**The Routledge Handbook of the Bioarchaeology of Human Conflict** University of Toronto Press

The entire course of history is revisited in this unique and unforgettable visual guide. The most memorable moments and significant events of each year are charted in a definitive timeline that runs throughout the book. From the ancient origins of our earliest African ancestors right up to our modern world today, Timelines of History includes a diverse range of people, cultures, and countries. Ideas, inventions, and innovations come together to provide a truly global view of history. Dramatic photography, eye-catching maps, and supporting graphics bring history to life as never before. The instantly accessible, multi-layered timeline enables you to move effortlessly through the ages. This essential reference strikes a balance between being completely comprehensive, but also ideal for browsing, thanks to the organized structure, chronological order, and bitesize information. This celebratory compendium makes an outstanding addition to any family library, enabling you to dip into the past any time you like.

*Dentists* Penguin

The nation-state of Trinidad and Tobago offers a unique case for the study of the forces and ideologies of nationalism. This book reveals how this ethnically diverse nation (40% African origin, 40-45% East Indian origin, plus those of Syrian, Chinese, Portuguese, French and English descent), independent for less than forty years, has provided fertile ground for the creative tension between the imagination of the writer in his or her search for a habitable text of identity and the official discourse on nationalism in Trinidad and Tobago. This discourse has in turn been embedded in a struggle that propels the nation's story. Following on from this background, the study examines the changes and influences on the sense of nationalism and peoplehood caused by migration and the ethnicization of migrant communities in the metropolises.

Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.

**Twelve Angry Men** McFarland

William Gibson, author of the cyberpunk classic, *Neuromancer* (1984), is one today's most widely read science fiction writers. This companion is meant both for general readers and for scholars interested in Gibson's oeuvre. In addition to providing a literary and cultural context for works ranging from Gibson's first short story, "Fragments of a Hologram Rose" (1977), to his recent, bestselling novel, *Zero History* (2010), the companion offers commentary on Gibson's subjects, themes, and approaches. It also surveys existing scholarship on Gibson's work in an accessible way and

provides an extensive bibliography to facilitate further study of William Gibson's writing, influence, and place in the history of science fiction and in literature as a whole.

A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

**Timelines of History** Random House

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.

The Free Worlds League (FWL) field manual provides an extensive survey of House Marik's Free Worlds League, one of the major Inner Sphere military powers. The manual includes a full military history of the rebellion-riddled confederation, from the Succession Wars to the Andurien Civil War and beyond, and profiles of every League regiment, including the elite Marik Guard and the chivalrous Knights of the Inner Sphere. Also included are color renderings of FWL uniforms and insignia and special rules for new, exclusive League weapons and BattleMechs.

**Sundial of the Seasons** Univ of California Press

Kelly Marks, who gets spectacular results in her exhibitions with the most fiery and recalcitrant of horses, says the secret is to talk to horses in their own language, establishing a relationship of trust and respect, using considerate and consistent techniques. You will find it helpful to formulate your own 'code of conduct' for your horse and while you're at it, for yourself as well, making consideration a way of life. Perfect Manners starts with the philosophy and concepts behind Kelly Marks' techniques and moves on to foundation exercises and groundwork training. There are also sections on Join Up and Body Language, Training Halters, Biting, Spooking and Shying and the 'Lovely Head Rub'. A must-read for horse owners everywhere.

**History Year by Year** Yale University Press

A landmark American drama that inspired a classic film and a Broadway revival—featuring an introduction by David Mamet A blistering character study and an examination of the American melting pot and the judicial system that keeps it in check, *Twelve Angry Men* holds at its core a deeply patriotic faith in the U.S. legal system. The play centers on Juror Eight, who is at first the sole holdout in an 11-1 guilty vote. Eight sets his sights not on proving the other jurors wrong but rather on getting them to look at the situation in a clear-eyed way not affected by their personal prejudices or biases. Reginald Rose deliberately and carefully peels away the layers of artifice from the men and allows a fuller picture to form of them—and of America, at its best and worst. After the critically acclaimed teleplay aired in 1954, this landmark American drama went on to become a cinematic masterpiece in 1957 starring Henry Fonda, for which Rose wrote the adaptation. More recently, *Twelve Angry Men* had a successful, and award-winning, run on Broadway. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Canadian Universities Today** Penguin

'Interspersed with acts of breathtaking linguistic daring.' Charlotte Mendelson, Observer Book of the Year Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

**The Nature of Buddhist Ethics** Springer

This collection of essays challenges the notion that Japan's present cultural identity is the simple legacy of its pre-modern and insular past. Scholars examine "age-old" Japanese cultural practices and show these to be largely creations of the modern era.

**Authentic Art Deco Alphabets** Random House

If human burials were our only window onto the past, what story would they tell? Skeletal injuries constitute the most direct and unambiguous evidence for violence in the past. Whereas weapons or defenses may simply be statements of prestige or status and written sources are characteristically biased and incomplete, human remains offer clear and unequivocal evidence of physical aggression reaching as far back as we have burials to examine. Warfare is often described as 'senseless' and as having no place in society. Consequently, its place in social relations and societal

change remains obscure. The studies in *The Routledge Handbook of the Bioarchaeology of Human Conflict* present an overview of the nature and development of human conflict from prehistory to recent times as evidenced by the remains of past people themselves in order to explore the social contexts in which such injuries were inflicted. A broadly chronological approach is taken from prehistory through to recent conflicts, however this book is not simply a catalogue of injuries illustrating weapon development or a narrative detailing 'progress' in warfare but rather provides a framework in which to explore both continuity and change based on a range of important themes which hold continuing relevance throughout human development.

**Math 1 B** FASA Corporation

Human bones form the most direct link to understanding how people lived in the past, who they were and where they came from. The interpretative value of human skeletal remains (within their burial context) in terms of past social identity and organisation is awesome, but was, for many years, underexploited by archaeologists. The nineteen papers in this edited volume are an attempt to redress this by marrying the cultural aspects of burial with the anthropology of the deceased.

**Telegraph Pa** Raintree

Tradition is a central concern for a wide range of academic disciplines interested in problems of transmitting culture across generations. Yet, the concept itself has received remarkably little analysis. A substantial literature has grown up around the notion of 'invented tradition,' but no clear concept of tradition is to be found in these writings; since the very notion of 'invented tradition' presupposes a prior concept of tradition and is empty without one, this debunking usage has done as much to obscure the idea as to clarify it. In the absence of a shared concept, the various disciplines have created their own vocabularies to address the subject. Useful as they are, these specialized vocabularies (of which the best known include hybridity, canonicity, diaspora, paradigm, and contact zones) separate the disciplines and therefore necessarily create only a collection of parochial and disjointed approaches. Until now, there has been no concerted attempt to put the various disciplines in conversation with one another around the problem of tradition. Combining discussions of the idea of tradition by major scholars from a variety of disciplines with synoptic, synthesizing essays, *Questions of Tradition* will initiate a renewal of interest in this vital subject.
