2020 Year Of The Rat

Welcome to 2020, the Year of the Rat! In the Chinese Zodiac calendar 2020 falls as the year of the rat. The glossy cover of this notebook features two cute hand drawn mice made from the numbers in 2020, in the style of Asian calligraphy. "Fill your paper with the breathings of your heart." - William Wordsworth This 6x9" bound journal or notebook includes 110 wide ruled pages. Makes a perfect gift for you or student in your life who loves Chinese or Japanese characters and wants the benefits that journaling brings: Clarify your thoughts and feelings. Know yourself

better. Reduce stress. Solve problems more effectively. Resolve disagreements with others. Whether this becomes a gratitude journal, morning pages, a goal journal, a values journal, an ideal journal, or a curiosity journal, these tips will help you get the most out of your time with your pen and paper: Make it a habit

Embrace slowness Don't make it sound good Make it useful for you No matter what you do, using this as a notebook or as a journal, we hope you enjoy the benefits that writing provides. As Jack London said, "Keep a notebook. Travel with it, eat with it, sleep with it. Slap into it

every stray thought that flutters up into your brain. Cheap paper is less perishable than gray matter. And lead pencil markings endure longer than memory." Great gift idea for boys, girls, men, or women born in year of the rat, or born in 1912, 1924, 1936, 1948, 1960, 1972, 1984, 1996, 2008, 2020.
