O banqueiro anarquista Open Road + Grove/Atlantic

Este dicionário tem Fernando Pessoa como centro, e pretende reunir a soma dos conhecimentos actuais sobre a sua obra e sobre o Modernismo de que é nome maior. Um conjunto de oito dezenas de especialistas consagra mais de seis centenas de artigos de síntese aos principais nomes, títulos, imagens e temas que se relacionam com Fernando Pessoa. Tentando dar conta da complexidade dos problemas críticos colocados pela sua vasta produção em poesia, ficção, teatro, filosofia e teoria, estudando a sua relação com grandes nomes da literatura universal e partindo de ângulos tão diversos como o político, o científico, o retórico ou o esotérico, propõe-se uma visão ampla e contextualizada do mais importante poeta português do século XX.-

When handsome young Dorian Gray sees a painter's stunning portrait of him, he is transfixed by its reflection of his own beauty. He is also troubled by the knowledge that the image in the painting will remain forever youthful and handsome while he himself will grow older and less desirable. He wishes aloud that the roles were reversed, saying that he would give his soul if only the painting would suffer the ravages of time and he were to

remain forever young. From that point on, Dorian lives a life of hedonistic indulgence, knowing that only the painting will show his moral corruption.

The Hands-On, Example-Rich Introduction to Pandas Data Analysis in Python Today, analysts must manage data characterized by extraordinary variety, velocity, and volume. Using the open source Pandas library, you can use Python to rapidly automate and perform virtually any data analysis task, no matter how large or complex. Pandas can help you ensure the veracity of your data, visualize it for effective decision-making, and reliably reproduce analyses across multiple datasets. Pandas for Everyone brings together practical knowledge and insight for solving real problems with Pandas, even if you're new to Python data analysis. Daniel Y. Chen introduces key concepts through simple but practical examples, incrementally building on them to solve more difficult, real-world problems. Chen gives you a jumpstart on using Pandas with a realistic dataset and covers combining datasets, handling missing data, and structuring datasets for easier analysis and visualization. He demonstrates powerful data cleaning techniques, from basic string manipulation to applying functions simultaneously across dataframes. Once your data is ready, Chen guides you through fitting models for prediction, clustering, inference, and exploration. He provides tips on performance and scalability, and introduces you to the wider Python data analysis ecosystem. Work with DataFrames and Series, and import or export data Create plots with matplotlib, seaborn, and pandas Combine datasets and handle missing data Reshape, tidy, and clean datasets so they're easier to work with Convert data types and manipulate text strings Apply functions to scale data manipulations Aggregate, transform, and filter large datasets with groupby Leverage Pandas'

advanced date and time capabilities Fit linear models using statsmodels and scikit-learn libraries Use generalized linear modeling to fit models with different response variables Compare multiple models to select the “best” Regularize to overcome overfitting and improve performance Use clustering in unsupervised machine learning

The Great Transformation Penguin UK

The writing of Fernando Pessoa reveals a mind shaken by intense inner suffering. In these poems he adopted four separate personae: Alberto Caeiro, Alvaro de Campos, Ricardo Reis and himself, using them to express 'great swarms of thought and feeling'. While each personae has its own poetic identity, together they convey a sense of ambivalence and consolidate a striving for completeness. Dramatic, lyrical, Christian, pagan, old and modern, Pessoa's poets and poetry contribute to the 'mysterious importance of existence'.

"A new interpretation and translation of Fernando Pessoa's *The Anarchist Banker* in which the banker argues he is the only true anarchist."--

El banquero anarquista Editora Cultrix

Este ebook presenta "El banquero anarquista (texto completo, con índice activo)" con un sumario dinámico y detallado. El banquero anarquista es un libro de Fernando Pessoa editado por primera vez en el año 1922. El texto está armado como un diálogo entre el banquero y un amigo suyo, quienes conversan sin pausa y sin perder el hilo: ¿cómo un banquero es anarquista, y cómo un anarquista termina siendo banquero sin traicionarse? Es una entretenida ironía del ideario anarquista: lleva al extremo sus postulados a través de un protagonista –banquero, acaparador y usurero– que cuenta sus inicios en organizaciones políticas, critica a sus antiguos compañeros por no pasar más allá de la teoría, y ejerce un particular anarquismo basado en sofismas, en argumentos presentados de manera lógica e inteligente, pero mañosa; son tanto o más entretenidos que los argumentos de quienes proponen un mundo mejor a partir del homicidio selectivo y la coacción. Fernando Pessoa (1888 — 1935), es uno de los mayores poetas y escritores de la lengua portuguesa y de la literatura europea.

For the first time—and in the best translation ever—the complete *Book of Disquiet*, a masterpiece beyond comparison The *Book of Disquiet* is the Portuguese modernist master Fernando Pessoa's greatest literary achievement. An “autobiography” or “diary” containing exquisite melancholy observations, aphorisms, and ruminations, this classic work grapples with all the eternal questions. Now, for the first time the texts are presented chronologically, in a complete English edition by master translator Margaret Jull Costa. Most of the texts in *The Book of Disquiet* are written under the semi-heteronym Bernardo Soares, an assistant bookkeeper. This existential masterpiece was first published in Portuguese in 1982, forty-seven years after Pessoa's death. A monumental literary event, this exciting, new, complete edition spans Fernando Pessoa's entire writing life.

‘One of the most powerful books in the social sciences ever written. ... A must-read’ Thomas Piketty 'The twentieth century's most prophetic critic of capitalism' Prospect ‘Polanyi's revolutionary work is a must-read’ Mariana Mazzucato Karl Polanyi's landmark 1944 work is one of the earliest and most powerful critiques of unregulated markets. Tracing the history of capitalism from the great transformation of the industrial revolution onwards, he shows that there has been nothing 'natural' about the market state. Instead of reducing human relations and our environment to mere commodities, the economy must always be embedded in civil society. Describing the 'avalanche of social dislocation' of his time, Polanyi's hugely influential work is a passionate call to protect our common humanity. ‘Polanyi's vision for an alternative economy re-embedded in politics and social relations offers a refreshing alternative’ Guardian ‘Polanyi exposes the myth of the free market’ Joseph E. Poemas Em Inglês Melville House

Um dos poucos textos em prosa de Fernando Pessoa, a obra já começa a intrigar pelo título paradoxal: banqueiro, o típico capitalista, ser também um anarquista? Um verdadeiro acinte contra a lógica. Por isso o próprio autor classificou seu conto como "conto do raciocínio", O banqueiro anarquista (1922) é um diálogo entre um personagem anônimo e um ex-operário, também anônimo, que se tornou banqueiro. No diálogo, o último narra o seu processo de formação, procurando demonstrar logicamente porque é realmente "anarquista", na teoria e na prática.

The Exploitation Theory of Socialism-communism Copper Canyon Press

O banqueiro anarquista. O seu melhor e mais conhecido conto, sobre um banqueiro que se descreve a si mesmo como um "anarquista", que ama a liberdade e odeia as imposições sociais, e que acha que a melhor forma de se ver livre das amarras da sociedade e da influência do dinheiro... é adquirir o máximo dinheiro possível para que ele deixe de ser um problema. O livro inclui 6 outros contos que foram encontrados na casa de Fernando Pessoa após a sua morte: Na farmácia do Evaristo, No jardim de Epíteto, Um grande português, A pintura do automóvel, Na floresta do alheamento e A hora do Diabo.

The Picture of Dorian Gray Union Square & Co.

The *Conquest of Bread* is a political treatise written by the anarcho-communist philosopher Peter Kropotkin. Written after a split between anarchists and Marxists at the First International (a 19th-century association of left-wing radicals), *The Conquest of Bread* advocates a path to a communist society distinct from Marx and Engels's *Communist Manifesto*, rooted in the principles of mutual aid and voluntary cooperation. Since its original publication in 1892, *The Conquest of Bread* has immensely influenced both anarchist theory and anarchist praxis. As one of the first comprehensive works of anarcho-communist theory published for wide distribution, it both popularized anarchism in general and encouraged a shift in anarchist thought from individualist anarchism to social anarchism. It was also an influential text among the Spanish anarchists in the Spanish Civil War of the 1930s, and the late anarchist theorist and anthropologist David Graeber cited the book as an inspiration for the Occupy movement of the early 2010s in his 2011 book *Debt: The First 5,000 Years*. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

This is the first complete modern survey of the institution of slavery in Brazil and how it affected the lives of enslaved Africans. It is based on major new research on the institution of slavery and the role of Africans and their descendants in Brazil. This book aims to introduce the reader to this latest research, both to elucidate the Brazilian experience and to provide a basis for comparisons with all other American slave systems.

Ficção e teatro Balão Editorial

This is the factless autobiography of Bernardo Soares, one of the 72 literary personae or heteronyms with which Fernando Pessoa created the theatre of himself. Conceived in 1916, Soares is, Pessoa declares, 'a multiation' of his own personality. The circular text returns again and again to a protagonist desperate to find out who he is.

Pandas for Everyone Clube de Autores

Adam Smith's landmark treatise on the free market paved the way for modern capitalism, arguing that competition is the engine of a productive society, and that self-interest will eventually come to enrich the whole community, as if by an 'invisible hand'. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Poems of Fernando Pessoa Leya

A selection of prose by “Portugal's greatest writer of the twentieth century . . . as addictive, and endearing, as Borges and Calvino” (The Washington Post Book World). Building on the wonderful *Fernando Pessoa & Co.: Selected Poems*, which was acclaimed by Booklist as “a beautiful one-volume course in the soul of the twentieth century,” translator Richard Zenith has now edited and translated selections from Pessoa's prose, offering a second volume of this forgotten master's flights of imagination and melancholy wit. Though known primarily as a poet, Pessoa wrote prose in several languages and every genre—the novel, short stories, letters, and essays. The pieces collected here span intellectual inquiry, Platonic dialogue, and literary rivalries between Pessoa's many alter egos—a diverse cast of literary voices he called ‘heteronyms’—who launch movements and write manifestos. There are appreciations of Shakespeare, Dickens, Wilde, and Joyce; critical essays in which one heteronym derides the work of another; experiments with automatic writing; and works that toy with the occult. Also included is a generous selection from Pessoa's masterpiece, *The Book of Disquiet*, freshly translated by Richard Zenith from newly discovered materials. Fernando Pessoa was one of the greatest exponents of modernism. The *Selected Prose of Fernando Pessoa* is an important contribution to literature that brings back to life a forgotten but crucial part of the canon.
