ELLIS NICHOLSON

My First Dinosaur Stories
Bloomsbury Publishing
This Thomas & Friends
Magnetic Play Book
features nine magnets
that stick right to the
pages! Get ready for
magnetic adventures with
Thomas & Friends! This
super-interactive book
features nine magnets
that stick right to the
sturdy pages! Kids will
have trainloads of fun
creating their own scenes
with Thomas, James,
Percy, the Troublesome
Trucks, and more! Plus
the magnets come
packaged in a reclosable
case, keeping everything
handy at home or on the
go! In the early 1940s, a
loving father crafted a
small blue wooden train
engine for his son,
Christopher. The stories
that this father, the
Reverend W Awdry, made
up to accompany the
wonderful toy were first
published in 1945 and
became the basis for the
Railway Series, a
collection of books about
Thomas the Tank Engine
and his friends--and the
rest is history. Thomas &
Friends(TM) are now a big

extended family of
engines and others on the
Island of Sodor. They
appear not only in books
but also in television
shows and movies, and as
a wide variety of
beautifully made toys.

The adventures of
Thomas and his friends,
which are always,
ultimately, about
friendship, have delighted
generations of train-loving
boys and girls for more
than 70 years and will
continue to do so for
generations to come.

My First Dinosaur Board
Book Mendon Cottage
Books

Workbook for teaching
fundamental skills using
dinosaurs.

Magnetic Learning:
Dinosaurs Build Your Own
Sticker Book

This book explores the
exciting land of Dino
World - join Harry and his
dinosaur friends in Harry's
back garden and jump
into the bucket for
adventures in the jungle,
Crush Valley and Pepper
Rock. With so many
magnets of all your
favourite characters,
there's endless stories to
tell!

**My First Book of
Dinosaurs** Dk Pub
Introduction The word
dinosaur comes from the

Greek word meaning
terrible lizard. They lived
on the Earth from around
250 million to 65 million
years ago, before they all
became extinct.

Five Green Dinosaurs

Priddy Books

Peek through the windows
to meet the dinosaurs and
count from 5 to 1 in this
carry handle story book
that's perfect for on-the-
move story time and first
counting fun! There are
five roaring green
dinosaurs to meet in this
"Count and Carry" board
book. Peek through the
die-cut shaped windows
to discover what each
dinosaur is doing and turn
the page to count them
down from 5 to 1. The
rhyming story is fun to
read aloud, with lots of
sound words to call out,
and the busy illustrations
are full of prehistoric
things to find. With sturdy
card pages, the book
features a die-cut handle
for on-the-move reading
fun. This "Count and
Carry" board book series
is perfect for sharing with
toddlers to encourage first
reading, and to develop
early learning math skills
as the characters are
counted down from 5 to 1.

**My First Book of
Dinosaurs** Imagine That
Thirty different dinosaurs

march or fly their way across the pages of this tabbed board book that introduces preschoolers to the magnificent creatures that once ruled the Earth! Dive into the prehistoric world with Tyrannosaurus rex, Plateosaurus, Stegosaurus, and more of the coolest dinosaurs that ever lived! Smithsonian: My First Book of Dinosaurs features thirty different dinosaurs and includes fascinating facts about when they lived, what they ate, and much more! The simple text and accompanying striking images of dinosaurs in action, along with tabs perfectly sized for little hands, will delight preschoolers for hours! [My First 100 Dinosaur Words](#) Independently Published

Meet Tyrannosaurus Rex and lots of other dinosaurs in this first introduction to dinosaurs. Fantastic images of many favourite dinosaurs to capture the imagination of young readers. Clear and easy-to follow language makes this high interest subject accessible and fun.

[My First Book about the Alphabet of Dinosaurs - Amazing Animal Books - Children's Picture Books](#) Silver Dolphin Books Children ages 8 and up

can discover where these prehistoric creatures lived, the food they ate, and what they may have looked like. Plus, there are fascinating facts about moving continents, climate changes, exploding volcanoes, and more.

[Dinosaur Boy](#) Simon and Schuster

Everyone knows the dinosaur gene skips a generation. So it isn't a complete surprise when Sawyer sprouts spikes and a tail before the start of fifth grade. After all, his grandfather was part stegosaurus. Despite the Principal's Zero Tolerance Policy, Sawyer becomes a bully magnet, befriended only by Elliot aka "Gigantor" and the weird new girl. When the bullies start disappearing, Sawyer is relieved-until he discovers a secret about the principal that's more shocking than Dino DNA. The bullies are in for a galactically horrible fate...and it's up to Sawyer and his friends to rescue them. "With issues like bullying, not fitting in, and heroism, this is a book that kids and adults will share and treasure. It's Wonder with dinosaurs and is sure to touch your heart." — P. J. Hoover, author of Tut: The Story of My Immortal Life "A wild

and wacky adventure...with enough twists and turns to rival a roller coaster, DINOSAUR BOY is sure to appeal to wonderfully weird kids of every shape and size."

—Kelly Milner Halls, award-winning author of [Girl Meets Boy Earth's First Steps](#) Puffin Explains introductory physical science concepts about magnetism through real-world observation and simple scientific diagrams.

[Dinosaur My First Book of Magnets](#)

Many kids today are curious about dinosaurs and their story so we taught it's the right time to make a book destined to satisfy that curiosity. That's why we came with illustrated stories about some dinosaur species and their activities, easy to read and understand. After going through the story they will reach a part where we prepared 10 coloring pages were they can train their creativity. These pages contain different species of dinosaurs with their name written at the bottom. What remains to be done? Get this book and introduce your kid to the wonderful world of dinosaurs .

The Dinosaur Magnet-Activity Book Cartwheel

Books

A rhythmic rhyme describes the different types of tracks made by dinosaurs that depict their movement and behavior.

My First Book About Dinosaurs - Amazing Animal Books - Children's Picture Books Studio Fun International

Explore the super-sized world of dinosaurs with this amazing book. Some dinosaurs had sharp teeth, some had horns and some had feathers! But can you guess who's who? This fantastic introduction to dinosaurs will delight every child with its engaging question-and-answer format. Features a large variety of fun facts and stunning, detailed illustrations which bring each prehistoric creature to life.

My First Book of Dinosaurs DK Publishing (Dorling Kindersley)

Use the tabs to find your favorite prehistoric scene! From the mighty T. rex to the soaring Pteranodon, My First Search and Find: Dinosaurs is a fun introduction to dinosaurs, with colorful prehistoric creatures to find on every page. Using the sturdy tabs on the side of the book, children can explore

dinosaur babies, dinosaurs in the forest, prehistoric creatures under the sea, and much more. The bottom of every busy scene includes a key with fun objects to search for on each spread. A bonus baby dinosaur is also included in every scene for an added activity throughout the book.

My First Book of Dinosaurs Sourcebooks, Inc.

An activity book that features colouring exercises, simple dot-to-dots, spot the differences, mazes and matching puzzles. It also contains simple make-and-do activities, and an illustrated gatefold for all the stickers.

My First Book of Dinosaurs Sterling Children's Books

There are 20 of the biggest, fiercest dinosaurs to build in this ROAR-some sticker book, with over ten pages of stickers of terrifying teeth, beady eyes and enormous tails. Children can recreate a triceratops, diplodocus, tyrannosaurus-rex and more. Includes statistics on when each dinosaur lived, what they ate and how big they were.

Magnetism Bellwether Media
