. For the Camellia girls soon learn, careers don't always go to plan and men don't always love you back: the bright future they thought was theirs dissolves into heartbreak, illness and addiction. And when a shocking event brings thirty-something Sarah back home to Charleston, she must decide where 'home' really is.

Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway

counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of

Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

This is the first book in English on Narsinha Mehta, a major figure among the saint-poets of medieval India and the most celebrated bhakti (devotion) poet from Gujarat, whose morning hymns and sacred biography provided a vital source of moral inspiration to Gandhi. It explores how the songs and sacred narratives associated with the saint-poet have been sculpted into a popular source of moral inspiration by performers and audiences.
