"This volume covers the period from the end of the Neolithic era to the beginning of the seventh century of our era. This lengthy period includes the civilization of Ancient Egypt, the history of Nubia, Ethiopia, North Africa and the Sahara, as well as of the other regions of the continent and its islands."--Publisher's description

Before You Go Routledge

This is the book that made its author Henry George suddenly famous. From the year 1879 to the present the doctrines of 'Progress and Poverty' have been familiar to all who are interested in social problems. The book has been read by many to whom Political Economy is still 'the dismal science', and it has been circulated in cheap editions by the thousand among the classes to which it holds out such an alluring prospect. 'Progress and Poverty' has become a classic in labor

literature. Its doctrines have been accepted not only by many who see in them a means of personal rescue from distress and want, but by many others who are convinced by the reasoning of the author. Clergymen, in the Catholic as well as in the Protestant church, have become Mr. George's disciples, and business and professional men have gladly sat at his feet.

Soon to be a comedy series on Netflix! From the stand-up comedian, actress, and host beloved for her cheeky swagger, unique voice, and unapologetic frankness comes a book of "zesty and hilarious" (Publishers Weekly) essays for fans of *Is Everyone Hanging Out Without Me* by Mindy Kaling and *We're Going to Need More Wine* by Gabrielle Union. If you've watched television or movies in the past couple of years, you've seen Michelle Buteau. With scene-stealing roles in *Always Be My Maybe*, *First Wives Club*, *Someone Great*, *Russian Doll*, and *Tales of the City*; a reality TV show and breakthrough stand-up specials, including her headlining show *Welcome to Buteaupia* on Netflix; and two podcasts (*Late Night Whenever* and *Adulthood*), Michelle's star is on the rise. You'd be forgiven for thinking the road to success—or adulthood or financial stability or

self-acceptance or marriage or motherhood—has been easy, but you'd be wrong. Now, in *Survival of the Thickest*, Michelle reflects on growing up Caribbean, Catholic, and thick in New Jersey, going to college in Miami (where everyone smells like pineapple), her many friendship and dating disasters, working as a newsroom editor during 9/11, getting started in stand-up opening for male strippers, marrying into her husband's Dutch family, IVF and surrogacy, motherhood, chosen family, and what it feels like to have a full heart, tight jeans, and stardom finally in her grasp. *Imagine Africa* Farrar, Straus and Giroux

The authors document how four forces--exponential technologies, the DIY innovator, the Technophilanthropist, and the Rising Billion--are conspiring to solve our biggest problems. "Abundance" establishes hard targets for change and lays out a strategic roadmap for governments, industry and entrepreneurs, giving us plenty of reason for optimism.

The hardcover edition of volume 8 was published in 1994. This paperback edition is the eighth and final volume to be published in the UNESCO General History of Africa. Volume 8 examines the

period from 1935 to the present, and details the role of African states in the Second World War and the rise of postwar Africa. This is one of the most important books in the entire series, and as such, it is an unabridged paperback.

This practical, accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms, while also addressing content area standards and improving the literacy skills of their students. Two introductory chapters are followed by five chapters that each cover a different genre: Chapter 3, Informational Books; Chapter 4, Fiction; Chapter 5, Biography, Autobiography, and Memoir; Chapter 6, Poetry; and Chapter 7, How-to and Hands-on Books. Each genre chapter consists of four parts: Part 1: Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills. Part 2: Offers hands-on instructional strategies and activities using literature, with activities for use in a variety of disciplines. Part 3: Presents individual author studies (three or four per chapter) with bibliographies and guidelines for using the authors' books in content area courses. Part 4: Features an annotated bibliography of specially selected children and young adult literature for that genre, organized by content area. The annotations provide information about the book, which can be used to prepare booktalks, and teaching ideas for using in a specific content area. Altogether these sections contain more than 600 annotated entries tabbed by subject area, including art, English/language arts, languages and culture, math and technology, music, PE/health, science, and social studies/history.

As a dutiful Victorian daughter, the author was thirty before being freed (by her parents' deaths) to do as she chose. She went to West Africa in 1893 and again in 1895, to investigate the beliefs and customs of the inland tribes and also to collect zoological specimens. She was appalled by the 'thin veneer of rubbishy white culture' imposed by British officials and was not afraid to say so.

Pulitzer Prize-winning author John McPhee continues his Annals of the Former World series about the geology of North America along the fortieth parallel with *Rising from the Plains*. This third volume presents another exciting geological excursion with an engaging account of life—past and present—in the high plains of Wyoming. Sometimes it is said of geologists that they reflect in their professional styles the sort of country in which they grew up. Nowhere could that be more true than in the life of a geologist born in the center of Wyoming and raised on an isolated ranch. This is the story of that ranch, soon after the turn of the twentieth century, and of David Love, the geologist who grew up there, at home with the composition of the high country in the way that someone growing up in a coastal harbor would be at home with the vagaries of the sea.

Everything Is Sampled examines the shifting modes of production and circulation of African artistic forms since the 1980s, focusing on digital culture as the most currently decisive setting for these changes. Drawing on works of cinema, literature, music, and visual art, Akin Adesokan addresses two main questions. First, given the various changes that the institutions producing African arts and letters have undergone in the past four decades, how have the representational impulses in these forms fared in comparison with those at work in pervasively digital cultures? Second, how might a long view of these artistic forms across media and in different settings affect our understanding of what counts as art, as text, as authorship? Immersed in digital culture, African artists today are acutely aware of the media-saturated circumstances in which they work and actively bridge them by making ethical choices to shape those circumstances. Through an innovative development and analysis of five modes of creative practice—curation, composition,

adaptation, platform, and remix—*Everything Is Sampled* offers an absorbingly complex yet nuanced approach to appreciating the work of several generations of African writers, directors, and artists. No longer content to just fill a spot in the relay between the conception and distribution of a work, these artists are now also quick to view and reconfigure their works through different modes of creative practice.

Literary History: Towards a Global Perspective is a research project funded by the Swedish Research Council (Vetenskapsrådet). Initiated in 1996 and launched in 1999, it aims at finding suitable methods and approaches for studying and analysing literature globally, emphasizing the comparative and intercultural aspect. Even though we nowadays have fast and easy access to any kind of information on literature and literary history, we encounter, more than ever, the difficulty of finding a credible overall perspective on world literary history. Until today, literary cultures and traditions have usually been studied separately, each field using its own principles and methods. Even the conceptual basis itself varies from section to section and the genre concepts employed are not mutually compatible. As a consequence, it is very difficult, if not impossible, for the interested layperson as well as for the professional student, to gain a clear and fair perspective both on the literary traditions of other peoples and on one's own traditions. The project can be considered as a contribution to gradually removing this problem and helping to gain a better understanding of literature and literary history by means of a concerted empirical research and deeper conceptual reflection. The contributions to the four volumes are written in English by specialists from a large number of disciplines, primarily from the fields of comparative literature, Oriental studies and African studies in Sweden. All of the literary texts discussed in the articles are in the original language. Each one of the four volumes is devoted to a special research topic.

The Routledge Companion to Applied Performance provides an in-depth, far-reaching and provocative consideration of how scholars and artists negotiate the theoretical, historical and practical politics of applied performance, both in the academy and beyond. These volumes offer insights from within and beyond the sphere of English-speaking scholarship, curated by regional experts in applied performance. The reader will gain an understanding of some of the dominant preoccupations of performance in specified regions, enhanced by contextual framing. From the dis(h)arming of the human body through dance in Colombia to clowning with dementia in Australia, via challenges to violent nationalism in the Balkans, transgender performance in Pakistan and resistance rap in Kashmir, the essays, interviews and scripts are eloquent testimony to the courage and hope of people who believe in the power of art to renew the human spirit. Students, academics, practitioners, policy-makers, cultural anthropologists and activists will benefit from the opportunities to forge new networks and develop in-depth comparative research offered by this bold, global project.

'Blood River' is a readable account of an African country now virtually inaccessible to the outside world and what is perhaps one of the most daring and adventurous journeys a journalist has made.

Theorizing a Colonial Caribbean-Atlantic Imaginary Random House

This book bridges the gap between the simultaneously unfolding histories of postcoloniality and the forty-five-year ideological and geopolitical rivalry between the U.S. and the U.S.S.R. Not only did the superpowers rely upon the decolonizing world to further imperial agendas, but the postcolony itself was shaped, epistemologically and materially, by Cold War discourses, policies, narratives, and paradigms. Ruptures and appropriated trajectories in the postcolonial world can be attributed to the ways in which the Cold War became the afterlife of European colonialism. Through a speculative assemblage, this book connects the dots, deftly taking the reader from Frantz Fanon to Aaron Swartz, and from assassinations in the Third World to American

multiculturalism. Whether the Cold War subverted the dream of decolonization or created a compromised cultural sphere, this book makes those rich palimpsests visible.

From the acclaimed author of *Dispatches From Pluto* and *Deepest South of All* comes a rollicking travelogue from East Africa. NO ONE TRAVELS QUITE LIKE RICHARD GRANT and, really, no one should. In his last book, the adventure classic *God's Middle Finger*, he narrowly escaped death in Mexico's lawless Sierra Madre. Now, Grant has plunged with his trademark recklessness, wit, and curiosity into East Africa. Setting out to make the first descent of an unexplored river in Tanzania, he gets waylaid in Zanzibar by thieves, whores, and a charismatic former golf pro before crossing the Indian Ocean in a rickety cargo boat. And then the real adventure begins. Known to local tribes as "the river of bad spirits," the Malagarasi River is a daunting adversary even with a heavily armed Tanzanian crew as travel companions. Dodging bullets, hippos, and crocodiles, Grant finally emerges in war-torn Burundi, where he befriends some ethnic street gangsters and trails a notorious man-eating crocodile known as Gustave. He concludes his journey by interviewing the dictatorial president of Rwanda and visiting the true source of the Nile. Gripping, illuminating, sometimes harrowing, often hilarious, *Crazy River* is a brilliantly rendered account of a modern-day exploration of Africa, and the unraveling of Grant's peeled, battered mind as he tries to take it all in.

Zanele Muholi: *Somnyama Ngonyama, Hail the Dark Lioness* features over ninety of Muholi's evocative self-portraits, each image drafted from material props in Muholi's immediate environment. These portraits reflect the journey, self-image, and possibilities of a black woman in today's global society. With more than twenty written contributions from curators, poets, and authors, alongside luxurious tritone reproductions of Muholi's images, this title is as much a manifesto of resistance as it is an autobiographical, artistic statement.
