General Information . Biography Documentary hosted by Michael McElhatton, published by BBC in 2019 - English narration [] Cover[] Information An Engineer Imagines tells the story of Peter Rice, widely regarded as the most distinguished structural engineer of the late 20th century, and his massive impact on modern architecture. Peter Rice: An Engineer Imagines - DocuWiki Peter attempts, in two chapters - The Role of the Engineer and The Chameleon Factor - to clarify the contribution to projects of both the architect and the engineer. He suggests that, in general, the architect is motivated by personal considerations while the engineer is concerned with the expression of the materiality of the project. "An Engineer Imagines" by Peter Rice - Ian Ritchie Architects A theatre lit solely by the moon bookends a new film about the brilliant Irish engineer Peter Rice. Using the same title as the book he wrote just before he died in 1992, An Engineer Imagines has ... The life of the Irish 'magician' behind the Sydney Opera House Peter Rice was an Irish structural engineer. Born in Dublin, he grew up in 52 Castle Road, Dundalk in County

Louth, and spent his childhood between the town of Dundalk, and the villages of Gyles' Quay and Inniskeen. He was educated at Newbridge College and the Queen's University of Belfast where he received his primary degree, and spent a year at Imperial College, London. Rice acted as Structural Engineer on three of the most important architectural works of the 20th century: the Sydney Opera House, the Pompidou Centre and the Lloyd's Building.
