The lot of the motorist has changed greatly over the last hundred years. In the early twentieth century, only the most wealthy could afford a motor car and there were very few rules and regulations. Now most British people own a car and are protected by air bags and crumple zones, but also hemmed in by parking regulations, traffic jams and speed restrictions. In this richly illustrated history of the past hundred years of motoring, expert Jon Pressnell explores the main developments, such as the introduction and refinement of the driving test; the improvement of roads and the impact of the motorway; and how affordable cars such as the Mini have helped democratise driving. The evolution of the car itself is also explored, from the coachbuilt custom-made cars of the 1910s, through to the more attainable mass-produced models of the inter-war years, and finally to today's complex and sometimes hybrid-powered vehicles.

7 Ways to reinvent your favorite ingredients with more than 120 new, exciting and tasty recipes Naked Chef television personality Jamie Oliver has looked at the top ingredients we buy week in, week out. We're talking about those meal staples we pick up without thinking - chicken breasts, salmon fillets, ground beef, eggs, potatoes, broccoli, mushrooms, to name but a few. We're all busy, but that shouldn't stop us from having a tasty, nutritious meal after a long day at work or looking after the kids. So, rather than trying to change what we buy, Jamie wants to give everyone new inspiration for their favorite supermarket ingredients. Jamie will share 7 achievable, exciting and tasty ways to cook 18 of our favorite ingredients, and each recipe will include no more than 8 ingredients. Across the book, at least 70% of the recipes will be everyday options from both an ease and nutritional point of view, meaning you're covered for every day of the week. With everything from fakeaways and traybakes to family and freezer favorites, you'll find bags of inspiration to help you mix things up in the kitchen. Step up, 7 Ways, the most reader-focused cookbook Jamie has ever written.

The profound influence of the Hollywood musical across geographical and cultural boundaries has long been neglected. This original collection of essays seeks to initiate a new critical debate by approaching classic Hollywood films from perspectives such as 'musicology'. Broadening the scope of previous studies, this volume also examines the manner in which European cinema appropriated the musical to create new meanings. It provides an innovative reading of the influence of the musical on youth culture, and its endorsement in modern dance movies and the music video. The volume covers the themes of: Music and Structure Classical Hollywood Musical Cinematic Practice Star Texts European Musical Forms Minority Identities Youth Cultures This is an entertaining and valuable text for students on degree courses in Film and Music. Thought-provoking and authoritative, it will also be a welcome resource for those researching and teaching in the area."

Anatomy of the Works Minis Veloce Publishing Ltd

Particularly famous for their great adventures in the Monte Carlo rally, works Minis humbled many bigger and more powerful cars during the 1960s and 1970s. Mechanic Brian Moylan spent 22 years in the workshops of the BMC Competitions Department where the works cars were built. Here, all the secrets of how ordinary production line Mini Coopers were converted into the mighty giant-killing Minis of motorsport are revealed in full. Contributions from 'Ginger' Devlin & 'Jumping Jeff' Williamson reveal in detail the modifications to the works racing and rallycross cars respectively. " ... invaluable to anyone restoring a period car ... good stuff if you're into nuts and bolts, and top value." - Classic & Sports Car " ... a technical profile on the

various modified Minis that were produced by the BMC competitions department for racing, rallying and rallycross. Separate chapters ... all backed up by appendices on the race and rallycross cars ... complete a package that will interest competitive Mini pilots" - Classics

A detailed account of how the British caravan industry developed in its first 30 years, and of the caravans - from Alcock to Winchester - it produced. The designs in this period ran the full gamut from weird to wonderful, but all contributed to the caravan's evolution. This book provides a nostalgic trip back to the past for caravan enthusiasts; it also serves as a record of the industry's fledgling years and as a useful work of reference.

Lorsque l'on écoute les chansons de Renaud, c'est tout un univers qui surgit dans notre esprit. Des personnages, des lieux, un langage et des combats s'entremêlent, pour donner vie à une époque, la sienne. Avec ses 11 premiers albums (1975-2002) et au travers d'une poésie singulière, le « chanteur énervant » a ainsi croqué le portrait d'une génération révoltée, parfois en marge et souvent mal dans sa peau, endossant au passage le double rôle de porte-parole et de modèle. La vie et l'oeuvre d'un artiste à la fois populaire et engagé comme Renaud Séchan permettent alors de mieux comprendre la société dans laquelle il a vécu, au travers d'un prisme certainement déformé, mais néanmoins sincère.

Today, touring with a caravan is a leisuretime activity enjoyed by millions; the hobby and the industry it supports having grown explosively since the early 1960s. The modern trailer caravan is a true 'home from home' offering every amenity and truly comfortable living accommodation - a far cry from the 'vans of the 1960s and before. This book traces the evolution of the trailer caravan by describing and picturing milestone models and telling the stories of their manufacturers. Every caravan enthusiast will find something of interest in this book, and its images and text will bring back happy memories of holidays in caravans long ago traded-in for newer models.
