Year of Wonders Little, Brown

"Plague stories remind us that we cannot manage without community . . . *Year of Wonders* is a testament to that very notion." – The Washington Post An unforgettable tale, set in 17th century England, of a village that quarantines itself to arrest the spread of the plague, from the author *The Secret Chord* and *Of March*, winner of the Pulitzer Prize When an infected bolt of cloth carries plague from London to an isolated village, a housemaid named Anna Frith emerges as an unlikely heroine and healer. Through Anna's eyes we follow the story of the fateful year of 1666, as she and her fellow villagers confront the spread of disease and superstition. As death reaches into every household and villagers turn from prayers to murderous witch-hunting, Anna must find the strength to confront the disintegration of her community and the lure of illicit love. As she struggles to survive and grow, a year of catastrophe becomes instead *annus mirabilis*, a "year of wonders." Inspired by the true story of Eyam, a village in the rugged hill country of England, *Year of Wonders* is a richly detailed evocation of a singular moment in history. Written with stunning emotional intelligence and introducing "an inspiring heroine" (*The Wall Street Journal*), Brooks blends love and learning, loss and renewal into a spellbinding and unforgettable read.

Liberty's Nemesis William Morrow
Paperbacks

This is epic story of the last eight months of World War II in Europe by one of Britain's most highly regarded military historians, whose accounts of past battles John Keegan has described as worthy "to stand with that of the best

journalists and writers" (*New York Times Book Review*). In September 1944, the Allies believed that Hitler's army was beaten, and expected that the war would be over by Christmas. But the disastrous Allied airborne landing in Holland, American setbacks on the German border and in the Hürtgen Forest, together with the bitter Battle of the Bulge, drastically altered that timetable. Hastings tells the story of both the Eastern and Western Fronts, and paints a vivid portrait of the Red Army's onslaught on Hitler's empire. He has searched the archives of the major combatants and interviewed 170 survivors to give us an unprecedented understanding of how the great battles were fought, and of their human impact on American, British, German, and Russian soldiers and civilians. Hastings raises provocative questions: Were the Western Allied cause and campaign compromised by a desire to get the Soviets to do most of the fighting? Why were the Russians and Germans more effective soldiers than the Americans and British? Why did the bombing of Germany's cities continue until the last weeks of the war, when it could no longer influence the outcome? Why did the Germans prove more fanatical foes than the Japanese, fighting to the bitter end? This book also contains vivid portraits of Stalin, Churchill, Eisenhower, Montgomery, and the other giants of the struggle. The crucial final months of the twentieth century's greatest global conflict come alive in this rousing and revelatory chronicle.

Nemesis National Geographic Books
Even if it takes an eternity, he will make amends. Weakest link When an old friend from graduate school contacts Fred for help with her job at a top scientific facility, Fred feels a mixture of

dread about renewing ties to her past and wistfulness for the quiet life she might have led entrenched in her research. But the night they are supposed to meet, her friend is gunned down, the seemingly innocent victim of a mob hit gone wrong. Fred is inconsolable. Although Angel and the others want to help, they have been called upon to solve a rash of murders among a group of wizards. These wizards are the only ones preventing an apocalyptic breach of the walls separating our reality from other, more-deadly worlds. Fred decides to leave the investigation and take her friend's place as a researcher in order to uncover the truth behind her murder. But when the worlds of scientific research and the supernatural collide, Fred may be the only one who can solve the case and stop the coming apocalypse.

Armageddon Vintage

They had seven years to prepare... Earth is lost. Seven years ago the New Earth colony received one final message from Earth...a warning. First, a global pandemic, then the emergence of a new species. A war for survival ravaged the Sol system. Now they are coming for the colony. Many colonists don't believe it, but Connor does. They must prepare. They must fight. But how can they survive something that killed every person back on Earth? If you loved *Old Man's War* and *Ender's Game*, you'll love *First Colony - Nemesis*, a new military science fiction series.

The Nemesis in China Feiwel & Friends

A trans teen is transformed into a superhero in this action-packed series-starter perfect for fans of *The Heroine Complex* and *Not Your Sidekick*. Danny Tozer has a problem: she just inherited the powers of Dreadnought, the world's greatest superhero. Until Dreadnought

fell out of the sky and died right in front of her, Danny was trying to keep people from finding out she's transgender. But before he expired, Dreadnought passed his mantle to her, and those secondhand superpowers transformed Danny's body into what she's always thought it should be. Now there's no hiding that she's a girl. It should be the happiest time of her life, but Danny's first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father's dangerous obsession with "curing" her girlhood, her best friend suddenly acting like he's entitled to date her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she's in over her head. She doesn't have time to adjust. Dreadnought's murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can't sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction. "I didn't know how much I needed this brave, thrilling book until it rocked my world. Dreadnought is the superhero adventure we all need right now."—Charlie Jane Anders, author of *All the Birds in the Sky* "A thoroughly enjoyable, emotionally rich, action-packed story with the most exciting new superheroes in decades.

Unmissable."—Kirkus Reviews

Nemesis Digital Crime Fiction

All the cops have been killed, the city is in chaos, nobody can leave their houses, and a nuclear bomb will go off in a secret location unless everyone remains in the lockdown *Nemesis* demanded. This series just can't get any more exciting!

Millar & McNiven's Nemesis Vintage

Alcibiades was one of the most dazzling

figures of the Golden Age of Athens. A ward of Pericles and a friend of Socrates, he was spectacularly rich, bewitchingly handsome and charismatic, a skilled general, and a ruthless politician. He was also a serial traitor, infamous for his dizzying changes of loyalty in the Peloponnesian War. *Nemesis* tells the story of this extraordinary life and the turbulent world that Alcibiades set out to conquer. David Stuttard recreates ancient Athens at the height of its glory as he follows Alcibiades from childhood to political power. Outraged by Alcibiades' celebrity lifestyle, his enemies sought every chance to undermine him. Eventually, facing a capital charge of impiety, Alcibiades escaped to the enemy, Sparta. There he traded military intelligence for safety until, suspected of seducing a Spartan queen, he was forced to flee again—this time to Greece's long-term foes, the Persians. Miraculously, though, he engineered a recall to Athens as Supreme Commander, but—suffering a reversal—he took flight to Thrace, where he lived as a warlord. At last in Anatolia, tracked by his enemies, he died naked and alone in a hail of arrows. As he follows Alcibiades' journeys crisscrossing the Mediterranean from mainland Greece to Syracuse, Sardis, and Byzantium, Stuttard weaves together the threads of Alcibiades' adventures against a backdrop of cultural splendor and international chaos. Navigating often contradictory evidence, *Nemesis* provides a coherent and spellbinding account of a life that has gripped historians, storytellers, and artists for more than two thousand years.

Nemesis Orbit

Longtime enemies of the Federation, the Romulan Empire has expressed its desire to initiate negotiations which, it is

hoped, will lead to a lasting peace and the ultimate goal of unity within the galaxy. But upon their arrival on Romulus, the *Enterprise* crew is faced not with hope for the future but with a plot that threatens the very existence of Federation space. In the heart of the Romulan Empire, have Captain Jean-Luc Picard and the Federation encountered their *Nemesis* at last?

Nemesis Penguin

'A masterpiece of spies, intrigue and political shenanigans' *Sunday Express*
Can a ruthless spy ring change the course of the war? The *Sunday Times* bestseller and award-winning author of *Corpus* returns with a gripping tale of spies, intrigue and politics set during WW2. Perfect for readers of Robert Harris, C J Sansom and Joseph Kanon.

_____ In a great English house, a young woman offers herself to one of the most powerful and influential figures in the land - but this is no ordinary seduction. She plans to ensure his death . . . On holiday in France, Professor Tom Wilde discovers his brilliant student Marcus Marfield, who disappeared two years earlier to join the International Brigades in Spain, in the Le Vernet concentration camp in the foothills of the Pyrenees. Wilde secures his release just as German tanks roll into Poland. Meanwhile, a U-boat sinks the liner *Athenia* in the Atlantic with many casualties, including Americans, onboard. Goebbels claims Churchill put a bomb in the ship to blame Germany and to lure America into the war. As the various strands of an international conspiracy begin to unwind, Tom Wilde will find himself in great personal danger. For just who is Marcus Marfield? And where does his loyalty lie? A brilliantly intelligent, gripping WW2 spy thriller from the *Sunday Times*

bestselling author of *Corpus* and *Hitler's Secret*.

Praise for Rory Clements: 'Political polarisation, mistrust and simmering violence' *The Times* 'A standout historical novel and spy thriller' *Daily Express* 'Enjoyable, bloody and brutish' *Guardian* 'A dramatic, twisty thriller' *Daily Mail* 'A colourful history lesson . . . Exciting narrative twists' *Sunday Telegraph*

The princess didn't expect to fall in love--with her nemesis. Princess Sepora of Serubel is the last Forger in all the five kingdoms. The spectorium she creates provides energy for all, but now her father has found a way to weaponize it, and his intentions to incite war force her to flee from his grasp. She escapes across enemy lines into the kingdom of Theoria, but her plans to hide are thwarted when she is captured and placed in the young king's servitude.

Tarik has just taken over rulership of Theoria, and must now face a new plague sweeping through his kingdom and killing his citizens. The last thing he needs is a troublesome servant vying for his attention. But mistress Sepora will not be ignored. When the two finally meet face-to-face, they form an unlikely bond that complicates life in ways neither of them could have imagined. Sepora's gift could save Tarik's kingdom from the Quiet Plague. But should she trust her growing feelings for her nemesis, or should she hide her gifts at all costs? A thrilling futuristic fantasy in which the fate of the world's energy source is in the hands of a prince and princess who are rivals, by the New York Times bestselling author of the *Syrena Legacy*.

Nemesis Titan Books (US, CA)

If there has been a unifying theme of Barack Obama's presidency, it is the inexorable growth of the administrative state. Its expansion has followed a pattern: First, expand federal powers beyond their constitutional limits. Second, delegate those powers to agencies and away from elected politicians in Congress. Third, insulate civil servants from politics and accountability. Since its introduction in American life by Woodrow Wilson in the 20th Century, the administrative state's has steadily undermined democratic self-government, reduced the sphere of individual liberty, and burdened the free market and economic growth. In *Liberty's Nemesis*, Dean Reuter and John Yoo collect the brightest political minds in the country to expose this explosive, unchecked growth of power in government agencies ranging from health care to climate change, financial markets to immigration, and more. Many Americans have rightly shared the

Founders' fear of excessive lawmaking, but Liberty's Nemesis is the first book to explain why the concentration of power in administrative agencies in particular is the greatest – and most overlooked – threat to our liberties today. If we fail to curb it, our constitutional republic might easily devolve into something akin to the statist governments of Europe. President Obama's ongoing efforts to encourage just such a devolution, and the problems his administration faces as a consequence, present a critical opportunity to defend the original vision of the Constitution.

The Choking Rain Metropolitan Books
A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide. In 1921, a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide. They were a humble bunch: an accountant, a life insurance salesman, a newspaper editor, an engineering student, and a diplomat. Together they formed one of the most effective assassination squads in history. They named their operation Nemesis, after the Greek goddess of retribution. The assassins were survivors, men defined by the massive tragedy that had devastated their people. With operatives on three continents, the Nemesis team killed six major Turkish leaders in Berlin, Constantinople, Tiflis, and Rome, only to disband and suddenly disappear. The story of this secret operation has never been fully told, until now. Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history, as well as showing in vivid color the era's history, rife with political fighting and massacres. Casting fresh light on one of the great crimes of the twentieth

century and one of history's most remarkable acts of vengeance, Bogosian draws upon years of research and newly uncovered evidence. Operation Nemesis is the result--both a riveting read and a profound examination of evil, revenge, and the costs of violence.

Nemesis Harper Collins

The long-awaited final volume of Chalmers Johnson's bestselling Blowback trilogy confronts the overreaching of the American empire and the threat it poses to the republic. In his prophetic book Blowback, Chalmers Johnson linked the CIA's clandestine activities abroad to disaster at home. In *The Sorrows of Empire*, he explored the ways in which the growth of American militarism and the garrisoning of the planet have jeopardized our stability. Now, in *Nemesis*, he shows how imperial overstretch is undermining the republic itself, both economically and politically. Delving into new areas—from plans to militarize outer space to Constitution-breaking presidential activities at home and the devastating corruption of a toothless Congress—*Nemesis* offers a striking description of the trap into which the dreams of America's leaders have taken us. Drawing comparisons to empires past, Johnson explores in vivid detail just what the unintended consequences of our dependence on a permanent war economy are likely to be. What does it mean when a nation's main intelligence organization becomes the president's secret army? Or when the globe's sole "hyperpower," no longer capable of paying for the vaulting ambitions of its leaders, becomes the greatest hyper-debtor of all times? In his stunning conclusion, Johnson suggests that financial bankruptcy could herald the breakdown of constitutional government in America—a crisis that

may ultimately prove to be the only path to a renewed nation.

Nemesis Penguin

The powerful transgender teenage superhero returns in this action-packed sequel to *Dreadnought*. Only nine months after her debut as the superhero *Dreadnought*, Danny Tozer is already a scarred veteran. Protecting a city the size of New Port is a team-sized job and she's doing it alone. Between her newfound celebrity and her demanding cape duties, *Dreadnought* is stretched thin, and it's only going to get worse. When she crosses a newly discovered billionaire supervillain, *Dreadnought* comes under attack from all quarters. From her troubled family life to her disintegrating friendship with *Calamity*, there's no lever too cruel for this villain to use against her. She might be hard to kill, but there's more than one way to destroy a hero. Before the war is over, *Dreadnought* will be forced to confront parts of herself she never wanted to acknowledge. And behind it all, an old enemy waits in the wings, ready to unleash a plot that will scar the world forever. "Daniels doesn't just perfectly "queer the capes," she delivers a book that's tightly packed with brilliantly rendered fights, nail-biting scenes of peril, emotional authenticity, and a perfect first kiss."—Kirkus Reviews "An extremely compelling narrative...An uplifting kind of book."—Tor.com "Danny is so real that even when she is flying around in space throwing punches at a bazillion miles per hour, she is 100% believable."—Locus "A well-crafted story, filled with charming characters and nerve-wracking narratives that keep the reader enthralled."—Lambda Literary

Sovereign Simon and Schuster

Grainy CCTV footage shows a man walking into a bank and putting a gun to a cashier's head. He tells her to count to twenty-five. When he doesn't get his money in time, she is executed. Detective Harry Hole is assigned to the case. While Harry's girlfriend is away in Russia, an old flame gets in touch. He goes to dinner at her house and wakes up at home with no memory of the past twelve hours. The same morning the girl is found shot dead in her bed. Harry begins to receive threatening e-mails. Is someone trying to frame him for this unexplained death? Meanwhile the bank robberies continue with unparalleled savagery. Gripping and surprising, *Nemesis* is the new thriller by one of the biggest stars of Scandinavian crime fiction.

The Nemesis Encounter Books

"A totally new and original work that stretches his talents to their fullest . . .

welcome back, champ!”—The Detroit News In the twenty-third century pioneers have escaped the crowded earth for life in self-sustaining orbital colonies. One of the colonies, Rotor, has broken away from the solar system to create its own renegade utopia around an unknown red star two light-years from Earth: a star named Nemesis. Now a fifteen-year-old Rotorian girl has learned of the dire threat that nemesis poses to Earth’s people—but she is prevented from warning them. Soon she will realize that Nemesis endangers Rotor as well. And so it will be up to her alone to save both Earth and Rotor as—drawn inexorably by Nemesis, the death star—they hurtle toward certain disaster.

Glorious Nemesis Bonnier Zaffre Ltd. An explosive vision of contemporary Brazil’s underbelly by one of our greatest investigative reporters. This is a book about a man known as Nem; about Rocinha, the slum or “favela” he grew up in and came to run as a private fiefdom; about Rio, the beautiful but damned city that Rocinha exists in; and about the battle for Brazil. Nemesis pans in and out from the arc of Nem’s individual, astonishing trajectory to the wider story of the country that he exists in. It’s about drugs and gangs and violence and poverty. It’s about a man who made a terribly dangerous and life-altering decision for the best and most understandable of reasons. And it’s about the wider forces at work in a country that is in the world’s spotlight as

never before and is set to stay there. Those forces include the evangelical church, bent police and straight police, drug lords, farmers, TV magnates, crusading politicians, and corrupt politicians. And what they are engaged in is nothing less than the battle for Brazil’s soul.

Nemesis Minotaur Books

Klíma's intense inner life and complex mental state are reflected in his peculiar writings. His eccentricity of style and often volatile prose were intended to convey the deep conflicts attending his thought processes, and this is perhaps best exemplified in the novella *Glorious Nemesis*. Set in the Tyrol, it is a balladic ghost story that explores the metaphysics of love and death, crime and reincarnation. Sider, a man of twenty-eight, is confronted by a giant mountain named Stag's Head and an ancient hovel standing under a high, black cliff. Out one day on a hike, he encounters two women who will mark his fate: the elder Errata, dressed in red, and the younger Orea, dressed in blue (the two colors of the Virgin Mary). From this point on Sider is on a quest for the All, the Absolute, and to achieve eternity by atoning for the misdeeds of a past life. Willing to risk his entire fortune and sanity, he succumbs to his dreams and hallucinations as Orea, or her doppelgänger, becomes for him a representation of the goddess Nemesis who initiates him into the mysteries of divine retribution.
