Five amazing authors. Five unforgettable stories. In this exciting collection of paranormal tales, best-selling authors Stephenie Meyer (Twilight), Kim Harrison (Once Dead,

Twice Shy), Meg Cabot (How to Be Popular), Lauren Myracle (ttyl), and Michele Jaffe (Bad Kitty) take prom mishaps to a whole new level—a truly hellish level. From angels fighting demons to a twisted take on getting what you wish

for, these five stories will entertain better than any DJ in a bad tux can. No corsage or limo rental necessary. Just good, creepy fun. Un amor oscuro y peligroso. I only know the

one thing that unites them is their hatred of me. Then there's Jaxon Vega. A vampire with deadly secrets who hasn't felt anything for a hundred years. But there's something about him that calls to me, something broken in him that somehow fits with what's broken in me. Which could spell death for us all. Because Jaxon walled himself off for a reason. And now someone wants to wake a sleeping monster, and

I'm wondering if I was brought here intentionally—as the bait. \*\*\*INCLUDES 3 BONUS SCENES FROM THE HERO'S POV\*\*\* Don't miss a single book in the series that spawned a phenomenon! Book #2 in the Twilight Series Legions of readers entranced by the New York Times bestseller Twilight won't be disappointed by this gripping sequel. In New Moon, Stephenie Meyer delivers another irresistible combination of romance and suspense with a supernatural twist. Passionate, riveting, and deeply moving, this vampire love saga is well on its way to

literary immortality. *A la hora del crepúsculo* Grand Central Publishing We know you are here, our brothers and sisters . . . Pressia barely remembers the Detonations or much about life during the Before. In her sleeping cabinet behind the rubble of an old barbershop where she lives with her grandfather, she thinks about what is lost-how the world went from amusement

parks, movie theaters, birthday parties, fathers and mothers . . . to ash and dust, scars, permanent burns, and fused, damaged bodies. And now, at an age when everyone is required to turn themselves over to the militia to either be trained as a soldier or, if they are too damaged and weak, to be used as live targets, Pressia can no longer pretend to be small.

Pressia is on the run. Burn a Pure and Breathe the Ash . . . There are those who escaped the apocalypse unmarked. Pures. They are tucked safely inside the Dome that protects their healthy, superior bodies. Yet Partridge, whose father is one of the most influential men in the Dome, feels isolated and lonely. Different. He thinks about loss-maybe just because his family is broken; his

father is emotionally distant; his brother killed himself; and his mother never made it inside their shelter. Or maybe it's his claustrophobia : his feeling that this Dome has become a swaddling of intensely rigid order. So when a slipped phrase suggests his mother might still be alive, Partridge risks his life to leave the Dome to find her. When Pressia meets Partridge, their worlds shatter all

over again.

 Anne Rice, creator of the Vampire Lestat, the Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets

Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. David persuades her to tell the story of her life. Pandora begins, reluctantly at first and then with increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris

and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of assassination by conspirators plotting to take over the city. And we

follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, *Prince Lestat and the Realms of Atlantis*, coming November 29, 2016. [Sol de](#)

An emerging cult classic about America's cultural

meltdown—and a surprising solution. A prophetic examination of Western decline, The Twilight of American Culture provides one of the most caustic and surprising portraits of American society to date. Whether examining the corruption at the heart of modern politics, the "Rambification" of popular entertainment , or the collapse of our school systems, Morris Berman suspects that

there is little we can do as a society to arrest the onset of corporate Mass Mind culture. Citing writers as diverse as de Toqueville and DeLillo, he cogently argues that cultural preservation is a matter of individual conscience, and discusses how classical learning might triumph over political correctness with the rise of a "a new monastic individual"—a person who, much like the medieval

monk, is willing to retreat from conventional society in order to preserve its literary and historical treasures. "Brilliantly observant, deeply thoughtful ...lucidly argued."—Christian Science Monitor
