**We Are the Dinosaurs**

Hachette Children's Group Everyone wants to be happy--yet so many people are unhappy today. What are they doing wrong? Clearly, a new approach is needed.

Self-help guru Shimoff presents three new ideas and a practical program to change the way readers look at creating happiness in their lives: 1. Happiness is not an emotion, a spike of elation or euphoria, but a lasting, neuro-physiological state of peace and well-being. 2. True happiness is not based on what people do or have--it doesn't depend on external reasons or circumstances. 3. Research indicates that everyone has a happiness set-point. No matter what happens to a person, they will tend to return to a set range of happiness. This book shows how you can actually reprogram your set-point to a higher level.--From publisher description.

*Happy* (from "Despicable Me 2") Sheet Music Hal Leonard Corporation  
'Before Cliff Richard and the Shadows, there was nothing worth listening to in British music.' - John Lennon. Cliff Richard tells his story, in his own words, in his highly anticipated new autobiography. Achieving a hit in every decade since the 1950s, Cliff Richard stands alone in pop history. Coming of age in 1950s London, he began his music career at Soho's legendary 2i's

Cafe, and now he's approaching his 80th birthday with record sales of over 250m and counting. Cliff Richard was a pioneer, forging the way for British rock 'n' roll with his unique sound. The original British teen idol, his incredible story takes us into the studio of TV's first pop show *Oh Boy!*, through 40 years of *Top of the Pops*, and playing live up and down the country and across the world, with a constant backdrop of screaming fans. Cliff looks back on his humble upbringing, and how he went on to fulfil his wildest dreams by becoming a pop star and even a film star. He talks about finding Christianity, reflects on the ups and downs of life in the public eye, and reveals how the false allegations against him changed his life forever. He's seen era-defining pop stars come and go, and he's still making new music, with a new project to be released this year. As a teenage Elvis-fan in Cheshunt, this may have seem a distant dream. Here's his story of how he made it all happen.

Lagerfeld and Takashi Murakami position Pharrell's work within contemporary visual and material culture. continue to reinvent yourself today, all the while thinking about tomorrow. Music is the key, the skeleton key that's opened every door for me. There is no humanity without education. There is no education without demand. The only way to make life better for yourself, the only true and lasting way, is to make life better for others.
