The presentation and practice of vocabulary and grammar are of equal importance and there is a strong focus on listening

and speaking with an emphasis on 'real world' language for social situations. The listening and reading material provides fresh new angles on universal topics and students are given numerous opportunities to practise new language through a wide variety of communicative activities, many of which are personalised. face2face is also fully compatible with the Common European Framework of Reference for Languages and gives students regular opportunities to evaluate

their progress. Each self-contained double-page lesson is easily teachable off the page with minimal preparation. The Teacher's Books contain optional photocopiable resources and tests, ensuring that the course can be tailored to the needs of different classes. Each level provides approximately 80 hours of core teaching material, which can be extended to 120 hours with the inclusion of the photocopiable resource material and extra ideas in the Teacher's Book. The

Student's Books are packaged with a free CD-ROM/Audio CD that offers hundreds of extra practice activities, video sequences, recording capability, customisable tests and much more. A unique approach combining grammar, vocabulary and phrases to

give students the range of language they need to communicate effectively. To talk about money, for example, you not only need vocabulary (credit card, bill, receipt), but also verb forms (I paid, I bought, It cost) and phrases such as Can you lend me...? Can we have the bill? Special links between units direct you to related language areas. This means you can choose your own learning path through the book or you can work through the units systematically, helping you to progress at

your own pace. This pre-intermediate book, with answers and audio CD, is ideal for self-study.
