### Catalog of Copyright Entries. Fourth Series

Lindhardt og Ringhof

"The Victorian cup on my shelf--a present from my mother--reads 'Love the Giver.' Is it because the very word patronage implies the authority of the father that we have treated American women patrons and activists so unlovingly in the writing of our own history? This pioneering collection of superb scholarship redresses that imbalance. At the same time it brilliantly documents the interrelationship between various aspects of gender and the creation of our own culture."--Judith Tick, author of *Ruth Crawford Seeger: A Composer's Search for American Music* "Together with the fine-grained and energetic research, I like the spirit of this book, which is ambitious, bold, and generous minded. Cultivating Music in America corrects long-standing prejudices, omissions, and

misunderstandings about the role of women in setting up the structures of America's musical life, and, even more far-reaching, it sheds light on the character of American musical life itself. To read this book is to be brought to a fresh understanding of what is at stake when we discuss notions such as 'elitism, ' 'democratic taste, ' and the political and economic implications of art."--Richard Crawford, author of *The American Musical Landscape* "We all know we are indebted to royal patronage for the music of Mozart. But who launched American talent? The answer is women, this book teaches us. Music lovers will be grateful for these ten essays, sound in scholarship, that make a strong case for the women philanthropists who ought to join Carnegie and Rockefeller as household words as sponsors of music."--Karen J. Blair, author of *The Torchbearers: Women and Their Amateur Arts Associations in America* *Neue Zeitschrift für Musik* University Rochester Press

This book is a philosophical tour through the experience of beauty: what it is, and how the composer, performer, and listener all contribute. It explores -- with insight, patience, and humor -- profound issues at the essence of our experience. A student performance of Beethoven's String Quartet No. 10 in E-Flat Major, known as the "Harp," serves as a point of departure and a recurring theme. For the layperson the core of the book is five dialogues between Icarus, an inquiring student intensely concerned with fulfilling his highest potential as a musician, and Daedalus, a curmudgeonly, iconoclastic teacher who guides Icarus's search. Three technical articles, geared to the music professional and academic, treat the issues in greater depth. Supplementary online audio files and musical examples. Markand

Thakar is Music Director of the Baltimore Chamber Orchestra, and a member of the graduate conducting faculty at the Peabody Conservatory of the Johns Hopkins University.

B Odds and Ends: A Miscellany of Matters Musical, Physical, and Practical -- Bibliography -- Index

On the Principles and Practice of Conducting  
Leuven University Press  
Sound and Score brings together music expertise from prominent international researchers and performers to explore the intimate relations between sound and score and the artistic possibilities that this relationship yields for performers, composers and listeners. Considering "notation" as the totality of words, signs, and symbols encountered on the road to an accurate and effective performance of music, this book embraces different styles and periods in a comprehensive understanding of the complex relations between invisible sound and mute notation, between aural perception and visual representation, and between the

concreteness of sound and the iconic essence of notation. Three main perspectives structure the analysis: a conceptual approach that offers contributions from different fields of enquiry (history, musicology, semiotics), a practical one that takes the skilled body as its point of departure (written by performers), and finally an experimental perspective that challenges state-of-the-art practices, including transdisciplinary approaches in the crossroads to visual arts and dance.

Filmated in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen

years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.  
*Bibliographic Guide to*

*Music*

Who doesn't know this theme by the great Henry Mancini? Now in an easy arrangement for school groups by Bob Cerulli. Good for any concert. Use as a change of pace or even encore material!

*André Presser - der Ballettdirigent*

Dieses Buch führt den Leser mit skizzenhaften, erzählenden Beschreibungen erstaunlich weit in der Welt herum. Von den

vielen Wirkungsfeldern des Autors kristallisiert sich mit der 'Ost West Symphonie' eine einzigartige Verbindung kulturellen Verstehens und Austausches heraus, die sich mit wie auch ohne Breitband-Technik inspirierend um den Globus spannt. Dass dabei ein ungewöhnliches Mosaik von Beziehungen mit Menschen verschiedenster Herkunft entsteht, macht das Buch erst recht lesenswert.
