*Bullying in the  
Workplace* Seven  
Stories Press  
Emile is a treatise on  
the nature of education  
and on the nature of

man written by Jean-  
Jacques Rousseau, who  
considered it to be the  
"best and most  
important of all my  
writings". Due to a  
section of the book  
entitled "Profession of  
Faith of the Savoyard  
Vicar," Emile was  
banned in Paris and

Geneva and was publicly burned in 1762, the year of its first publication. During the French Revolution, Emile served as the inspiration for what became a new national system of education. The work tackles fundamental political and philosophical questions about the relationship between the individual and society— how, in particular, the individual might retain what Rousseau saw as innate human goodness while remaining part of a corrupting collectivity. Its opening sentence: "Everything is good as it leaves the hands of the Author of things; everything degenerates in the hands of man." Rousseau seeks to describe a system of

education that would enable the natural man he identifies in *The Social Contract* to survive corrupt society. He employs the novelistic device of Emile and his tutor to illustrate how such an ideal citizen might be educated. Emile is scarcely a detailed parenting guide but it does contain some specific advice on raising children.[5] It is regarded by some as the first philosophy of education in Western culture to have a serious claim to completeness

With this widely acclaimed work, Michael Fried revised the way in which eighteenth-century French painting and criticism are viewed and understood. Analyzing paintings produced between 1753 and 1781 and the comments of a number of critics who wrote about them, especially Dennis Diderot, Fried

discovers a new emphasis in the art of the time, based not on subject matter or style but on values and effects.

"A Grain of Truth, like every great crime novel, digs up more unsettling questions than it does answers; it also demonstrates the seemingly endless possibilities of the form itself to serve as smart social criticism." --

Maureen Corrigan, on NPR's Fresh Air Praise for the first novel in the Teodor Szacki series:"In

Entanglement Miloszewski takes an engaging look at modern Polish society in this stellar first in a new series starring Warsaw prosecutor Teodor Szacki. Readers will want to see more of the complex,

sympathetic Szacki."—Publishers WeeklyIt is spring 2009, and prosecutor Szacki is no longer working in Warsaw—he has said goodbye to his family and to his career in the capital and moved to Sandomierz, a picturesque town full of churches and museums. Hoping to start a "brave new life," Szacki instead finds himself investigating a strange murder case in surroundings both alien and unfriendly. The victim is found brutally murdered, her body drained of blood. The killing bears the hallmarks of legendary Jewish ritual slaughter, prompting a wave of anti-Semitic paranoia in the town, where everyone knows everyone. The

murdered woman's husband is bereft, but when Szacki discovers that she had a lover, the husband becomes the prime suspect. Before there's time to arrest him, he is found murdered in similar circumstances. In his investigation Szacki must wrestle with the painful tangle of Polish-Jewish relations and something that happened more than sixty years earlier. Zygmunt Miloszewski was born in Warsaw, Poland, in 1975. His first novel *The Intercom* was published in 2005 to high acclaim. In 2006 he published *The Adder Mountains*; in 2010, the crime novel *Entanglement*; and this year its sequel, *A Grain of Truth*.

Hart Island is a place outside the vision and minds of most New Yorkers, even those who have family buried there. It represents the ultimate melting pot, a place where individual lives are blended beyond recognition.

Two lost young Parisians discover new paths for their lives in this charming pair of novellas by the international-bestselling author of *Billie*. Twenty-four-year-old Mathilde has abandoned her studies in art history for a job leaving anonymous negative comments on websites. One day she loses her bag in a café—a bag that happens to contain ten

thousand Euros. When an unknown man returns it to her a week later, Mathilde becomes obsessed with the mysterious encounter. Twenty-six-year-old Yann works as a sales assistant in a home appliances store while he waits for better days to come. He wouldn't say he is unhappy. But sometimes, late at night, when he is crossing a bridge over the River Seine, he imagines jumping. One day he does a favor for one of his neighbors and is asked to stay for dinner as thanks. The following morning Yann throws caution to the wind and decides to change his life entirely. These two novellas by bestselling author Anna Gavaldà are among her most moving and inspiring.

Life, Only Better is a touching, cleverly crafted book about choices and their consequences.

What happens when catastrophe becomes an everyday occurrence? Each of the seven stories in Assia Djebar's *The Tongue's Blood Does Not Run Dry* reaches into the void where normal and impossible realities coexist. All the stories were written in 1995 and 1996—a time when, by official accounts, some two hundred thousand Algerians were killed in Islamist assassinations and government army reprisals. Each story grew from a real conversation on the streets of Paris

between the author and fellow Algerians about what was happening in their native land.

Contemporary events are joined on the page by classical themes in Arab literature, whether in the form of Berber texts sung by the women of the Mزاب or the tales from *The Book of One Thousand and One Nights*. *The Tongue's Blood Does Not Run Dry* beautifully explores the conflicting realities of the role of women in the Arab world. With renowned and unparalleled skill, Assia Djebar gives voice to her longing for a world she has put behind her.

As a true city man Jean Beraud tried with his pictures to capture the real vitality of urban life in Paris. He made portraits of elegant society ladies, but also of working-class women, pictures of folk dancing and absinthe drinkers in the bars and cafes.

Early this century

Enrico, a young intellectual, leaves the city of Gorizia with its abundant population and culture, to spend several years living on the Patagonian pampas, alone with his ancient Greek texts, his flocks and, every now and then, a woman. He has been taught by his closest friend, Carlo, a philosopher/poet who commits suicide in his early twenties, to search for an authentic

life, free of social falsehoods. But in his search for this unattainable goal, Enrico destroys every chance he has of a normal existence. This is portrait of a world in ferment, a decaying empire shaken by war and revolution, and a life-long search for meaning.

Voters in India are more vigilant in monitoring government at the local than at the national level. In state assembly elections voters reward incumbents for local income growth, and punish them for a rise in inequality, over their entire term in office. But in national elections voters behave myopically,

rewarding growth in national income and a fall in inflation and inequality only in the year preceding the election.

All over Europe, newspaper articles and TV programmes increasingly report on sometimes dramatic cases of workplace bullying. Unlike everyday conflicts at work, bullying is a long-lasting conflict where one person is systematically harassed by one or more colleagues or supervisors, resulting in severe damage to the victim's psychological and physical health. Research on workplace bullying started more than a decade ago but

has increased during the last few years. This special issue on workplace bullying documents the most recent developments in research and practice in various European countries, and includes topics such as the role of personality in becoming a victim, bullying and the development of post-traumatic stress disorder (PTSD), conflict escalation and coping with bullying and the impact of organizational status on bullying behaviour.
