Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki

Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

A wide-ranging analysis of heavenly twin imagery in early Jewish extrabiblical texts. The idea of a heavenly double—an angelic twin of an earthbound human—can be found in Christian, Manichaean, Islamic, and Kabbalistic traditions. Scholars have long traced the lineage of these ideas to Greco-

Roman and Iranian sources. In *The Greatest Mirror*, Andrei A. Orlov shows that heavenly twin imagery drew in large part from early Jewish writings. The Jewish pseudepigrapha—books from the Second Temple period that were attributed to biblical figures but excluded from the Hebrew Bible—contain accounts of heavenly twins in the form of spirits, images, faces, children, mirrors, and angels of the Presence. Orlov provides a comprehensive analysis of these traditions in their full historical and interpretive complexity. He focuses on heavenly alter egos of Enoch, Moses, Jacob, Joseph, and Aseneth in often neglected books, including *Animal Apocalypse*, *Book of the Watchers*, *2 Enoch*, *Ladder of Jacob*, and *Joseph and Aseneth*, some of which are preserved solely in the Slavonic language. Andrei A. Orlov is Professor of Judaism and Christianity in Antiquity at Marquette University. He is the author of *Dark Mirrors: Azazel and Satanael in Early Jewish Demonology* and *Divine Scapegoats: Demonic Mimesis in Early Jewish Mysticism*, both also published by SUNY Press.

In a Dark World of Angelic Watchers and Nephilim Giants, One Man is Called by God: Enoch the Giant Killer. Enoch Primordial: Young Adult Edition is a version of the original novel *Enoch Primordial* edited to be appropriate for ages 13 and above, Grades 8 and above. It is the first book in the series, *Chronicles of the Nephilim For Young Adults*. Before Noah, before the Flood, the world was wicked beyond imagination. But one man stood out from the rest: Enoch. "Enoch walked with God, and he was not, for God took him." That's all the Biblical book of Genesis tells us about this enigmatic primordial holy man. The ancient Book of Enoch tells us that he pronounced judgment on the fallen Watchers and their giant progeny, the Nephilim of Genesis chapter 6. But what if that holy calling meant that Enoch was a giant killer? This first novel in the saga *Chronicles of the Nephilim For Young Adults* tells the original story of the fall of the angelic Watchers from heaven and the rise of the Nephilim giants generations before the Flood and Noah's Ark. Follow the epic journey of Enoch the giant killer with his small band of family warriors who seek outlaw giants for bounty, but stumble upon a conspiracy of the Watchers that is so evil, it will change the universe forever if God does not stop them. Biblical Fantasy Based on History and Ancient Mythology Enoch Primordial: Young Adult Edition is written in the spirit of *The Chronicles of Narnia* and *The Lord of the Rings*, blending fantasy and mythopoeia with history to retell the Biblical narrative with a fresh perspective, making it come alive in a new way, while staying true to the original spirit of the Bible story. It's like filling in the story between the lines of what the Bible tells us.

Slave Species of the Gods Simon and Schuster

This is not your Sunday School Noah's Ark. Noah Primeval is a speculative retelling of the beloved story of Noah for a new generation. In an ancient world submerged in darkness, fallen angels rule as gods and breed giants and monsters. Mankind is enslaved to evil. Noah, a tribal leader, has been prophesied to bring an end to the rule of these "gods" and save humanity from coming destruction. But Noah's wife and son are captives of these dark forces. To rise against this supernatural evil and rescue his family Noah will need an equally supernatural army. But why has God told him to build a huge box out of gopher wood? Godawa is known as an author who both entertains and educates.

Inspired by Michael Crichton's novels, Godawa has adapted his Hollywood screenwriting background into his prose style to create a reading experience that is like watching a movie. Also similar to Crichton, Godawa has sought to provide the scholarly research that undergirds the fictional adventure. Noah Primeval has an additional 100 pages of special appendixes that provide an explanation of Biblical concepts in the novel such as the Sons of God, the Nephilim, Leviathan, and the ancient Mesopotamian Cosmography in the Bible. Noah Primeval is written in the spirit of The Chronicles of Narnia and The Lord of the Rings, blending fantasy and mythopoeia with history to retell the Biblical narrative with a fresh perspective, while staying true to the original spirit of the story.

Enoch Primordial Chronicles of the Nephilim

Explores the paradoxical symmetry between the divine and demonic in early Jewish mystical texts. Divine Scapegoats is a wide-ranging exploration of the parallels between the heavenly and the demonic in early Jewish apocalyptic accounts. In these materials, antagonists often mirror features of angelic figures, and even those of the Deity himself, an inverse correspondence that implies a belief that the demonic realm is maintained by imitating divine reality. Andrei A. Orlov examines the sacerdotal, messianic, and creational aspects of this mimetic imagery, focusing primarily on two texts from the Slavonic pseudepigrapha: 2 Enoch and the Apocalypse of Abraham. These two works are part of a very special cluster of Jewish apocalyptic texts that exhibit features not only of the apocalyptic worldview but also of the symbolic universe of early Jewish mysticism. The Yom Kippur ritual in the Apocalypse of Abraham, the divine light and darkness of 2 Enoch, and the similarity of mimetic motifs to later developments in the Zohar are of particular importance in Orlov's consideration.

Two Gods in Heaven Baker Books

This book is the next volume in Levering's Engaging Doctrine series. The prior volume of the series examined the doctrine of creation. The present volume examines the purpose of creation: the marriage of God and humans. God created the cosmos for the purpose of the marriage of God and his people—and through his people, the marriage of God and the entire creation. Given that the central meaning or "prime analogate" of marriage is the marriage of God and humankind, the study of human marriage needs to be shaped by this eschatological goal and foregrounded as a dogmatic theme. After a first chapter defending and explaining the biblical witness to the marriage of God and his people, the book explores various themes: marriage as an image of God, original sin as the fall of the primordial marriage, the cross of Jesus Christ and marital self-sacrificial love, the procreative and unitive ends of marriage, marriage as a sacrament, and marriage's importance for social justice and for the upbuilding of the kingdom of God. Along the way, the book provides an introduction to the key biblical, patristic, medieval, modern, and contemporary thinkers and controversies regarding the doctrine of marriage.
