In this engaging biography, readers will learn about the developer of the Barbie doll, Ruth Handler. Follow the story of Handler's early work with her husband Elliott making and selling plastic products, their collaboration with Harold Matson to form Mattel, Handler's inspiration for a new kind of doll, and the company's introduction of Barbie in 1959. Readers will follow Barbie's evolution through the ensuing decades as Handler continuously reinvented Barbie to appeal to new generations. Learn how Barbies are made, who came up with the name, the role of the Mickey Mouse Club in Barbie's success, and about other Mattel products. Handler's family and her retirement as president from Mattel and her subsequent work for cancer survivors with her new company Nearly Me is also covered. Sidebars, historic photos, and a glossary enhance readers' understanding of this topic. Additional features include a table of contents, an index, a timeline and fun facts. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

This book is oozing with sweetness and cuteness. Your preschooler will love working on this coloring book! The main benefit of coloring is that it helps with language development. Though your child will be expressing himself/herself through the non-verbal medium of art, the activity still provides an opportunity to learn new words. Children can use descriptive words to explain their piece of art, or to ask for help, if needed.

Did you know that coloring is a highly effective learning tool especially for preschoolers with short attention span? The repetitive action of filling the image with colors catches and retains a child's attention. The more coloring is done the more your child will learn to identify shapes lines and forms. This coloring book features all things that go. How fast will your child fall in love with it?
