Courageous Lady Workbook Harper Collins

You are more resilient than you believe, wiser than you know, and more conscious than you think. If this concept excites you then step forward and enjoy some body prayers to quiet the mind and soften the heart. Welcome to the church of you-it's never been about an hour every Sunday in a pew. Experiencing a spiritual life has always been about your relationships with people and the world 24/7-in all of its anxious uncertainty. Allow me to help you uncover a healthy state of centeredness. I have found the human soul might just be God's muscle and, if we don't strengthen and stretch it, it atrophies. East will never ask you to abandon West, and neither will I.

Intimate Conversations with the Divine Penguin

Being a mom is all of it: light and dark, highs and lows, fever pitch frustration and all-consuming love. By now, you already know that with great love comes great joy . . . and great pain. It can be crazy-making! But it doesn't have to be. In *Starry-Eyed*, MOPS CEO Mandy Arioto reveals how the brightest and darkest moments of motherhood alike can become a sacred--and sanity-saving--opportunity to encounter God. There is a way to flourish in the midst of it all, and it starts with embracing the light and darkness in life with expectation and awe. Heartening, enchanting, and always unflinchingly honest, *Starry-Eyed* will show you how to find the unexpected grace in your life as a woman, wife, mother, daughter, sister, and friend. Consider this your heart-to-heart sit-down with a woman who's been there, and can help you find fresh eyes to see how beauty and pain can mingle with purpose.

The Lakota Way of Strength and Courage (Large Print 16pt) Barbour Publishing

As women, we struggle to feel like we're good enough because we are bombarded daily with messages that whisper, "Who you are is not okay." We live in a world that tells us we have to look a certain way, live a certain lifestyle, have husbands who fit a certain mold, and have children that excel in every area of their lives. And rather than thrive in the life we have, we strive to create an existence that impresses others. This impossible treadmill leaves us with deep discontentment and a joyless existence. God doesn't apologize for how He created us. And while we're always being molded by our Creator, it's only to

shape us for the calling on our life—not so we can fit into a world we were never meant to: "Do not allow this world to mold you in its own image. Instead, be transformed from the inside out by renewing your mind. As a result, you will be able to discern what God wills and whatever God finds good, pleasing, and complete. Love others well, and don't hide behind a mask; love authentically" (Romans 12:2, 9). What if we had the confidence to shed our fears and be who God created us to be—stumbles, fumbles, and all—relishing who we are rather than conforming to the world? Using an acrostic for the word AUTHENTIC, author Carey Scott unpacks 9 ways we can find the confidence we need to shine with fearless authenticity: 1. Accept Your Awesomeness 2. Unearth the Untruths 3. Try Loving Everyone 4. Hold on to Hope 5. Extend Forgiveness 6. Never Shrink Back 7. Trample the Negatives 8. Invest in Community 9. Camp in the Word of God Let's link arms and commit to living authentic lives. . . together. Are you ready?

How to look around positively and reach out confidently in an increasingly post-Christian culture Christendom is dead. But maybe that's a good thing... The Christian culture that has underpinned Western society for centuries has been eroded. We're now at the point where to disagree with people on issues such as marriage and sexuality, is seen as hateful. Christians are no longer seen as honourable, but as bigots. But history testifies that the more people try to destroy Christianity, the more it grows. So we are entering an exciting period of time because we're back in the place where Christ's church can thrive - at the margins of society. In this stirring, passionate book, Matt Chandler shows us we need Christian courage like never before, and how to live with compassion and conviction, able to look around positively and reach out confidently. It encourages us not to be thwarted by fear, but to depend on God and have confidence that Christ will build his church, despite continual marginalization. A must-read for any Christian who wants to understand how to stand firm and walk forwards in an increasingly secular culture.

Now in paperback, from the New York Times best-selling author of Sacred Contracts and Anatomy of the Spirit, a timely guide with 100 prayers for entering into a personal relationship with the Divine. "I've loved so many of Caroline Myss's books, but maybe none so much as Intimate Conversations with the Divine. Has there ever been a more urgent need for her unique and profound (and sometimes wonderfully cranky) take on our spiritual reality, healing, and the language of holiness?" -- Anne Lamott, author of Traveling Mercies and Help, Thanks, Wow In her most personal book to date--now available in paperback for the first time--beloved teacher and best-selling author Caroline Myss draws on her own practice to help us regain our fluency in the language of prayer and renew our connection to the sacred. Intimate Conversations with the Divine offers 100 of Myss's personal prayers as a resource and inspiration to start a prayer practice of your own. Each prayer illustrates a different type of grace that feeds the human soul, from awakening, endurance, and healing, to silence, surrender, and trust. "We are one holy system of life and great cosmic truth, which is that all life--including all of us--breathes together," Myss writes. "I hope this book, these prayers, will bring you comfort and grace, and help you through the difficult times ahead. And I hope they will inspire you to believe that with God, all things are possible."

Dusk, Night, Dawn Jossey-Bass

Modern physics tells us that we're dreaming the world into being with every thought. Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When you don't dream your life, you have to settle for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courage and grace, a sacred dream that shamans throughout time have known and served. Alberto Villoldo reveals ancient wisdom teachings that explain how to birth reality from the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that courage is all that is required to create the joy we desire!

Ever since she was a little girl, Lillie Leonardi could hear the whispers of angels. No one else could hear or see them, but deep down she knew they were real, and that they would help guide and protect her. She spent years pushing these visions aside, but on September 11, 2001, her life, like so many others, was forever changed. After witnessing a legion of angels at the Flight 93 crash site, she experienced an incredible transformation that opened her up to the magic, mystery, and miracles of life. And she gained the courage to share her story with others . . . In this decades-spanning memoir, Lillie reveals how she first uncovered her intuitive gifts. She explains how her ancestry, her strict Catholic upbringing, and other significant events impacted her spiritual evolution and faith in God. From understanding love and marriage, becoming a mother, and finding her true purpose and vocation in law enforcement to confronting separation, death, and loss, Lillie describes times in her life when she called on the angels for blessings, and others when she learned how to rely on herself. Throughout her journey of self-discovery, her realizations about forgiveness, self-acceptance, and healing unfold and offer divine inspiration for readers.
