Todos os dias, vemos pessoas conformadas com seus relacionamentos mornos e elas estão insatisfeitas com seus resultados. Seja por ciúme excessivo, brigas por motivos fúteis e que não levam a nada a não ser insatisfação, depressão e afastamento. Algumas pessoas sonham com a perfeição do outro e não se permitem evoluir para que possam oferecer as mesmas condições e equilíbrio para a relação. O livro *Coaching Para Solteiros* nasceu das percepções obtidas através da observação da humanidade nesta busca de um alimento tão básico que é o amor. Me permito ir além dos meros conselhos e partir para a reflexão sobre cada ser em si e do que é capaz de querer e junto com o leitor cocriarmos algo dentro do seu contexto, da sua realidade. Usando as ferramentas de coaching, o leitor vai usar sua história pessoal como pano de fundo para encontrar sua melhor versão e como subproduto de tudo isso, um relacionamento melhor, mais assertivo. Baseado no conceito de coaching, a metodologia é o fio condutor para que você possa redefinir conceitos e quebrar crenças, a todo instante as provocações vem, não como verdades, mas como opções de escolha e quanto mais escolhas, melhor a chance de se obter o que se deseja. Convido você a conhecer este processo maravilhoso de descoberta e a obter resultados mágicos sem magia. Cristiano Acosta - Coach e fundador da Dados & Ideias, empresa especializada em desenvolvimento humano

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

One of the most original, rebellious, and

idiosyncratic directors in the American cinema, Nicholas Ray lived and worked with an intensity equal to that of his films. Best known for his direction of James Dean in *Rebel Without a Cause* (1955), he is also well regarded for his cult western *Johnny Guitar* (1954), and such prestigious noir classics as *On Dangerous Ground* (1951). *I Was Interrupted* offers a provocative selection of the filmmaker's writings, lectures, interviews, and more.

O mundo dos sonhos me atrai há muito tempo. Sou um pesquisador voraz e um colecionador apaixonado de histórias de realizadores de sonhos bem sucedidos. Dentre uma galeria seleta de extraordinários realizadores de sonhos, um deles se destaca. Trata-se de José, o décimo primeiro filho de Jacó e Raquel. José foi resultado de um milagre, pois sua mãe era estéril. Ele nasceu no Velho Oriente, cerca de 3.500 anos atrás, numa cidade chamada Padã Harã, região atual da Turquia. O Egito, por si só, constitui-se à parte, um espetáculo de rara beleza. É nesse lugar enigmático, repleto de curiosidades, encantos e mistérios, que vem encantando os olhos do mundo, há milhares de anos, que surge o personagem central deste livro. José e seus irmãos auxiliavam o pai que era dono de uma propriedade rural. Jacó mantinha em casa, além de suas esposas Lia e Raquel, duas concubinas, Zilpa e Bila. Imagine só a confusão. As intrigas eram inevitáveis, os dramas e tramas também. O pai de José teve filhos com essas quatro mulheres, mas, pelo filho de Raquel, sua esposa preferida, por quem trabalhou 14 anos para pegar o dote, nutria um carrinho especial. Este fato provocou uma onda de ciúmes entre seus filhos. Por conta disso, e dos sonhos que ele fazia questão de contar para

seus irmãos, José foi vendido por eles como escravo ao Egito e lá vivenciou as maiores experiências de sua vida até ver seus sonhos realizados.

While the basis of these seminars is a series of 30 dreams of a male patient of Jung's, the commentary ranges associatively over a broad expanse of Jung's learning and experience. A special value of the seminar is the close view it gives of Jung's method of dream analysis through amplification. The editorial aim has been to preserve the integrity of Jung's text.

Howard Gardner's theory of Multiple Intelligences (MI) has become a cornerstone of American education. This is the first book to draw upon an international network of MI practitioners to share stories and strategies of educational innovation. Each contributor addresses key questions of MI application. How have different people implemented MI? How do different cultures assimilate this intelligence

theory to fit their educational values and traditions? What kinds of cultural conflicts are encountered along the way? And, what universal lessons can be drawn from these experiences?

A CLASSIC MEMOIR OF TWO PIONEERING ADVENTURERS Before Joy Adamson went to Africa, before Margaret Mead sailed to Samoa, before Dian Fossey was even born, a Kansas teenager named Osa Leighty married Martin Johnson, a pioneering photographer just back from a 'round-the-world cruise with Jack London. Together the Johnsons flew and sailed to Borneo, to Kenya, and to the Congo, filming Simba and other popular nature movies with Martin behind the camera and Osa holding her rifle at the ready in case the scene's big game star should turn hostile. This bestselling memoir retraces their careers in rich detail, with precisely observed descriptions and often heart-stopping anecdotes. Illustrated with scores of the dramatic photos that made the Johnsons famous, it's a book sure to delight every lover of true adventure.

From well-known Brazilian playwright Francisco Azevedo, a heartwarming debut novel about three generations of a family whose kitchen contains the secret ingredient for happiness—sure to appeal to fans of *Like Water for Chocolate*. Once upon a time there was some rice. Rice planted in the earth, fallen from the sky, and gathered up from the stone. Rice that doesn't spoil, it came from far away, by ship with three exuberant young people filled with dreams... *Once Upon a Time in Rio* is a spellbinding family saga beginning with José Custódio and Maria Romana and their search for a prosperous future. As newlyweds, José and Maria immigrated to Brazil at the

beginning of the twentieth century, accompanied by a special gift. During the dinner preparations to celebrate their centenary wedding anniversary, their eldest son Antonio, already a grandfather, looks back at the lives of his parents, his aunt, his brothers, their children and grandchildren, as well as his own. Antonio knows that family is a difficult dish to get right and that happiness must be cooked up day by day; however, what separates his family from any other is its possession of a secret ingredient for happiness: the sack of magical rice given to his parents on their wedding day. With the help of the rice, whose magic is as old as fire and time, Antonio's family has been guided through the most trying of life's tribulations. Lyrically written, *Once Upon a Time in Rio* bares the fragile yet strong nature of the human spirit and with great insight captures the solace provided by loved ones in times of need. Already an international bestseller, this is a beautifully told tale about the wisdom of past generations and the inextricable ties of family.

The book you hold in your hand or you are just ordering from an online store is a unique book. It is the first book by the contemporary mystic Osho. At the beginning of his public life, Osho who is at that time a professor of philosophy at Jabalpur University, introduces people to a new and unique understanding of meditation during experiential meditation camps. He speaks to the participants and responds to questions. This book is the first published records of Osho's first meditation camp in Rajasthan, India. In fifteen small chapters he gives a condensed presentation of his understanding of meditation which he then elaborates in many more talks and

publications - but the essential message is already available in this book. Osho speaks to the individual, not to a collective, not the abstract collective of humanity, or a collective defined by religion or nationality or race but to individuals as the core element of existence. We used one of his opening comments as a longer quote on the front cover of the book as it seem so important "The individual is the unit of the whole and it is through him that both evolution and revolution can take place. You are that unit." Osho, mentions this book on several occasions in his later talks. When the second prime minister of India traveled to Russia, a copy of *The Perfect Way* was with him. And when someone in contact with Osho at the age of ninety stumbled upon *The Perfect Way*, he commented, "All my learning of the scriptures was futile, only this small book is enough." In *The Perfect Way* the reader meets a human being who knows, but who also knows how to convey what he knows. His genius in full flight, he points us as far as one can with words toward the inner world of the self, toward the zone of silence. What starts on a hot summer day in the early 1960's will prove to be the first seed of a revolutionary experiment in the flowering of human consciousness - one which will eventually transform the lives of millions of people all over the world. "To be without thoughts is meditation," Osho says. "When there are no thoughts, it is then we come to know the one hidden by our thoughts. When there are no clouds, the blue sky is revealed." This book is page after page of blue sky.

You're crazy ... She'll take over and shove us out. I can just see this place in winter: no carpets, acres of wet newspaper underfoot, family huddled under blankets while the pig hogs the fire.' Richard and Bookey Peek hadn't planned on a warthog, any more than one would plan a tidal wave, a tornado or triplets, but on Stone Hills game sanctuary, natural disasters have a way of happening when you least expect them. Through Zimbabwe's darkest hours, Stone Hills has become a world in itself, a place where you might share your shower with an owl or your bed with a baby squirrel. Take a fresh look at the hospitality game with a couple whose crocodiles are named after unpopular guests. And follow the barefoot young David and his playmate, the warthog Poombi, as she relinquishes her place on the sofa to return to the wild - much to her indignation. Engaging and delightfully readable, this is a testament to one family's passion for Africa's wildlife and their conviction that nothing can change the essential nature of the land and its people. *All the Way Home* is the exhilarating and intensely moving story of a fiercely protected piece of Africa in the heart of the majestic Matobo Hills.

Antes de enfrentar um desafio na profissão ou até mesmo uma grande mudança na vida pessoal, o melhor

sempre é ter tempo o bastante para ponderar e se preparar. Estudar para uma apresentação decisiva na universidade, analisar relatórios para uma reunião com o chefe ou caprichar na aparência antes de um encontro com o amor da sua vida são processos que demandam um esforço contínuo e um tempo que nem sempre está disponível. Força de impacto apresenta uma abordagem rápida e inovadora para enfrentar aquelas situações que podem, de um segundo para o outro, mudar os rumos do seu futuro. Em vez de deixar o resultado desses momentos definidores a cargo da sorte, aprenda a treinar seu cérebro para estar pronto para o combate num piscar de olhos. Tudo o que você precisa fazer é aprender a despertar o desempenho extremo que atletas, executivos e estrelas do show business usam para se destacar e sobressair nos seus campos de atuação. Com técnicas simples, facilmente reproduzíveis em casa ou no escritório, e o respaldo das mais recentes pesquisas científicas nos campos da neurologia, da psicologia e mais, Aldo Novak, porta-voz oficial no Brasil do best-seller *O segredo*, mostra que é simples transformar sua vida para melhor... agora.
