the devil himself, but my demons sure as hell do. With my three supernatural men at my side, we'll do whatever it takes to make this world right again. Even if it means overthrowing the angels, and heaven itself, to restore the balance of all the realms. Only, we're not the ones who need to rule. The chosen immortals are. "Marry the devil...or die." That's the ultimatum Belle Harrison, vampire slayer, just received

from a demon. Belle has only one response: To hell with him. Turns out it's not that easy, though—apparently the devil doesn't know the meaning of the word no. Lucky for Belle, three panty-melting vampires come to her aid. Three hot vampires she can't resist. Hey, we all have our vices. Hers just happen to have fangs. And she's going to need these three to help her thwart the devil's marriage proposal and defeat the terrifying dark force that wants her dead.

Five men stand
between me and the
deranged cult that
wants me dead, but
that's not all that's

going on. When the Keeper asks me to come to London with him, I figure all he wants is to show me off to some of his academic friends. As the last of my kind, I guess I am something of a show and tell project, even if no one would ever say that to my face. As soon as I arrive in London, however, and figure out the truth about what's going on, everything changes. Suddenly I'm no longer visiting a city I've always wanted to see as a tourist, I'm knee deep in an investigation that blows open a whole new can of worms. As if having a cult hell-bent on killing all of the female supernaturals they could get their hands on hunting me down wasn't bad

enough. It seems like there's nowhere I can go to escape the people who want me dead, but as things start coming to light, I realize there are more forces at work than any of us had thought, and these forces have an agenda that goes way beyond just killing people. Time is running out, and right now they have the upper hand, because we don't know who they are, what they really want, or where they're hiding, but I have to figure this all out, and fast, because people's lives are on the line, and not just my own. Serpent's Kiss is the third book in a brand new paranormal REVERSE HAREM series by Tansey Morgan. If you love the paranormal romance and urban fantasy genres, and

want to read something that not only straddles the line between both, but introduces not one, but five love interests (possibly more), then this is the book for you. Disclaimer: this book is part of a continuing series of novels, all which will follow the same arc over many books, but each which will tease into the next - expect to be left with questions at the end. As a reverse harem urban fantasy, you can expect there to be action, magic, intrigue, and multiple primary love interests. Sexual content will also form a part of this series, as will swearing and violence. If you're happy with all of this, then... Scroll up, hit buy now, and dive deeper into Lilith's story!

Gabe is alive and my life debt has been paid off, so all my problems should have been dealt with, right? Wrong. Oh, so wrong. August, my gentle berserker, is missing. The crime lord I was once indebted to doesn't seem to have got the memo that I don't work for him anymore. And that's not to mention whatever the hell's going on between myself, Nico and Cass. Nico is nice now? Or at least he's nice to me. While Cass is still keeping his distance. Plus, now that Gabe's back in our lives... or at least my life since he's

still slinking around in the shadows, he's insistent on trying to tug my strings... and hold my hand wherever he can.

When things in Stoneraven reach a breaking point, we're forced to head into the Underworld. My world might have got wider, but that just means my problems are getting bigger: Monsters, poison, people trying to control their inner beasts, are just some of our new challenges to face. Lucky I've got more than one man at my side to help me through. Beast Tamer is part two of three of a paranormal romance reverse harem series, meaning that at the end our heroine will end up with a happily ever after with more than one of our guys. It's a slow burn

featuring alpha-hole heroes who would burn the world down for our heroine, a sweetheart berserker trying to get a handle on his beast, and a part-demon, pain-eating heroine with a big heart and an even bigger martyr complex. It also features scenes of a sexually explicit nature and bad language.
