The Neumann

Prize-winning, illustrated

exploration of mathematics—from its timeless mysteries to its history of mind-boggling discoveries. Beginning millions of years ago with ancient “ant odometers” and moving through time to our modern-day quest for new dimensions, The Math Book covers 250 milestones in mathematical history. Among the numerous delights readers will learn about as they dip into this inviting anthology: cicada-generated prime numbers, magic squares from centuries ago, the

discovery of pi and calculus, and the butterfly effect. Each topic is lavishly illustrated with colorful art, along with formulas and concepts, fascinating facts about scientists’ lives, and real-world applications of the theorems.

Discover and fulfill your

God-given purpose by

joining the more than

thirty-five million others

who have embarked on a spiritual journey that

started with this #1 New York Times bestselling book by Pastor Rick Warren. Before you were born, God knew what your life had in store for you. His hope for you is to discover the life he created just for you--both here on earth, and forever in eternity. Let Rick Warren guide you as you learn to live out your true purpose. The Purpose Driven Life is more than a book; it's a road map for your spiritual journey. Combining thoughtful verses from Scripture with timely stories and

perspectives from Warren's own life, The Purpose Driven Life will help you discover the answer to one of life's most important questions: What on earth am I here for? Throughout The Purpose Driven Life, Warren will teach you to spend time getting to know yourself and your creator in order to live your life to the fullest. Unlocking your true purpose will also reduce your stress, simplify your decisions, increase your satisfaction, and, most importantly, prepare you

for eternity. Designed to be read over the course of forty-two days, The Purpose Driven Life will help you see the big picture, giving you a fresh perspective on the way that the pieces of your life fit together. Every chapter of The Purpose Driven Life provides a daily meditation and practical steps to help you uncover and live out your purpose, starting with exploring three essential questions: The Question of Existence: Why am I alive? The Question of Significance: Does my life

matter? The Question of Purpose: What on earth am I here for? Each copy of *The Purpose Driven Life* also includes thoughtful discussion questions, audio Bible studies that go along with every chapter, and access to a supportive online community, giving you the opportunity to dive even deeper into each life-changing lesson.

The Best of Poe
 This Prestwick House Literary Touchstone Classic? includes a glossary and reader's notes to help the modern reader contend with Poe's allusions and complicated vocabulary. Edgar Allan Poe's name conjures up thoughts of hearts beating long after their owners

are dead, of disease and plague amid wealth, of love that extends beyond the grave, and of black ravens who utter only one word. The richness of Poe's writing, however, includes much more than horror, loss, and death. Alive with hypnotic sounds and mesmerizing rhythms, his poetry captures both the splendor and devastation of love, life, and death. His stories teem with irony and black humor, in addition to plot twists and surprise endings. Living by their own rules and

charged with passion, Poe's characters are instantly recognizable even though we may be appalled by their actions, we understand their motivations. The thirty-three selections in *The Best of Poe* highlight his unique qualities. Discover for yourself the mysterious allure and genius of Edgar Allan Poe, who remains one of America's most popular and important authors, even more than 150 years after his death.

An empowering journey through the mechanisms of the mind from one of the world's leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress,

threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating

emotional intelligence,
developing assertiveness,
avoiding excessive self-
criticism and self-demand,
and mastering the proven
art of optimism.
