A Duke, the Lady, and a Baby Simon and Schuster

The ladies dictionary, being a general entertainment for the fair-sex was published on 19 March 1694 by John Dunton. No compiler was named on the title page, but the dedication by 'the author' addressed 'to the Ladies, Gentlewomen, and Others, of the Fair-Sex' was signed 'N. H.' The book offers around 1950 lexical and encyclopaedic entries, the great majority excerpted either verbatim or with some degree of abridgement or adaptation from other published books. It was the first substantial reference book to be published in England with women as its principal target audience, and was arguably the first alphabetically-arranged encyclopaedia to be published in English. The editor's introduction in this edition starts with an overview of the publisher John Dunton, and goes on to discuss the compilers of LD; its sources; its editing, printing and proof-reading; and its

advertising, publication and afterlife. It concludes with lists of primary and secondary sources (including all the identified sources of LD). The reproduction of the dictionary that follows is from the Robert H. Taylor collection at Princeton. Because LD is irregularly alphabetized, the reproduction is followed by a new index of entries in strict alphabetical order, with their sources identified.

How a Lady Weds a Rogue Forever

She is grateful for the stability in their lives, but she often feels lonely. Brogan Donnelly was born and raised in Ireland, but has lived in London for several years, where he's built a career as a Penny Dreadful writer. He has dedicated himself to the plight of the poor with the help of his sister. His membership in the secretive Dread Penny Society allows him to feel he isn't entirely wasting his life, yet he feels dissatisfied. With no one to share his life with but his sister, he fears London will never truly feel like home. Brogan and Vera's paths cross, and the attraction is both immediate and ill-advised. Vera knows from past experience that writers are never to be trusted, and Brogan has reason to suspect not everything at her print shop is aboveboard. When the growing criminal enterprise run by the elusive and violent Mastiff begins targeting their area of London, Brogan and Vera must work together to protect the community they've both grown to love. But that means they'll need to learn to trust each other with dangerous secrets that have followed both of them from their home countries"--
