powerful anti-bullying message and striking art, it will resonate with readers long after they've put it down. Chloe and her friends won't play with the new girl, Maya. Every time Maya tries to join Chloe and her friends, they reject her. Eventually Maya stops coming to school. When Chloe's teacher gives a lesson about how even small acts of kindness can change the world, Chloe is stung by the

lost opportunity for friendship, and thinks about how much better it could have been if she'd shown a little kindness toward Maya. Fireflies! Houghton Mifflin Harcourt This enhanced eBook features read-along narration. A unique monster-under-the-bed story with the perfect balance of giggles and shivers, this picture book relies on the power of humor over

fear, appeals to a child's love for creatures both alarming and absurd, and glorifies the scope of a child's imagination. One night, when Ethan checks under his bed for his monster, Gabe, he finds a note from him instead: "Gone fishing. Back in a week." Ethan knows that without Gabe's familiar nightly scares he doesn't stand a chance of getting to sleep, so Ethan

interviews potential substitutes to see if they've got the right equipment for the job—pointy teeth, sharp claws, and a long tail—but none of them proves scary enough for Ethan. When Gabe returns sooner than expected from his fishing trip, Ethan is thrilled. It turns out that Gabe didn't enjoy fishing because the fish scared too easily. *Wonder* Simon and Schuster

"What we have here is a bad case of stripes. One of the worst I've ever seen!" Camilla Cream loves lima beans, but she never eats them. Why? Because the other kids in her school don't like them. And Camilla Cream is very, very

worried about what other people think of her. In fact, she's so worried that she's about to break out in...a bad case of stripes!
Piggie Pie
Houghton Mifflin Harcourt
A summer classic by two masters, reissued and redesigned for contemporary audiences.
Wendell Minor's elegant artwork and Charlotte Zolotow's simple, evocative prose brings a day at the beach vividly

to life as a boy and his mother imagine what it would be like to spend a day at the seashore. Hunting for seashells and building sandcastles, this tribute to the power of imagination and the tenderness of a mother-child connection is also a sweet ode to summer's greatest pastimes. Perfect for storytime or bedtime.

Reading with Meaning
Knopf Books for Young Readers

The goal of Visualizing Elementary and Middle School Mathematics Methods is to teach mathematics in a way that excites and motivates readers, with an accessible format that serves as an introduction to the teaching of mathematics. This text, in partnership with National Geographic, is designed to present mathematics content and pedagogy in a fresh new way. This unique

approach, while maintaining necessary rigor, provides the opportunity to set aside previous beliefs about mathematics and to learn concepts and pedagogy from a new perspective. The structure of Visualizing Elementary and Middle School Mathematics Methods is similar to the format of other methods texts, however, it has many unique features that are designed

to be engaging and make the text relevant for readers. It begins with a brief summary of the history of mathematics. Diversity is integrated into the content of every chapter, through Multicultural Perspectives in Mathematics. Several chapters include Virtual Classroom Observation Videos. Goldilocks and the Three Bears Penguin If a hungry little traveler shows up at

your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble

like dominoes through the pages of this delightful picture book. *Teaching Comprehension in a Reader's Workshop* Flashlight Press Illus. in full color. "Winter's story begins with a peg-leg sailor who aids slaves on their escape on the Underground Railroad. While working for plantation owners, Peg Leg Joe teaches the slaves a song about the drinking gourd (the Big Dipper). A

couple, their son, and two others make their escape by following the song's directions. Rich paintings interpret the strong story in a clean, primitive style enhanced by bold colors. The rhythmic compositions have an energetic presence that's compelling. A fine rendering of history in picturebook format."-- (starred) Booklist.

This funny, touching picture book celebrates the difference a good teacher can make. Written as a thank-you note to a special teacher from the student who never forgot her, this moving

story makes a great classroom read-aloud, and a perfect back-to-school gift for students and teachers!
Dear Teacher, Whenever I had something to tell you, I tugged on your shirt and whispered in your ear. This time I'm writing a letter. So begins this heartfelt picture book about a girl who prefers running and jumping to listening and learning—and the teacher who gently

inspires her. From stomping through creeks on a field trip to pretending to choke when called upon to read aloud, this book's young heroine would be a challenge to any teacher. But this teacher isn't just any teacher. By listening carefully and knowing just the right thing to say, she quickly learns that the girl's unruly behavior is due to her struggles with reading. And at the very

end, we learn what this former student is now: a teacher herself. From award winning author Deborah Hopkinson and acclaimed illustrator Nancy Carpenter, this picture book is made to be treasured by both those who teach and those who learn. Storytelling with Data Schwartz & Wade Brian has always felt invisible at school, but when a new

student, Justin, arrives, everything changes. *Fall Mixed Up* The Floating Press Goldilocks is a naughty little girl who does exactly as she pleases--even if that means sampling the three bears' porridge, breaking Baby Bear's chair and sleeping in his bed. James Marshall's offbeat and inventive telling of this familiar tale will enchant readers, young and old. A 1989 Caldecott Honor Book.

Sunflower House Houghton Mifflin Harcourt In the second edition of Reading with Meaning, Debbie Miller shares her new thinking about comprehension

n strategy instruction, the gradual release of responsibility instructional model, and planning for student engagement and independence. It has been ten years since the first edition, in which Debbie chronicled a year in her own classroom. Reading with Meaning, Second Edition supports that work and expands her vision of strategy instruction and

<p>intentional teaching and learning. Debbie believes that every child deserves at least a full year of growth during each classroom year and offers planning documents with matching assessments to ensure that no child falls through the cracks. The second edition also provides new book recommendations that will engage and delight students, and current picture books for reading</p>	<p>aloud and strategy instruction. This new edition reflects Debbie's professional experiences and judgment, her work in classrooms and collaboration with colleagues, and the current research in the field, showcasing her newest, best thinking. <i>Lesson Plans for Teachers</i> R&L Education A lonely cockroach named Crickwing has a creative idea that</p>	<p>saves the day for the leaf-cutter ants when their fierce forest enemies attack them. <i>The Princess and the Pizza</i> Penguin A young koala, longing to hear her mother speak lovingly to her as she did before other children came along, plans to win back her distracted parent's attention.
