Liar Moon Springer Science & Business Media

The New York Times–bestselling series transports us to “Donna Leon’s enticing, troubled and beautiful Venice . . . Her latest mystery is one of her best” (Providence Journal). A New York Times Book Review Best Crime Book of the Year • A New York Times Book Review Editors’ Choice • A Financial Times Summer Book Pick • A Deadly Pleasures Mystery Magazine Most Anticipated Mystery of the Year Commissario Guido Brunetti is surprised by the appearance of a friend of his wife’s, fearful that her son is using drugs and hopeful Brunetti can somehow intervene. When the woman’s husband is found unconscious with a serious brain injury at the foot of a bridge in Venice after midnight, Brunetti is drawn to pursue a possible connection to the boy’s behavior. But the truth, as Brunetti has experienced so often, is not straightforward. While Brunetti pursues several false and contradictory leads, he becomes exasperated by the petty bureaucracy that constantly

bedevils him and threatens to expose Signorina Elettra, his superior’s secretary. But steadied by the embrace of his own family and by his passion for the classics, he reads Sophocles’s Antigone, and, in its light, considers the terrible consequences to which the actions of a tender heart can lead. “It’s the living, bleeding humanity of the characters that makes Donna Leon’s police procedurals so engaging. . . . Tagging along after this sleuth is a wonderful way to see Venice like a native.” —The New York Times Book Review “[A] droll and intelligent series.” —The Wall Street Journal “[A] richly rewarding series . . . from a master of character-rich crime fiction.” —Booklist

The Case of the Careless Kitten Nicholas Brealey

Mother Nature is certainly Emilia Pardo Bazan’s greatest contribution to the Realistic/ Naturalistic Spanish novel of her time, and represents her literary powers at the very height of her career as a writer. It has been said that this novel presents the keenest challenges and the most compelling rewards, offering the reader the purposefully overgrown ecological, social, and moral background for a poignant central narrative of human frailty that pits the desire for personal happiness against the necessity of meeting moral standards.

The Temptation of Forgiveness Wildside Press LLC

Mason defends Della Street, who is accused of helping a material witness or possible murder suspect vanish from a crime scene. A classic mystery! Includes an introduction by Karl Wurf.

Falling in Love Europa Editions

Twelve-year-old Maude has a case of puberty-induced pantherism, a missing friend, a detective dad who thinks she may be a killer, a mom with a big secret, a unicorn hiding in her bedroom, and a plan to overthrow the patriarchy. Collects MAN-EATERS #5-8

Wolf Lake PSS Adult

Wehmacht officer Bora is sent to recently occupied Crete and must investigate the brutal murder of a Red Cross representative befriended by Himmler. All the clues lead to a platoon of trigger-happy German paratroopers but is this the truth? Bora takes to the mountains of Crete to solve the case, navigating his way between local bandits and foreign resistance fighters.

The Road to Ithaca Seven Stories Press

"Previously published as En mèorkare himmel by Albert Bonniers Fèorlag in 2015 in Sweden.

Translated from Swedish by Paul Norlen. First published in English by AmazonCrossing in 2016"-- T.p. verso.

A Million Drops Bitter Lemon Press

Could a nightmare be used as a murder weapon? That's the provocative question confronting Gurney in the thrilling new installment in this series of international bestsellers. The former NYPD star homicide detective is called upon to solve a baffling puzzle: Four people who live in different parts of the country and who seem to have little in common, report having had the same dream—a terrifying nightmare involving a bloody dagger with a carved wolf's head on the handle. All four are subsequently found with their wrists cut — apparent suicides — and the weapon used in each case was a wolf's head dagger. Police zero in quickly on Richard Hammond, a controversial psychologist who conducts hypnotherapy sessions at a spooky old Adirondack inn called Wolf Lake Lodge. It seems that each of the victims had gone there to meet with Hammond shortly before turning up dead. Troubled by odd holes in the official approach to the case, Gurney begins his own investigation — an action that puts him in the crosshairs of not only an icy murderer and the local police but the darkest corner of the federal government. As ruthless as the blizzard trapping him in the sinister eeriness of Wolf Lake, Gurney's enemies set out to keep him from the truth at any cost — including an all-out assault on the sanity of his beloved wife Madeleine. With his emotional resources strained to the breaking point, Gurney must throw himself into a deadly battle of wits with the most frightening opponent he has ever faced. Wolf Lake is the page-turning new work by a writer hailed by the New York Times as "masterly" — and it furthers the adventures of Dave Gurney, a detective reviewers have compared to Sherlock Holmes.

Nikola Tesla Bitter Lemon Press

The intertwinement of EC law and national law may create unforeseeability in situations where EC law invades the national cases. This study contributes to the contemporary discussion, which wrestles with questions such as: What have been the visions and objectives for European integration in the last decades? How to describe European Union as a political entity and a legal system? What is the relationship between legal certainty, rule of law, various general principles and human rights?

Shadow of the Sphinx Drawn & Quarterly

The Court of Justice has been alluding to 'abuse and abusive practices' for more than thirty years, but for a long time the significance of these references has been unclear. Few lawyers examined the case law, and those who did doubted whether it had led to the development of a legal principle. Within the last few years there has been a radical change of attitude, largely due to the development by the Court of an abuse test and its application within the field of taxation. In this book, academics and practitioners from all over Europe discuss the development of the Court's approach to abuse of law across the whole spectrum of European Union law, analysing the case-law from the 1970s to the present day and exploring the consequences of the introduction of the newly designated 'principle of prohibition of abuse of law' for the development of the laws of the EU and those of the Member States.

Man-Eaters Quercus Publishing

In this pulse-pounding debut novel, two women are pulled into the darkness of a terrifying plot that could threaten both their lives. No one has forgotten the unsolved kidnapping of four-year-old Nicolás Acosta. It galvanized Madrid, shaking it to its core. Two years later, another young child—similar in age and appearance to Nicolás—disappears from the same suburban shopping mall, drawing Chief Inspector Ana Arén back into the case she could never close. This is her chance at redemption. As fears of a serial kidnapper threaten to consume the city once again, Ana's friend, reporter Inés Grau, jumps at the chance to cover it. But the pressure on Ana is greater than ever as she straddles an ethical line. How much information is she willing to leak to Inés to solve the case? How much is she willing to accept from a brilliant computer hacker she trusts with her life? The investigation becomes even more personal for Ana when Inés's own son disappears. As the truth slowly begins to surface, Ana finds herself on shifting ground, facing a shocking reality that may drag her under...

The Changing Face of the Earth Polity

What's up the Gates family tree? In the next hilarious illustrated instalment of Tom Gates, Mr. Fullerman has a class assignment: a family tree! Tom's ready to learn all about the Gates family, his friends and a furry creature (or two!). But just what is that squawking sound coming from Tom's shoes?

The Night of Shooting Stars Catapult

Set against the background of civil unrest in the late 1860s after the overthrow of the monarchy - a period of turmoil, brief restoration, and the eventual triumph of the republicans in 1873 - the novel portrays the life of a young girl, Amparo, growing up in the streets of La Corufia, the city Dona Emilia knew so well from her own wanderings there some years earlier.

Mother Nature Bitter Lemon Press

An opera singer is terrified by an obsessive fan in this “stunning” mystery in the New York Times–bestselling series set in Venice, Italy (Library Journal, starred review). Years ago, Guido Brunetti cleared the opera star Flavia Petrelli in the murder of a renowned conductor. Now the soprano is returning to Venice—and its celebrated opera house, La Fenice—to sing the lead in Tosca. Brunetti and his wife, Paola, attend an early performance, and Flavia receives a standing ovation. Back in her dressing room, she finds bouquets of yellow roses—too many roses. Every surface of the room is covered with them. An anonymous fan has been showering Flavia with these beautiful gifts in London, St. Petersburg, Amsterdam, and now Venice, but she no longer feels flattered, only frightened. When she confesses her alarm—and then a singer who has caught Flavia’s attention is savagely attacked—Brunetti begins to think that Flavia’s fears are justified in ways neither of them imagined, and he must enter into the psyche of an obsessive fan . . . From a New York Times–bestselling and Silver Dagger Award–winning author, this is “one of the most exquisite and subtle detective series ever” (The Washington Post). “Another provocative addition to a fine series, certain to appeal to aficionados of profound literary mysteries such as Louise Penny’s *How the Light Gets In*.” —Library Journal, starred review

Family, Friends and Furry Creatures HarperCollins

After her shocking discovery of religious corruption, Vess must choose between quiet obedience in the monastery, and deafening truth . . . in exile. Meanwhile, Grix learns that Lux will stop at nothing to keep her newfound knowledge from leaking, and decides to make a break for it. Both women might feel terribly alone—but not for much longer.

The Worst Book Ever Dark Horse Comics (Single Issues)

This report examines the role tax intermediaries play in the operation of tax systems and specifically to understand their role in “unacceptable tax minimisation arrangements” as well as to identify strategies for strengthening the relationship between tax intermediaries and revenue bodies.

The Case of the Velvet Claws Atlantic Monthly Press

Praise for Ben Pastor's Lumen: “Pastor’s plot is well crafted, her prose sharp. . . . A disturbing mix of detection and reflection.”—Publishers Weekly “Rivets the reader with its twist of historical realities. A historical piece, it faithfully reproduces the grim canvas of war. A character study, it captures the thoughts and actions of real people, not stereotypes.”—The Free Lance-Star “And don’t miss Lumen by Ben Pastor. . . . An interesting, original, and melancholy tale.”—Literary Review Italy, September 1943. The Italian government switches sides and declares war on Germany. The north of Italy is controlled by the fascist puppets of Germany; the south liberated by Allied forces fighting their way up the peninsula. Having survived hell on the Russian front, Wehrmacht major and aristocrat Baron Martin von Bora is sent to Verona. He is ordered to investigate the murder of a prominent local fascist: a bizarre death threatening to discredit the regime’s public image. The prime suspect is the victim’s twenty-eight-year-old widow Clara. Haunted by his record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of the Holocaust, a breathless chase begins. Ben Pastor, born and now back in Italy, lived for thirty years in the United States, working as a university professor in Vermont. The first in the Martin Bora series, Lumen, was published by Bitter Lemon Press in May 2011.

Study into the Role of Tax Intermediaries Bloomsbury Publishing

From what actually happened in the Big Bang to the accidental discovery of post-it notes, the history of science is packed with surprising discoveries. Did you know, for instance, that if you were to get too close to a black hole it would suck you up like a noodle (it's called spaghettification), why your keyboard is laid out in QWERTY (it's not to make it easier to type) or why animals never evolved wheels? New Scientist does. And now they and award-winning illustrator Jennifer Daniel want to take you on a colorful, whistle-stop journey from the start of our universe (through the history of stars, galaxies, meteorites, the Moon and dark energy) to our planet (through oceans and weather and oil) and life (through dinosaurs to emotions and sex) to civilization (from cities to alcohol and cooking), knowledge (from alphabets to alchemy) ending up with technology (computers to rocket science). Witty essays explore the concepts alongside enlightening infographics that zoom from how many people have ever lived, to showing you how a left-wing brain differs from a right-wing one...

I Am Not a Monster Grove/Atlantic, Inc.

For readers who love Bolaño, a new voice of Latin American fiction, winner of the Mario Vargas Llosa Prize. Recurring blackouts envelop Caracas in an inescapable darkness that makes nightmares come true. Real and fictional characters, most of them are writers, exchange the role of narrator in this polyphonic novel. They recount contradictory versions of the plot, a series of femicides that began with the energy crisis. The central narrator is a psychiatrist who manipulates the accounts of his friend, an author writing a book titled *The Night*; and his patient, an advertising executive obsessed with understanding the world through word puzzles. The author shifts between crime fiction and metafiction, cautioning readers that the events retold are both true and manipulated. This is a political novel about the financial crisis and socio-political division in Venezuela from 2008 to 2010. The title of the book, originally also in English, is a gesture towards Chavism's failure to resist US influence. Yet, the form is unapologetically literary, a reflection on the depiction and distortion of reality through storytelling. Blanco Calderón said about the potential of language, "I am convinced that all the evil in the world begins in them: in words" (Caracas, 2010).

Rupture AmazonCrossing

A sepia picture of an Anglo-Polynesian woman bought at auction by the author leads him to set off following the traces left by Gauguin of his travels round the globe. Who was the woman in the painting and why did Gauguin paint the face of her son, Atiti, on the day of his death at Papeete? He decides to go to the South Seas in search of the woman and her story. And so starts the author's reconstruction of Gauguin's life, an artist who thought he could find himself by escaping from reality, a man who reinvented exoticism, and finally lost his mind. Accessible and compelling, IN SEARCH OF GAUGUIN is a spiritual, human and geographical quest which takes in Holland, Brittany, Provence, Denmark, Panama, Martinique and Tahiti. Coatalem travels in the company of dead painters, patrons, art dealers, and the women of the south seas. Who was the true Gauguin? A businessman chasing sales of his work? A father of five children left behind in Copenhagen. A mystic? A genius?

A Darker Sky Weidenfeld & Nicolson Limited

Don't take the title as a metaphor: it really is the worst book ever. Governor General Literary Award winning children's book author and illustrator Elise Gravel takes readers on an unexpected journey through the world's most boring book. The story's characters and omniscient readers alike quickly become annoyed by the author's bland imagination and rebel against her tired tropes and stale character choices, spouting sass in an attempt to get her attention and steer the narrative in a more interesting direction. After all, you don't even have to buy the book, but the characters? They're stuck in there for an eternity, and they're going to do their best to make the most of it, or at least have a little fun where they can. As the charming and bizarre true nature of the characters overpowers the dry attributes given to them by the author, this once blasé story quickly picks up speed, transforming the story into something much more unique than originally promised. With Gravel's signature goofy characters behind the wheel, no silly twist or rude body function is off the table!
