### **Persepolis** Walter de Gruyter

Alexander the Great explores the background, personality, and battle tactics of a legendary conqueror, whose prowess in battle cemented his name in human history. The engaging and comprehensive text depicts Alexander's life, the lives of his soldiers, the stories of his battles, and the formations of cities and legends. Paintings, photos, and engravings illustrate Greek culture and historical figures. Maps and diagrams depict the brilliant strategy of a commander who fought with his men. Though Alexander reigned and conquered over two thousand years ago, his battle successes and political ambitions had an enduring impact on military strategy and on the regions and cultures he ruled.

*A Comprehensive History of India* BoD – Books on Demand

This book explains what made Alexander 'Great' according to the people and expectations of his time and place.

### **Alexander the Great** Univ of California Press

"Selling Alexander" : the concept and use of 'propaganda' in the age of Alexander / Elizabeth Baynham -- Alexander the Great : a life lived as legend / Edward M. Anson -- Ptolemaic propaganda in Alexander's visit to Ammon / Frances Pownall -- The 'pursuit' of kings : Imitatio Alexandri in Arrian's Darius and Bessos 'chase scenes' / Tim Howe -- The bias of Hieronymus : a source critical analysis of Diodorus 18.8-18 / John Walsh -- At the court of Antigonus Gonatas, the heir of two dynasties / Franca Landucci -- Alexander at Naqš-i Rostam? ### **ALEXANDER, THE GREAT** Matador

"The story of Alexander the Great's 22 000-mile expedition from Greece to India and his conquest of most of the known world is an

extraordinary tale of bravery and cruelty, endurance and excess, chivalry and greed. [More than two] thousand years later, historian and author Michael Wood endeavours to retrace the ... conqueror's epic route, using only the ancient historians as his guide. ..."--Back cover.

### A Guide to the Principal Gold and Silver Coins of the Ancients: From Circ. B.C. 700 to A.D. 1. Getty Publications

Alexander the Great is one of the most celebrated figures of antiquity. In this book, Carol G. Thomas places this powerful figure within the context of his time, place, culture, and ancestry in order to discover what influences shaped his life and career. The book begins with an exploration of the Macedonia that conditioned the lives of its inhabitants. It also traces such influences on Alexander's life as his royal Argead ancestry, his father, Philip II, and his mother, Olympias. The author examines Alexander's engagement with Greek culture, especially his relationship with Aristotle, and contemplates how other societal factors - especially the highly militarized Macedonian kingdom and the nature of Macedonia's relationship with neighboring states - contributed to his achievement. What was the significance of these influences on the man who succeeded in conquering most of the known world from the Adriatic Sea to the Indus River? The author focuses on this question in exploring ancient landscapes and resurrecting key figures from antiquity in order to penetrate the motivation, goals, and inner being of Alexander the Great.

### **A Guide to the Principal Gold and Silver Coins of the Ancients** Lulu.com

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full

color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

### **A Guide to the Principal Gold and Silver Coins of the Ancients** Simon and Schuster

An episodic account of the life of the young Macedonian king who conquered half the known world some two hundred years before the birth of Christ.

Alexander the Great Bloomsbury Publishing

Embark on an epic journey through the pages of history with "Alexander the Great: Conqueror's Quest - A Trivia Odyssey." This comprehensive collection invites readers to test their knowledge on the life, triumphs, and legacy of one of history's greatest military leaders. From his conquests across Asia to the enduring impact on civilizations, explore the extraordinary achievements of a man whose vision shaped the course of the ancient world. Perfect for history enthusiasts, students, and those captivated by the tales of great conquerors. Download your copy now and embark on a trivia odyssey through the remarkable journey of Alexander the Great.

**Alexander the Great in His World** John Wiley & Sons  
 Since 500 BC the mainland Greeks had been threatened by the Achaemenid Persian Empire. They had suffered major invasions but subsequent attempts to take the offensive had been thwarted. With Alexander the Great's invasion the rules changed. In Macedonia a new model army had been developed, taking the traditional hoplite heavy infantry in a new evolutionary direction and similarly transforming the heavy cavalry. These developments neutralized the Persians' own efforts to modernize their troops, tactics and equipment. Despite the inclusion of a state-of-the-art siege train, the structure of the reformed Macedonian army allowed an unprecedented operational tempo. Manousos Kambouris' detailed analysis explains that it was Alexander's intelligent use of these forces, that allowed him to dictate the course of the campaign. His excellent strategic and operational decision-making, based on an intimate knowledge of geography and logistics, along with well-timed movements and clever feints, allowed him to choose his battles, which he then won by tactical brilliance and guts. The author does not neglect to assess the Persian capabilities and decision making, concluding that Darius III was not as inept as often thought. Indeed, he may have been the most militarily capable King of Kings but it was his misfortune to be pitted against the genius of Alexander, the great avenger.

*Alexander the Great in the Persian Tradition* BoD - Books on Demand

In the first authoritative biography of Alexander the Great written for a general audience in a generation, classicist and historian Philip Freeman tells the remarkable life of the great conqueror. The celebrated Macedonian king has been one of the most enduring figures in history. He was a general of such skill and renown that for two thousand years other great leaders studied his strategy and tactics, from Hannibal to Napoleon, with

countless more in between. He flashed across the sky of history like a comet, glowing brightly and burning out quickly: crowned at age nineteen, dead by thirty-two. He established the greatest empire of the ancient world; Greek coins and statues are found as far east as Afghanistan. Our interest in him has never faded. Alexander was born into the royal family of Macedonia, the kingdom that would soon rule over Greece. Tutored as a boy by Aristotle, Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns. Shortly after taking command of the army, he launched an invasion of the Persian empire, and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present-day Pakistan and the plains of India. Alexander spent nearly all his adult life away from his homeland, and he and his men helped spread the Greek language throughout western Asia, where it would become the lingua franca of the ancient world. Within a short time after Alexander's death in Baghdad, his empire began to fracture. Best known among his successors are the Ptolemies of Egypt, whose empire lasted until Cleopatra. In his lively and authoritative biography of Alexander, classical scholar and historian Philip Freeman describes Alexander's astonishing achievements and provides insight into the mercurial character of the great conqueror. Alexander could be petty and magnanimous, cruel and merciful, impulsive and farsighted. Above all, he was ferociously, intensely competitive and could not tolerate losing—which he rarely did. As Freeman explains, without Alexander, the influence of Greece on the ancient world would surely not have been as great as it was, even if his motivation was not to spread Greek culture for beneficial purposes but instead to unify his empire. Only a handful of people have influenced history as Alexander did, which is why he continues to fascinate us.

*Alexander the Great and Propaganda* CHANGDER OUTLINE

Alexander of Macedonia was undoubtedly one of the greatest generals of all time. This book by John Warry, an expert on the warfare of the Classical world, examines the principle battles of Alexander's campaigns in detail. The battles of the Granicus, Issus, Gaugamela, Hydaspes and the difficult siege of Tyre are all fully investigated. Alexander's winning strategies are also explored in detail along with the men and equipment of both his army and that of his Persian enemies, providing a comprehensive

insight into Alexander's life and military actions.

*In the Footsteps of Alexander the Great* John Wiley & Sons

A heart-warming tale of the serendipitous journey of John, an American, to the remote Sakhi Hills in Asia to meet Mah Step, a friend he had met on the Internet some months previously. John's experiences with the Sakhi tribe overturn his prior assumptions and lead him to re-examine his values, life-goals and spirituality from a totally new perspective. The simplicity and honesty of life in the Sakhi Hills is evocatively captured in this inspiring story that proves that happiness and contentment are often found in the most unlikely quarters. A must-read for all who ponder about the eternal truths of life, values and relationships.

*Alexander the Great Avenger* Cavendish Square Publishing, LLC  
 Reprint of the original, first published in 1881.

*Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc. New Series* Open Road Media

Containing over 800 biographies of individuals known from the literary and epigraphic sources for the age of Alexander, this book features entries ranging from leading commanders in Alexander's army to the nobles and regional leaders of the Persian empire whom he encountered on his epic campaign.

*Alexander the Great* Cambridge University Press

Upon his return from India, Alexander the Great travelled to the Persian royal city of Pasargadae to pay homage at the tomb of King Cyrus, founder of the Achaemenid Persian Empire, whom he admired greatly. Disgusted to find Cyrus' tomb desecrated and looted, the Macedonian king had the tomb guards tortured, the Persian provincial governor executed and the tomb refurbished. This episode involving Cyrus' tomb serves as one of many case studies in Alexander's relationship with Persia. At times Alexander would behave pragmatically, sparing his defeated enemies and adopting Persian customs. Sisygambis, the mother of Persian King Darius III, allegedly came to view Alexander as a son and starved herself at the news of his demise. On other occasions he did not shy away from destruction (famously torching the palace at Persepolis) and cruelty, earning himself the nickname 'the accursed'. This conflicting nature gives Alexander a complex legacy in the Persian world. Joseph Stiles explores Alexander the Great's fascinating relationship with his 'spear-won' empire, disentangling the motives and influences behind his policies and actions as 'King of Asia'.

*Who's Who in the Age of Alexander the Great* Raintree

In a year-by-year chronicle, this book presents an intimate and fascinating portrait of the man who created the greatest empire the world had ever seen. 120 color illustrations.

*Alexander the Great* Pen and Sword History

In 2004 the author's first book "The Lost Tomb of Alexander the Great" was published to the accompaniment of international media attention, since it reported the first credible suggestion as to the current whereabouts of the long-vanished corpse of the illustrious conqueror. In the intervening years, progress by testing the candidate remains has been thwarted by the Church authorities, yet much new information has emerged, casting the enigma in an ever more probing light. In this extensively updated and extended account, the meanderings of the evidence have been tracked with scrupulous care and the tangled threads of

erstwhile hidden history have been teased apart. Thus the forgotten secrets of one of the greatest mysteries bequeathed to us by the ancient world are laid bare, culminating in the novel suggestion that the body stolen from Alexandria in AD828 and now in Venice may have acquired a false identity at the time that paganism was outlawed by the Emperor of Rome in the 4th century AD.

*A Little History of the World* Yale University Press

Babylon in mid-June 323 BCE; prostrated in the Summer Palace of Nebuchadrezzar II on the east bank of the Euphrates, wracked by fever and having barely survived another night, King Alexander III, the ruler of Macedonia for twelve years and seven months, had his senior officers congregate at his bedside.

*An American in Search of God* Mitchell Lane Publishers, Inc.

What was it like to live in ancient Greece? Why not let Alexander

the Great tell you about it? You'll read about his rise to power, his triumphs and failures, and what living in Ancient Greece was like. A postscript explains how and what happened after he died.

*Alexander the Great* BoD - Books on Demand

*Persepolis: Discovery and Afterlife of a World Wonder* presents the first full study of the history of archaeological exploration at Persepolis after its destruction in 330 BC. Based in part on archival evidence, anecdotal information, and unpublished documents, this book describes in detail the history of archaeological exploration, visual documentation, and excavations at one of the most celebrated sites of the ancient world. The book addresses a broad audience of readers ranging from students of the archaeology, history, and art history of ancient, medieval, and modern Iran to scholars in Classical Studies and Ancient Near Eastern Studies.
