Mantras have been close to the heart of the Hindu faith since time immemorial. For too long, taboos and restrictions have made the lay person, the ordinary individual and the uninitiated seeker slightly wary of this potent talisman that has been left for our benefit by the ancient rishis of India. In the pages of this book, Rev. Dada JP Vaswani demystifies mantras of their abstraction and esoteric aspects and brings them closer to us for our use. He has chosen to share with you some of his own favourite mantras, with his characteristically lucid and eloquent expositions on the significance of each. Also included in the book are answers to questions on the use of mantras and their effects. His wisdom, his insights and his profound scholarship are freely offered to us, so that we may move onward, forward, Godward! J P Vaswani needs no introduction to readers of inspirational literature. He is regarded as one of the leading spiritual luminaries of India, a practical philosopher and a man of God whose grace has influenced thousands all over the world. A gifted writer and brilliant orator, Dada, as he is lovingly called, has addressed distinguished audiences worldwide, communicating only as he can, the positive messages of love, faith, joy and peace. J P Vaswani is the recipient of several honors, including the prestigious U Thant Peace Award. He has written over 80 books, many of which have been translated into various foreign languages.

The message of the Gita has an important and a practical bearing on the problems of the modern age. It shows a way out of the complexities of the mind to complete and unfettered freedom of the Super-Mind. This path is not meant only for the few, it can be trodden by all who seek freedom from life's entanglements. In an age where the individual is becoming more and more insignificant due to the impacts of political, economic and social forces, the Gita brings to man a message of hope and cheer, for it shows a way of life which leads to the regaining of his lost significance, and the spiritual regeneration of man is indeed the way to the creation of a happy society.

This book is the first to focus on violent and/or 'abusive' behaviours in lesbian, gay, bisexual and/or transgender, non-binary gender or genderqueer people's intimate relationships. It provides fresh empirical data from a comprehensive mixed-methods study and novel theoretical insights to destabilise and queer existing narratives about intimate partner violence and abuse (IPVA). Key to the analysis, the book argues, is the extent to which Michael Johnson's landmark typology of IPVA can be used to make sense of the survey data and accounts of 'abusive' behaviours given by LGB and/or T+ participants. As well as calling for IPVA scholars to challenge heteronormativity and cisnormativity and improve IPVA measurement, this book offers guidance and a new tool to assist practitioners from a variety of relationships services with identifying victims/survivors and perpetrators in LGB and/or T+ people's relationships. It will appeal to academics and practitioners in the field of domestic violence and abuse.

We desire to succeed in all our endeavors. There is nothing new in this. But, do we get what we want? There are some basic laws for human beings to achieve success. If we understand and apply them, we can ensure that most of our efforts meet with success. Every machine comes with a manual on how to operate it. When we were born, the almighty, our creator, did not provide a manual. "Friends, ignorance of the law of gravity does not mean that it will not work for you. In the same way, we have a "MANUAL", but it is hidden. When we find it and follow these rules, we will get what we want in our lives at the right time." This book throws light on the fundamental laws of success. Great efforts have been taken to collect and reproduce this information in simple terms. You can call it a spiritual success book, simplified for mass consumption.
