 One of the most prominent and dynamic African-American neighborhoods in U.S. history, Paradise Valley served as a social and cultural mecca for Detroit's black community from the 1920s through the 1950s. Now the site of stadiums and freeways, the area was once home to places like the Gotham Hotel and the Surf Club, and welcomed the likes of Billie Holiday, Joe Louis, and Sammy Davis Jr. This book uses more than 200 previously unpublished photographs to take readers on a rare tour of the entertainers, entrepreneurs, businesses, and events that made the now-lost Paradise Valley legendary.

The acclaimed Nobel Prize winner challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender,

and a far-off past that is ever present—in prose that soars with the rhythms, grandeur, and tragic arc of an epic poem. “They shoot the white girl first. With the rest they can take their time.” So begins Toni Morrison’s *Paradise*, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. “A fascinating story, wonderfully detailed. . . . The town is the stage for a profound and provocative debate.”
