Value Edition

Foundations of Finance
Prentice Hall

For undergraduate
corporate finance
courses. This ISBN is
for the Pearson eText
combo card, which

includes the Pearson
eText and loose-leaf
print edition (delivered
by mail). The five key
principles for the
foundations of finance
Foundations of Finance
retains its foundational
approach to the key
concepts of finance,
bolstered by real-world
vignettes, cases, and
problem exercises.
Utilizing five principles,
which are presented at
the beginning of the
book and applied
throughout, the
authors introduce a
multi-step approach to
financial problem
solving that appeals to
students' (at all levels)
math and numerical
skills. As with previous
editions, the 10th
Edition focuses on
valuation and opens
every chapter with a

vignette based on financial decisions faced by contemporary, real-world companies and firms. Revised and updated, the text features new lecture videos, financial thinking, user feedback, and changes inspired by the passage of the Tax Cuts and Jobs Act of 2017, so students are well equipped to effectively deal with financial problems in an ever-changing financial environment. Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when

offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily customize the table of contents, schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction. NOTE: Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. This ISBN is for a Pearson eText

access code plus a loose-leaf print edition (delivered by mail). In addition to your purchase, you will need a course invite link, provided by your instructor, to register for and use Pearson eText.

Foundations of Finance, Global Edition

Prentice Hall
ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use

Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Directed primarily toward

undergraduate finance majors, this text also provides practical content to current and aspiring industry professionals.

online retailer, Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. In addition to your purchase, you will need a course invite link, provided by your instructor, to register for and use Pearson eText.

Foundations of Finance
Pearson/Education

"Foundations of Finance" enables students to see the big picture by letting them understand the logic that drives finance rather than having them memorize formulas. The book motivates the study of finance with a focus on five underlying principles.

Foundations of Finance
Prentice Hall

A thoroughly revised and updated edition of

a textbook for graduate students in finance, with new coverage of global financial institutions. This thoroughly revised and updated edition of a widely used textbook for graduate students in finance now provides expanded coverage of global financial institutions, with detailed comparisons of U.S. systems with non-U.S. systems. A focus on the actual practices of financial institutions prepares students for real-world problems. After an introduction to financial markets and market participants, including asset management firms, credit rating agencies, and investment banking firms, the book covers risks and asset pricing, with a new overview of risk;

the structure of interest rates and interest rate and credit risks; the fundamentals of primary and secondary markets; government debt markets, with new material on non-U.S. sovereign debt markets; corporate funding markets, with new coverage of small and medium enterprises and entrepreneurial ventures; residential and commercial real estate markets; collective investment vehicles, in a chapter new to this edition; and financial derivatives, including financial futures and options, interest rate derivatives, foreign exchange derivatives, and credit risk transfer vehicles such as credit default swaps. Each chapter begins with

learning objectives and ends with bullet point takeaways and questions.
