The Christian Mystical Tradition is a rich re-source out of our own Western experience and has a history and a significance that reaches back into the Ancient Hebrew experience of Yahweh and moves on through the establishment of the Church into our present experience.

This Judeo-Christian expression of the Mystical life, a vast arena of revelation and intimacy spanning centuries and cultures, is therefore the focus of this present work. It is imperative that we learn to understand just what we are dealing with in the explo-ration of the Mystic Tradition. We need to recognize the common stamp which appears on the diverse coins from the mint of the mystic tradition. That commonality shows itself as a sense of "otherness," a sense of unre-ality or hiddenness, whether it is in the Judeo-Christian tradition or a tradition of the

East. Somehow, some-where, the mystic establishes a relationship of personal response toward something completely outside the temporal world which he/she regards as ultimately greater than him/herself. However, the "way" of the mystic is not always clear and can, in fact, be dangerous to our spiritual health if we are not willing to proceed with careful consideration of the subject. The increased popularity of literature pertaining to the inner search and the re-publication of the spirit-ual classics causes a need to develop a discerning eye before we plunge headlong into the mystic's world. We need to be cautious when picking up and reading any book by a Mystic and expecting it to have all the answers for our spiritual edification. We need to know where our own spirituality lies, and we need to know something about the Mystic of our choice. That is the main purpose behind this study. I hope to provide some basic understanding and discernment of the mystical journey. Reviews: Don't let the incredible scope of this book scare you off! It is a resource that may prove essential to every person gen- uinely interested in the spiritual life. Sr. BJ Brown wisely but simply

summarizes centuries of human contact with the divine in a style that will be helpful for the novice to the spiritually adept. She writes both from her considerable scholarship and from her personal experience of "knowing as a form of loving," the mystic way open to all. Norvene Vest (Spiritual director and author of -- What is Your Practice? Lifelong Growth in the Spirit) Concisely written, eminently readable but chock full of information that will serve any student, any cleric, any would-be mystic or anybody who's ever wondered what on earth the religious life is all about, this is a tremendous historical resource. Sister Barbara Jean's wonderful work reminds me that we relied for centuries solely on the minds and pens of men and women in religious orders for the recording and preservation of human learning, and it is nice to see the tradition of monastic scholarship alive and well in her. This book belongs in parish libraries, in seminary libraries, in monastic libraries and in the libraries of ordinary Christians who love learning about our tradition Barbara Cawthorne Crafton (Episcopal priest, chaplain at Ground Zero, spiritual director

and author)

This book opens up a dialogue between pre-modern women identified as mystics in diverse locations from South Asia to Europe. It considers how women from the disparate religious traditions of Hinduism, Islam, and Christianity expressed devotion in parallel ways. The argument is that women's mysticism demands to be compared not because of any essential "female" experience of the divine but because the parallel positions of marginalization that pre-modern women

experienced led them to deploy intimate encounters with the divine to speak publicly and claim authority. The topics covered range from the Sufi devotional tradition of Sidis (Indians of African ancestry) to the Bhakti poet Mīrābāī and the nuns of Barking Abbey. Collectively the chapters show how mysticism allowed premodern women to speak and act by unsettling traditional gender roles and expectations for religious behavior. At the same time as uncovering connections, the juxtaposition of women from different traditions serves to highlight distinctive features. The book draws on a range of disciplinary expertise and will be of particular interest to scholars of medieval religion and theology as well as history and literary studies.

Love Burning in the Soul

Love2readlove2write Publishing, LLC
An original founding member of the Mystics, author Al Contrera tells the true story of how five Brooklyn teenagers went from singing on street corners to fame in the fifties with their first hit song, "Hushabye." Contrera, provides vivid and detailed accounts of the trials and

adventures of forming a rock-'n'-roll group in a neighborhood controlled by the mob. He narrates the story of the group's formation, their recording and touring career, as well as their successes and heartbreaks, including the story of when the Mystics' lead singer was arrested for being an innocent witness to a holdup and accidental shooting by a neighborhood gang and was mistakenly jailed for two years. Hushabye tells about walking the fine line between the music and the mob and how peer pressure and the temptations of fame changed their lives. Contrera offers keen insight and background into the sweet sound of the street corner doo-wop harmonies of the 1950s.

Some say the great mystery of how one can live in two worlds at once died with Thomas Hunter many years ago. Still others that the gateway to that greater reality was and is only the stuff of dreams. They are wrong. In the small town of Eden, Utah, a blind girl named Rachele Matthews is about to find out just how wrong. When a procedure meant to restore Rachele's sight goes awry, she begins to dream of another world so real that she wonders if Earth might only be a dream experienced when she falls asleep in that reality. Who is a simple blind girl to have such strange and fantastic dreams? She's the prophesied one who must find and recover five ancient seals--in both worlds--before powerful enemies destroy her. If Rachele succeeds in her quest, peace will reign. If she fails, both worlds will forever be locked in darkness. So begins a two-volume saga of high stakes and a mind-bending quest to find an ancient path that will save humanity. The

clock is ticking; the end rushes forward. Ready? Set? Dream.

Mystic is the start of an enchanting new epic fantasy series from Jason Denzel, the founder of Dragonmount. I called to the Myst, and it sent us you. For hundreds of years, high-born nobles have competed for the chance to learn of the Myst. Powerful, revered, and often reclusive, Mystics have the unique ability to summon and manipulate the Myst: the underlying energy that lives at the heart of the universe. Once in a very great while, they take an apprentice, always from the most privileged sects of society. Such has always been the tradition--until a new High Mystic takes her seat and chooses Pomella AnDone, a restless, low-born teenager, as a candidate. Commoners have never been welcomed among the select few given the opportunity to rise beyond even the highest nobility. So when Pomella chooses to accept the summons and journey to Kelt Apar, she knows that she will have more to contend with than the competition for the apprenticeship. Breaking both law and tradition, Pomella undergoes three

trials against the other candidates to prove her worthiness. As the trials unfold, Pomella navigates a deadly world of intolerance and betrayal, unaware that ruthless conspirators intend to make her suffer for having the audacity to seek to unravel the secrets of the Myst. Convents, Jails and Other Tales: An Overview of the Mystics and Why They Matter

Independently Published What is a "holy woman," or a holy man for that matter? According to the Jewish mystics, a holy person is someone who has not lost the holiness that every baby is born with. A holy person is someone who fulfills it. Stories about Jewish holy women have rarely been collected in such an engaging and entertaining form. The tales display a specifically female Jewish spirituality, giving us a peek into a world of devotional beauty that focuses on kindness. These stories of laughter and tears, humility and bravery, striving and trance, have an appeal spanning the denominational spectrum: they are spiritual nourishment for the soul. The rabbis say there are both male and female angels and angels are on earth as well as

in heaven. These tales enhance our appreciation of the female angels on earth.

The Weird Orient; Nine Mystic Tales
Canterbury Press

In 1913, Russian imperial marines stormed an Orthodox monastery at Mt. Athos, Greece, to haul off monks engaged in a dangerously heretical practice known as Name Worshipping. Exiled to remote Russian outposts, the monks and their mystical movement went underground. Ultimately, they came across Russian intellectuals who embraced Name Worshipping—and who would achieve one of the biggest mathematical breakthroughs of the twentieth century, going beyond recent French

achievements. Loren Graham and Jean-Michel Kantor take us on an exciting mathematical mystery tour as they unravel a bizarre tale of political struggles, psychological crises, sexual complexities, and ethical dilemmas. At the core of this book is the contest between French and Russian mathematicians who sought new answers to one of the oldest puzzles in math: the nature of infinity. The French school chased rationalist solutions. The Russian mathematicians, notably Dmitri Egorov and Nikolai Luzin—who founded the famous Moscow School of Mathematics—were inspired by mystical insights attained during Name Worshipping. Their religious practice appears to have opened to them visions into the infinite—and led to the founding of descriptive set theory. The men and women of the leading French and Russian mathematical schools are central characters in this absorbing tale that could not be told until now. Naming Infinity is a poignant human interest story that raises provocative questions about science and

religion, intuition and creativity.
