CASSIDY HAROLD

The First World War

Rosetta Books
A tale of Europe in the days just before the war. It tells of a small group of Jewish holiday makers in the resort of Badenheim in the Spring of 1939. Hitler's

war looms, but Badenheim and its summer residents go about life as normal." De Orbe Novo, the Eight Decades of Peter Martyr D'Anghera; Volume 2 U of Nebraska Press
This is the first handbook to provide a global policy perspective on energy, bringing together a

diverse range of international energy issues in one volume. Maps the emerging field of global energy policy both for scholars and practitioners; the focus is on global issues, but it also explores the regional impact of international energy policies. Accounts for the multi-faceted nature of global energy policy challenges and broadens discussions of these beyond the prevalent debates about oil supply. Analyzes global energy policy challenges across the dimensions of markets, development, sustainability, and security, and identifies key global policy challenges for the future. Comprises newly-commissioned research by an

international team of scholars and energy policy practitioners.

Researchers interested in various aspects of college leadership and management will find this book a convenient and scholarly introduction to related research in the school sector - Further Education Development Agency, College Research Journal

Educational management has become an important academic subject. The contributors to this volume have guaranteed its survival as such by undertaking this review in order that they and others working in the

field may take account of a range of agendas and initiatives. The outcome must be a fresh stance and a new sense of direction to enable a study of educational management to meet the needs of teachers and their schools in the new millennium' - Educational Research Management brings together important original contributions from leading thinkers in the field. Edited by some of the key figures in educational management today, chapters examine the following key areas: Has self-management achieved the success predicted for it?; What should be the nature of professional development for educational leaders?; to what extent can

education benefit by drawing from practice in business and industry?; can theory inform management practice in education?; how can research contribute to educational improvement?; how can leaders help improve classroom practice? Educational Management is one of the major outcomes of the ESRC (Economic and Social Research Council) seminar series which aimed to redefine educational management in the light of the many developments in policy, practice, theory and research since the subject became established in the 1970s.

THE STORY: Growing up in an impoverished family in the Bronx, Moss Hart dreamed of being part of the glamorous world of the theatre. Forced to drop out of school at age thirteen, Hart's famous memoir Act One is a classic Hortatio Alger story that plots Hart's unlikely collaboration with the legendary playwright George S. Kaufman. Tony Award-winning writer and director James Lapine has adapted Act One for the stage, creating a funny, heartbreaking, and suspenseful play that celebrates the making of a playwright and his play Once in a Lifetime. ACT ONE offers great fun to a director to utilize over

fifty roles, which can be played by a cast as few as twelve, and in a production that can be done as simply or elaborately as desired.

than a brilliant photojournalist, was a kind of engineer/architect who built magical and sophisticated images. Born in New Haven (USA), he lived in Brazil for more than 50 years. *Vamos ! Espagnol Bep* John Wiley & Sons
Pichi is an Afro-Caribbean English-lexifier Creole spoken on the island of Bioko, Equatorial Guinea. It is an offshoot of 19th century Krio (Sierra Leone) and shares many characteristics with West African relatives like Nigerian Pidgin, Cameroon Pidgin, and Ghanaian Pidgin English, as well as with the English-lexifier creoles of the insular and continental Caribbean. This comprehensive description presents a detailed analysis of the

grammar and phonology of Pichi. It also includes a collection of texts and wordlists. Pichi features a nominative-accusative alignment, SVO word order, adjective-noun order, prenominal determiners, and prepositions. The language has a seven-vowel system and twenty-two consonant phonemes. Pichi has a two-tone system with tonal minimal pairs, morphological tone, and tonal processes. The morphological structure is largely isolating. Pichi has a rich system of tense-aspect-mood marking, an indicative-subjunctive opposition, and a complex copular system with several suppletive forms. Many features align Pichi with the Atlantic-Congo

languages spoken in the West African littoral zone. At the same time, characteristics like the prenominal position of adjectives and determiners show a typological overlap with its lexifier English, while extensive contact with Spanish has left an imprint on the lexicon and grammar as well.

 "Audin plays with codes, numbers and dates to create a fascinating and unsettling story."—Le Temps
 This debut novel by mathematician and Oulipo member Michèle Audin retraces the lives of French mathematicians over

several generations through World Wars I and II. The narrative oscillates stylistically from chapter to chapter—at times a novel, fable, historical research, or a diary—locking and unlocking codes, culminating in a captivating, original reading experience. Michèle Audin is the author of several works of mathematical theory and history and also published a work on her anticolonialist father's torture, disappearance, and execution by the French during the Battle of Algiers.

Destiné aux élèves de BEP, ! Vamos ! a pour objectifs : . de faciliter l'acquisition des éléments linguistiques

fondamentaux de l'espagnol ; . d'aider l'élève à mieux s'orienter dans le monde hispanique d'hier et d'aujourd'hui. Il se compose de : . 10 Recorridos centrés sur des situations de communication de la vie courante ; . 1 Recorrido-Hispanidad qui fournit des repères à la fois culturels, géographiques et historiques sur l'Espagne et l'Amérique latine ; . une annexe grammaticale dont la consultation est encouragée par des références précises à l'intérieur des chapitres. Les documents-soutiens de chaque leçon sont accompagnés d'un appareil pédagogique à deux niveaux. Des exercices variés et progressifs visent l'acquisition d'une

certaine autonomie de compréhension et d'expression de la langue écrite et orale. Historia General de Las Indias State University of New York Press To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions

powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.

The Power of Spirituality in Therapy
Hachette

Social Mobility in Europe is the most comprehensive study to date of trends in intergenerational social mobility. It uses data from 11 European countries covering the last 30 years of the twentieth century to analyze differences between countries and changes through time. The findings call into question several long-standing views about social mobility. We find a growing similarity between countries in their class

structures and rates of absolute mobility: in other words, the countries of Europe are now more alike in their flows between class origins and destinations than they were thirty years ago. However, differences between countries in social fluidity (that is, the relative chances, between people of different class origins, of being found in given class destinations) show no reduction and so there is no evidence supporting theories of modernization which predict such convergence. Our results also contradict the long-standing Featherman Jones Hauser hypothesis of a basic similarity in social fluidity in all industrial societies 'with a market economy and a nuclear

family system'. There are considerable differences between countries like Israel and Sweden, where societal openness is very marked, and Italy, France, and Germany, where social fluidity rates are low. Similarly, there is a substantial difference between, for example, the Netherlands in the 1970s (which was quite closed) and in the 1990s, when it ranks among the most open societies. Mobility tables reflect many underlying processes and this makes it difficult to explain mobility and fluidity or to provide policy prescriptions. Nevertheless, those countries in which fluidity increased over the last decades of the twentieth century had not only succeeded in

reducing class inequalities in educational attainment but had also restricted the degree to which, among people with the same level of education, class background affected their chances of gaining access to better class destinations. *Vamos! Book 1* The Stationery Office *I Will Survive* is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the

song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal

finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

What is Africa's own "heart of darkness"? It is what confronts Ayané when, after three years abroad, she returns to the Central African village

of her birth. Now an “outsider” with foreign ways distrusted by her fellow villagers, she must face alone the customs and superstitions that bind this clan of men and women. When invading militia organize a horrific ceremony that they claim will help reunite Africa, Ayané is forced to confront the monstrosity of the act that follows, as well as the responsibility that all the villagers must bear for silently accepting evil done in their name. Through Ayané’s unwilling witness, Léonora Miano probes the themes of submission and responsibility and questions the role of Africans in the suffering of their fellows. Also exploring African identity, *Dark Heart of the Night* is a

profoundly disturbing novel in its evocation of the darkest side of people driven by their instinct to survive.

Un An de nouveautés SAGE
Factor your clients' religious beliefs into their therapy! A recent Gallup poll found that nearly two-thirds of Americans surveyed said they would prefer to receive counseling from a therapist who is religious. *The Power of Spirituality in Therapy: Integrating Spiritual and Religious Beliefs in Mental Health Practice* addresses the apprehensions many clinicians have when it comes to discussing God with their clients. Authors Peter A. Kahle and John M. Robbins draw from their acclaimed workshops on the integration of spirituality and

psychotherapy to teach therapists how they can help clients make positive life changes that are consistent with their values and spiritual and/or religious orientations. The Power of Spirituality in Therapy combines psychotherapy, spirituality, and humor to examine the “pink elephants” of academia-Godphobia and institutional a-spiritualism. The book explores the “learned avoidance” that has historically limited therapists in their ability—and willingness—to engage clients in “God-talk” and presents clinicians with methods they can use to incorporate spirituality into psychotherapy. Topics such as truth, belief, postmodernism, open-

mindedness, and all-inclusiveness are examined through empirical findings, practical steps and cognitive processes, and clinical stories. The Power of Spirituality in Therapy includes: To Be (Ethical) or Not to Be? WHAT is the Question? To Believe or Not to Believe? That is NOT the Question! The Deification of Open-Mindedness Learning From Our Clients In God Do Therapists Trust? and much more! The Power of Spirituality in Therapy is an essential resource for therapists, counselors, mental health practitioners, pastoral counselors, and social work professionals who deal with clients who require therapy that reflects the importance of God in their lives.

This guide will help those brave enough to explore how their own spiritual beliefs and/or biases can create problems when working with those clients.
