PRECIOUS TATE

The Great Recoil Routledge
Essential Readings in World Politics introduces students to key literature on international relations—from classics in the field to contemporary debates among scholars today.

Global Political Economy W W Norton & Company Incorporated

We live today in an interconnected world in which ordinary people can become instant online celebrities to fans thousands of miles away, in which religious leaders can influence millions globally, in which humans are altering the climate and environment, and in which complex social forces intersect across continents. This is globalization. In the fifth edition of his bestselling Very Short Introduction

Manfred B. Steger considers the major dimensions of globalization: economic, political, cultural, ideological, and ecological. He looks at its causes and effects, and engages with the hotly contested question of whether globalization is, ultimately, a good or a bad thing. From climate change to the Ebola virus, Donald Trump to Twitter, trade wars to China's growing global profile, Steger explores today's unprecedented levels of planetary integration as well as the recent challenges posed by resurgent national populism. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to

make interesting and challenging topics highly readable.

An Introduction to International Relations Hackett Publishing

The Globalization of World Politics, the bestselling introduction to international relations, offers the most comprehensive coverage of the key theories and global issues in world politics. The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future. Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from

decolonising universities to debates over migration and the state. Leading scholars in the field introduce readers to the history, theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to encourage deeper engagement with content: Student resources: International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes IR theory in practice case studies encourage students to apply theories to current and evolving global events Video podcasts from contributors help students to engage with key issues and cases in IR Guidance on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests Flashcard glossary to reinforce understanding of key terms Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter Revision guide to consolidate understanding and revise key terms and themes Instructor Resources: Case studies help to contextualise and deepen theoretical understanding Test bank - fully customisable assessment questions to test and reinforce students' understanding of key concepts Question bank - a bank of short answer and essay questions to promote students' critical reflection on core issues and themes within each chapter Customisable PowerPoint slides help to support effective teaching preparation Figures and tables from the book allow clear presentation of key data and support students' data analysis

Globalization: A Very Short Introduction Taylor & Francis
Presents unabridged works and substantive abridgments in preeminent translations, along with balanced, lucid, sophisticated introductions. This book includes a wide and balanced selection of many of the more important texts of modern political thought. To its great credit, it provides pertinent excerpts from frequently neglected authors, such as Calvin and Hume, which it nicely juxtaposes appear to be good, and the introductions to each section help to situate the writers in their historical and intellectual context and to alert students to some of the central issues that arise in

the texts. This book offers an economical and useful approach to modern political thought.

Modern Political Thought OUP Oxford
Offering an accessible introduction to both the historical roots and the contemporary dynamics of today's world economy, the extensively revised sixth edition of this bestselling textbook continues to lead the way in equipping students with the knowledge required to make sense of the fast-paced discipline of Global Political Economy. Illustrating the breadth of the subject, the book's authors - both highly regarded experts in the field - show how the national and international interact, while also placing an emphasis on the historical evolution of the world economy in order to appreciate the nuances of today's economic structures. The global economy is traced from the Industrial Revolution through each phase of a shifting world order to the modern day. Then follows an engaging exploration of the dynamics of today's economy, including: trade, production, finance, labour, gender, development, the environment, security and governance. This takes into account the latest developments in the global economy, from automation and the challenges posed to the labour force, to artificial intelligence and the increasing complex, global supply chains of modern transnational firms. This is the most authoritative and accessible textbook on global political economy, making it the ideal companion for students at undergraduate and postgraduate levels, on politics, international relations and related degrees. New to this Edition: - Extensively updated to feature the latest empirical developments, including rising economic nationalism, US trade wars with China, and populism. - Brand new boxed features illustrate the latest dynamics, including the impact of digital technologies, artificial intelligence and automation, and the growth and consequences of increasing inequality. - Greater coverage of the sustained threats to the liberal international order and likely future scenarios. Accompanying online resources for this title can be found at bloomsburyonlineresources.com/global-political-economy-6e. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Discipline and Diversity Oxford University Press, USA
With 30% new readings in the Eighth Edition, *Essential Readings in World Politics* introduces students to key classic and contemporary works in international relations. The selections in each chapter

reflect diverse perspectives on major topics in international relations, and the headnotes provide the context and background that introductory students need. In the Eighth Edition, new readings offer diverse perspectives on current topics such the environment, global health, China's role in the global order, and the future of globalization.

Global Political Economy Routledge
Introduction to International Relations provides a concise and engaging introduction to the principal international relations theories and, uniquely, explores how theory can be used to analyse contemporary issues. Readers are introduced to the most important theories, encompassing both classical and contemporary approaches and debates. Throughout the text the authors encourage readers to consider the strengths and weaknesses of the theories presented, and the major points of contention between them. In so doing, the text helps the reader to build a clear understanding of how major theoretical debates link up with each other, and how the structure of the discipline of international relations is established. Jackson and Sørensen place a strong emphasis throughout on the relationship between theory and practice, carefully explaining how theories organise and shape our view of the world. A chapter is dedicated to key global issues and how theory can be used as a tool to analyse and interpret these issues. New to this edition Increased coverage of significant and current issues in global politics, including terrorism, religion, the environment, and war and peace A substantially updated chapter on the contemporary debates in international political economy, including capitalist diversity, models of development, and inequality New end of chapter questions to encourage readers to link the key theories to practice, highlighting how theories matter

The United Nations and Changing World Politics Cengage Learning
The first and definitive book of its kind, Joan Spero's *The Politics of International Economic Relations* has been fully updated to reflect the sweeping changes in the international arena. With the expertise of co-author Jeffrey Hart, the fifth edition strengthens the coverage of political and economic relations since the end of the Cold War, economic polarization in developing nations and the roots of economic decline in centrally planned economies. A new chapter on industrial policy and competitiveness debates further illustrates the changing dynamics

of International Political Economy. Ideal as a supplement to the International Relations course or as the core text in International Political Economy, Spero and Hart's *The Politics of International Economic Relations* continues to give students the breadth and depth of scholarship needed to understand the politics of world economy.

A Critical Introduction Routledge

This revised, updated, and considerably expanded new edition provides a systematic introduction to the theory and practice of contemporary international relations. Including pedagogical features highlighting key thinkers and concepts, this text clarifies the fundamental debates and issues at stake in global political affairs.

Globalization: A Very Short Introduction

Addison-Wesley Longman

Examines power and hegemony in the international political economy from the perspective of the various agents who produce its systems.

Essential Readings in World Politics W.W.

Norton & Company

INTERNATIONAL POLITICS: POWER AND PURPOSE IN GLOBAL AFFAIRS, 4th Edition, helps you make the connection between analytical theories and real-world issues and events. The focus on power and purpose engages both the goals that actors have in international politics, and the ways they have to achieve them. Thought-provoking case studies and features on history, policy, and geography let you see the world from multiple perspectives, while critical-thinking questions for each feature ask you to examine what you have learned. The Connection to You boxes show how international politics directly affects the lives of individuals, and how individuals can influence international politics.

World Politics in a New Era Rowman & Littlefield

This book examines the globalization of production and its impact on work and gender relations, the impact of technology on workers around the world, the economic problems associated with debt crisis, the political opportunities associated with democratization, the impact of global warming, the reasons behind China's rise as an economic superpower, and the problems in countries across the Middle East that culminated in the attacks of 9/11.

Globalization: The Reader W.W. Norton & Company

Part I: Foundations of global politics -- Introduction to global politics -- Realism, liberalism, and critical theories -- Part II: Global actors -- Making foreign policy -- Global and regional governance -- Part III: Global issues -- Global security, military power, and terrorism -- Human rights and human security -- Global trade and finance -- Poverty, development, and hunger -- Environmental issues.

Global Gender Politics Rowman & Littlefield

This completely revised and updated eighth edition serves as the definitive text for courses in which the United Nations is either the focus or a central component. Built around three critical themes in international relations (peace and security, human rights and humanitarian affairs, and sustainable human development) the eighth edition of *The United Nations and Changing World Politics* guides students through the seven turbulent decades of UN politics. This new edition is fully revised to incorporate recent developments on the international stage, including new peace operations in Mali and the Central African Republic; ongoing UN efforts to manage the crises in Libya, Syria, and Iraq; the Iran Nuclear Deal; and the new Sustainable Development Goals. The authors discuss how international law frames the controversies at the UN and guides how the UN responds to violence and insecurity, gross violations of human rights, poverty, underdevelopment, and environmental degradation. Students of all levels will learn that the UN is a complex organization, comprised of three interactive entities that cooperate and also compete with each other to define and advance the UN's principles and purposes.

International Relations and World Politics

Oxford University Press

In this extensively revised new edition of *Global Politics*, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Written with outstanding clarity and drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and

reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students. Exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more, can be found at <https://he.palgrave.com/companion/Heywood-Global-Politics/>

International Politics: Power and Purpose in Global Affairs Boulder, Colo. : L. Rienner

Third World underdevelopment, the declining influence of the superpowers, the economic strength of Japan and Western Europe, and global economic and ecological interdependence have transformed the world political agenda. This book provides tools for understanding the threats and the opportunities posed by this transformation.

Why Global Markets, States, and Democracy Can't Coexist Oxford

University Press

An authoritative introduction to Global Political Economy. The book covers all bases: contemporary theory, introductions to particular issue areas, and an extended debate on globalization that reflects a variety of perspectives. The book is accompanied by an Online Resource Centre. Student resources: Timeline Web links Glossary Instructor resources: Tables and figures from the book to download 2 in-depth case studies

The Social Consequences of Political, Economic, and Environmental Change OUP Oxford

This cutting-edge textbook is the most comprehensive introduction to international relations theory available. It argues that theory is central to explaining the dynamics of world politics, and includes a wide variety of theoretical positions, from the historically dominant traditions to powerful critical voices since the 1980s. The editors have brought together a team of international contributors, each specialising in a different theory. They each explain the theoretical background to their position before showing how and why their theories matter. The book opens up space for analysis and debate and leaves students to decide which theories they find most useful in explaining and understanding international relations. The book is supported by an Online Resource Centre. Student resources: Key points for each chapter Web links Flashcard glossary Lecturer resources: PowerPoint slides *Understanding Globalization* Rowman & Littlefield

A third edition of this book is now available. Now in a fully revised and updated edition, this concise and insightful book explores the ways American popular

products such as movies, music, television programs, fast food, sports, and even clothing styles have molded and continue to influence modern globalization. Lane Crothers offers a thoughtful examination of both the appeal of American products worldwide and the fear and rejection they induce in many people and nations around the world. The author defines what we mean by "popular culture," how popular culture is distinguished from the generic concept of "culture," and what constitutes "American" popular culture. Tracing how U.S. movies, music, and TV became dominant in world popular culture, Crothers also considers the ways in which non-visual products like fast-food franchises, sports, and fashion have become ubiquitous. He also presents a fascinating set of case studies that highlight the varied roles American products play in a range of different nations and communities. Concluding with a projection of the future impact of American popular culture, this book makes a powerful argument for its central role in shaping global politics and economic development.

Global Politics in the Human Interest

Bloomsbury Publishing

Introduction to Global Politics, Fourth Edition, provides students with a current, engaging, and non-U.S. perspective on global politics. It shows students how to analyze global political events using theoretical approaches—both mainstream and alternative—and emphasizes non-state actors more than any other global politics text. Chapter-by-Chapter Revisions
Chapter 1: Introduction to Global Politics - Expanded theoretical coverage introduces students to the three theoretical traditions in international relations theory: Machiavellian, Grotian, and Kantian -New Case Study: "Global Production and the iPhone" Chapter 2: The Evolution of Global Politics -Revised chapter-opening vignette addresses the goals of nation-states for survival and influence in the global system and how critical trends, such as the diffusion of power and increasing demands for vital resources, influence such goals - Expanded coverage of US-Cuba relations addresses the restoration of diplomatic ties -Further examination of the war on terrorism, including the completion of NATO's International Security Assistance Force mission in Afghanistan and its subsequent transition to the ongoing Resolute Support Mission -Updated Global Perspective "Perception, Continuity, and Change After January 20, 2009" addresses the continuing course of the Arab Spring - Updated statistics and graphics include "Estimated Global Nuclear Warheads, as of

2015," and "Number of Wars in Progress Since 1950" Chapter 3: Realism, Liberalism, and Critical Theories - Elimination of overlapping content between Chapter 3 and the first two introductory chapters, effectively streamlining the chapter and bringing its objectives of defining and describing the origins of IR theories, as well as explaining the relation among the levels of analysis and the different variations of the five schools of thought, into clearer focus -The latest on the most pertinent international relations matters including how world leaders should deal with extremist networks like the Islamic State Chapter 4: Making Foreign Policy -Further coverage and analysis of the UN Framework Convention on Climate Change, including the goals of the 2015 Paris Climate Change Conference -Expanded discussion of fragile states, including updates to the Fragile State Index -Discussion of foreign policy evaluation has been expanded to include criticism of the CIA's detention and treatment of prisoners taken in the wars in Iraq and Afghanistan -Additional examples of NGO influence on human rights (i.e. Human Rights Watch pressuring the Chinese government to abolish its re-education through labor detention system) -Updated statistics and graphics include "Top Ten Foreign Aid Donors" and the addition of a new figure "Share of World Military Expenditures of the 15 States with the Highest Expenditure" Chapter 5: Global and Regional Governance -Revised chapter-opening vignette addresses the impact of the Tunisian National Dialogue as a civil society organization and winner of the Nobel Peace Prize -Updated examples of venture philanthropy include Facebook co-founder and CEO Mark Zuckerberg's pledge to donate 99 percent of his wealth -Updated Case Study "A Global Campaign: The Baby Milk Advocacy Network" includes recent statistics from the World Health Organization. -Updated statistics and graphics include "INGO Growth Continues" and "Distribution of Think Tanks in the World" Chapter 6: Global Security, Military Power, and Terrorism -Updated information on conflicts including the Syrian civil war, the rise of the Islamic State and their goal to establish an Islamic Caliphate, and the UN peacekeeping mission in the Central African Republic to prevent civil wars and sectarian conflicts -Condensed coverage of mainstream and critical approaches to security in order to eliminate overlapping content found in Chapter 3: Realism, Liberalism, and Critical Theories -Added examples of the importance of collective action and reliance on

international/regional organization (i.e. in the case of the 2015 Iran nuclear deal) - Expanded discussion of the effects of nuclear weapons and the idea that the international community is experiencing a new nuclear age in which weapons of mass destruction are used to secure strategic advantage -Updated Case Study "US Drone Warfare: A Robotic Revolution in Modern Combat" includes recent statistics on drone strikes -Updated information on the spread of jihadists, Al Qaeda, and ISIS and the geographical extent to which the Obama Administration (and future administrations) will have to go to find them -Updated statistics and graphics include "Arms Deliveries Worldwide," "Arms Transfer Agreements Worldwide"; the addition of two new figures: "Top Locations of Islamic State Twitter Users" and "Thirteen Years of Terror in Western Europe;" the addition of a new map: "Where ISIS Has Directed and Inspired Attacks;" and the addition of a table detailing the inter-actor relationship of those involved in the Syrian civil war Chapter 7: Human Rights and Human Security -Added information on the latest human rights crises (i.e. the refugee crisis, the Syrian civil war, and South Sudan) - New Case Study "A Failed Intervention" on the genocide occurring in Darfur -Updated statistics on current UN peacekeeping operations Chapter 8: Global Trade and Finance -Updated analysis on the current status of global economic interconnection (i.e. the role that governmental intervention has on the economy of their nation-states--including free markets, the impact of the slowdown of China's economy, and the effects of increasing global foreign direct investment) -New discussion of the Trans-Pacific Partnership and its subsequent implications as the largest regional trade agreement in history -Updated Theory in Practice "Contending Views of Capitalism" reflects recent changes in the Chinese economy and cyberwarfare tactics it uses against the US -Updated statistics and graphics include "Main Trading Nations," "Real GDP Growth," and the addition of a new graph "Holdings of US Treasury Securities" Chapter 9: Poverty, Development, and Hunger -Added discussion on the results of the Millennium Development Goals process (including an updated Progress Chart for UN Millennium Development Goals) and the UN's subsequent adoption of the new 2030 Agenda for Sustainable Development (illustrated by Sustainable Development Goals). -Updated discussions of world population statistics and estimated population growth projections, including new graphics "Projected World

Population" and "Fastest Growing Populations" Chapter 10: Environmental Issues -Discussion of the latest environmental issues including the rising number of carbon emissions emitted on the planet, the effect climate change and environmental degradation are having as causes of major violence in regards to specific ethnic communities that compete for scarce resources, and how 2015 was the hottest year in recorded history - Added discussion of how climate change is

the greatest challenge to economic and political stability across the world -Revised discussion of the latest Intergovernmental Panel on Climate Change report addresses the rise of global surface temperatures, the continued shrinking of sea ice, and how human influence correlates to climate change and increasing levels of greenhouse gas emissions in the atmosphere -Added information and analysis of the 2015 Paris Climate Change Conference, its outcomes, and the importance of adhering to pledges to curb

emissions and keeping global temperature rises under 2 degrees Celsius; new concluding thoughts and analysis added as well -A revised table detailing "Recent Global Environmental Actions" focuses on events and actions of the past thirty years -Updated statistics and graphics include "Global Greenhouse Gas Emissions by Type of Gas," and two new graphics: "Number of Oils Spills between 1970-2015" and "Largest Producers of CO2 Emissions Worldwide."
