LETICIA THOMAS

Improvements needed to prevent unnecessary construction of reserve forces facilities, Department of Defense

The Code of federal regulations is the

codification of the general and permanent rules published in the Federal register by the executive departments and agencies of the federal government.

Millions Could be Saved Annually and Productivity Increased If Military Support Functions in the Pacific Were Consolidated, Department of Defense Catalog of reports, decisions and opinions,

testimonies and speeches.

Need for Increased Use of Value Engineering

Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of

the House".

**Airlift Operations of the Military
Airlift Command During the 1973
Middle East War**

Operation and maintenance

Architect-engineer Selection Bill

**Improvements Still Needed in
Negotiating Prices of Noncompetitive
Contracts Over \$100,000, Department
of Defense**

**F-16 Integrated Logistics Support :
Still Time to Consider Economical
Alternatives**

**Major Cost Savings Can be Achieved
by Increasing Productivity in Real
Property Management, Department of**
