*Connecticut 169 Club* Rowman & Littlefield

Every one of Connecticut's 169 towns has a story shaped by its geography and its people--the first inhabited the state more than 10,000 years ago, the Dutch traders, English settlers, and Africans--enslaved and free--who settled towns as one of the original 13 colonies, and successive waves of immigrants who moved its story forward. It's a small state with amazing variety that makes the 169 Club a fun and rewarding adventure. You'll experience historic town greens and new city centers, revitalized mills sprouting microbreweries and local farms offering local farm-to-table foods, and maritime villages and rural upland communities. Connecticut has it all! This guide, written by town historians and other local boosters, offers the backstory to your discovery of what makes Connecticut so special. - Elizabeth J. A fun reference book for all things Boston; complete with info graphics and glossary of the terms and "slang" that makes Bostonians unique. The book will

include historical facts and references of the words' origins. The book will also include landmarks, both historic and cultural, and why they're so important to the city. The goal is to create a book for all ages to reference whether they've been to Boston once, lived here their whole life, or just plan to visit one day. Boston has a lot of universal references throughout pop culture and this book will be the go-to resource for people to learn more, get a laugh, and understand the people of Boston. We are working out the organization, but it will be broken into categories For example, the weather pages would begin with a few pages with some fun facts about the weather in Boston, some general weather humor info and then it will go into different anecdotes and slang explanations related to the the weather. Ex. Muggie, Scortcha, Wintah, Wicked Humid, etc... Each anecdote page will be then be accompanied by some fun facts related to the slang term. Scortcha: Anytime the weather in Boston is over 90 degrees, you will hear someone say "It's a Scortcha out there." This is what we call hazy, hot, & humid! On a scortcha of a day a typical Bostonian would visit Dunks for an "Iced" an extra time or two, anyone with a pool will be getting a message asking "What are you doing today", and social media will be full of photos showing temperature gauges inside cars (unless you drive a "beater", they don't usually have temperature gauges). Even if we suffered a tough winter Bostonians will be complaining about the heat. In fact most conversations in Boston are weather related.....more (Page will have accompanying art, maybe a funny caricature of someone sweating in the heat or in a float in a pool, and will have some related facts about Boston

weather.. maybe avg. temperatures during summer months) SAMPLE ENTRIES Weather Concepts Scortcha Wintah Muggie Food & Drink Concepts Dunks Frappe Tonic "Swigga Tonic" Badaydas (Potatoes) Transportation Concepts Bang A Uey Beater Statie Breakdown Lane Other Concepts, To Be Categorized: Sneakahs Hawahya? During his career as an actor, William Gillette portrayed world-renowned character Sherlock Holmes in more than 1,300 performances. His career as a playwright and actor afforded him the opportunity to purchase a 184-acre estate, where he also built a twenty-four-room medieval-style castle. Overlooking the Connecticut River, Gillette's castle was complete with spy mirrors, sliding furniture, hidden rooms and a three-mile

quarter-scale railroad. Since becoming a state park in 1943, it has evolved into one of Connecticut's most popular tourist attractions. Writer and award-winning journalist Erik Ofgang examines the history of an iconic structure and Gillette's life and role in the evolution of Sherlock Holmes.
