Yoomi loves Grandma's cooking—except
for stinky, spicy kimchi, the pickled

cabbage condiment served at Korean
meals. "You can't eat it because you're a
baby," her brothers tease. And they don't
play with babies. Determined to prove
she's not a baby, Yoomi tries to find a way
to make kimchi taste better—but not even
ice cream can help. Luckily, Grandma has
a good idea, and soon everyone has a new
food to enjoy. Celebrating family, food,
and growing up, this story about a Korean-
American family will appeal to picky eaters
and budding foodies alike. Aram Kim's
lively art is filled with expressive
characters and meticulous details—and of

course, mouth-watering illustrations of
traditional Korean dishes and ingredients.
Backmatter includes information about
kimchi and how it's made, and best of all,
a recipe for Grandma's kimchi pancakes to
try yourself! For more about Yoomi and
her family, don't miss *Let's Go to
Taekwondo!* by Aram Kim. A Junior Library

Cook Korean! Chelsea Green Publishing
A New York Times bestseller and one of
the most praised Korean cookbooks of all
time, you'll explore the foods and flavors
of Koreatowns across America through this

collection of 100 recipes. This is not your average "journey to Asia" cookbook. Koreatown is a spicy, funky, flavor-packed love affair with the grit and charm of Korean cooking in America. Koreatowns around the country are synonymous with mealtime feasts and late-night chef hangouts, and Deuki Hong and Matt Rodbard show us why through stories, interviews, and over 100 delicious, super-approachable recipes. It's spicy, it's fermented, it's sweet and savory and loaded with umami: Korean cuisine is poised to break out in the U.S., but until now, the cookbooks have been focused on taking readers on an idealized Korean journey. Koreatown, though, is all about what's real and happening right here: the foods of Korean American communities all over our country, from L.A. to New York City, from Atlanta to Chicago. We follow Rodbard and Hong through those communities with stories and recipes for everything from beloved Korean barbecue favorites like bulgogi and kalbi to the lesser-known but deeply satisfying stews, soups, noodles, salads, drinks, and the many kimchis of the Korean American table.

WECK Small-Batch Preserving Chelsea Green Publishing

With 200,000+ copies in print, this New York Times bestseller shares the story and the recipes behind the chef and cuisine that changed the modern-day culinary landscape. Never before has there been a phenomenon like Momofuku. A once-unrecognizable word, it's now synonymous with the award-winning restaurants of the same name in New York City (Momofuku Noodle Bar, Ssäm Bar, Ko, Má Pêche, Fuku, Nishi, and Milk Bar), Toronto, and Sydney. Chef David Chang single-handedly revolutionized cooking in America and beyond with his use of bold Asian flavors and impeccable ingredients, his mastery of the humble ramen noodle, and his thorough devotion to pork. Chang relays with candor the tale of his unwitting rise to superstardom, which, though wracked with mishaps, happened at light speed. And the dishes shared in this book are coveted by all who've dined—or yearned to—at any Momofuku location (yes, the pork buns are here). This is a must-read for anyone who truly enjoys food.

L.A. Son Ten Speed Graphic
A memoir and cookbook from the creator of the gourmet Korean-Mexican taco truck Kogi, the star of Netflix's "The Chef Show," and the culinary advisor to Jon Favreau's film "Chef." “Roy Choi sits at the crossroads of just about every important

issue involving food in the twenty-first century. As he goes, many will follow.”—Anthony Bourdain From the maverick chef the New Yorker called “The David Chang of L.A.” comes a cookbook that’s as inventive, creative, and border-crossing as the city to which it pays homage: Los Angeles. Los Angeles: A patchwork megalopolis defined by its unlikely cultural collisions; the city that raised and shaped Roy Choi, the boundary-breaking chef who decided to leave behind fine dining to feed the city he loved—and, with the creation of the Korean taco, reinvented street food along the way. Abounding with both the food and the stories that gave rise to Choi's inspired cooking, L.A. Son takes us through the neighborhoods and streets most tourists never see, from the hidden casinos where gamblers slurp fragrant bowls of pho to Downtown's Jewelry District, where a ten-year-old Choi wolfed down Jewish deli classics between diamond deliveries; from the kitchen of his parents' Korean restaurant and his mother's pungent kimchi to the boulevards of East L.A. and the best taquerias in the country, to, at last, the

curbside view from one of his emblematic Kogi taco trucks, where people from all walks of life line up for a revolutionary meal. Filled with over 85 inspired recipes that meld the overlapping traditions and flavors of L.A.—including Korean fried chicken, tempura potato pancakes, homemade chorizo, and Kimchi and Pork Belly Stuffed Pupusas—L.A. Son embodies the sense of invention, resourcefulness, and hybrid attitude of the city from which it takes its name, as it tells the transporting, unlikely story of how a Korean American kid went from lowriding in the streets of L.A. to becoming an acclaimed chef.

Slimming Eats Grand Central Life & Style THE INSTANT NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST NEW COOKBOOKS OF THE YEAR BY Epicurious • EATER • Stained Page • Infatuation • Spruce Eats • Publisher's Weekly • Food52 • Toronto Star The dazzling debut cookbook from Joanne Lee Molinaro, the home cook and spellbinding storyteller behind the online sensation @thekoreanvegan Joanne Lee Molinaro has captivated millions of fans with her powerfully moving personal tales of love,

family, and food. In her debut cookbook, she shares a collection of her favorite Korean dishes, some traditional and some reimaged, as well as poignant narrative snapshots that have shaped her family history. As Joanne reveals, she's often asked, “How can you be vegan and Korean?” Korean cooking is, after all, synonymous with fish sauce and barbecue. And although grilled meat is indeed prevalent in some Korean food, the ingredients that filled out bapsangs on Joanne's table growing up—doenjang (fermented soybean paste), gochujang (chili sauce), dashima (seaweed), and more—are fully plant-based, unbelievably flavorful, and totally Korean. Some of the recipes come straight from her childhood: Jjajangmyun, the rich Korean-Chinese black bean noodles she ate on birthdays, or the humble Gamja Guk, a potato-and-leek soup her father makes. Some pay homage: Chocolate Sweet Potato Cake is an ode to the two foods that saved her mother's life after she fled North Korea. The Korean Vegan Cookbook is a rich portrait of the immigrant experience with life lessons that are universal. It celebrates how deeply food and the ones we love

shape our identity.
