Fœdera, conventiones, literæ, et cujuscunque generis acta publica, inter reges Angliæ et alios quosvis imperatores, reges, pontifices, principes, vel communitates, ab ineunte sæculo duodecimo, viz. ab anno 1101, ad nostra usque tempore habita aut tractata BRILL

This is a compact introduction to the work of Philo (c. 20 BCE-50 CE), the important Jewish thinker and scriptural interpreter. Kenneth Schenck provides a guide for understanding Philo's complex works, a roadmap for topics and contents of Philo's writings, and a description of contemporary research so students can easily find their ways into Philo study.

A Copious and Critical Latin-English Lexicon Paulist Press

The nature of Roman primacy and the extent of the teaching and jurisdictional authority of the pope have long been areas of misunderstanding and disagreement between the Catholic Church and the Orthodox Churches of the East. Just as the Petrine office of the Roman pontiff admits of historical unfolding, so, too, do differing theological accounts of this office, and the period of the fourth-century Arian controversy marks a significant stage in the development of both. D. Vincent Twomey's *Apostolikos Thronos* exposes two divergent Eastern accounts of Roman primacy in the writings of the

rival fourth-century bishops Eusebius of Caesarea and Athanasius of Alexandria. In the first part, Twomey examines successive versions of Eusebius' Church History, and he shows how Eusebius comes to replace his earlier apostolic ecclesiology with a novel imperial ecclesiology tied to Constantine's embrace of Christianity, a shift that both reflects and contributes to a lasting change in the consciousness of the East toward the See of Rome. The second part explores the perspective on Roman primacy found in Athanasius' historical and apologetic works, penned in response to his deposition from the See of Alexandria, which reveal how Athanasius preserves the traditional apostolic ecclesiology of the early Eusebius and also displays a deepening theological appreciation for the preeminence of the church and bishop of Rome, anticipating later articulations of the theology of the papacy.

Online ed. provides access to the entire 45,000-plus articles of Grove's Dictionary of art (1996, 34 vols.) with constant additions of new material and updates to the text, plus extensive image links.

[Index to the Principal Places in the World \(modern\)](#) University of Chicago Press

This is volume one of a five volume effort, by one of History's greatest commentator's on the Gospels. This work is written for one who does have a fluid knowledge of philosophy, not alone Thomas Aquinas. What this accomplishes is to provide a modern version of the Catena Aurea-Golden Chain in today's verbiage and related issues, while in keeping with the flow and content of the original. Aquinas is one who regardless of your placement on

your spiritual journey. Aquinas is the basis for so much of what we have come to regard as dogma. Mathew's size demands that we provide it in two books. All commentators, have been noted in Bold, with their respective cited treatise is italicized. Added 60 additional footnotes regarding variant Proper Nouns. Added 1400 lines of End Notes, of coordinated references, of the other variant Church Fathers who have also remarked on the Scriptures, housed in the ANF, NF and PNF Series. The Latin phrases/text cited have been translated into English.

A Greek-English Lexicon of the New Testament and Other Early Christian Literature EDT srl

Described as an "invaluable reference work" (Classical Philology) and "a tool indispensable for the study of early Christian literature" (Religious Studies Review) in its previous edition, this new updated American edition of Walter Bauer's Wörterbuch zu den Schriften des Neuen Testaments builds on its predecessor's staggering deposit of extraordinary erudition relating to Greek literature from all periods. Including entries for many more words, the new edition also lists more than 25,000 additional references to classical, intertestamental, Early Christian, and modern literature. In this edition, Frederick W. Danker's broad knowledge of Greco-Roman literature, as well as papyri and epigraphs, provides a more panoramic view of the world of Jesus and the New Testament. Danker has also introduced a more consistent mode of reference citation, and has provided a composite list of abbreviations to facilitate easy access to this wealth of information. Perhaps the single most important lexical innovation of Danker's edition is its inclusion of extended definitions for Greek terms. For instance, a key meaning of "episkopos" was defined in the second American edition as overseer; Danker defines it as "one who has the responsibility of safeguarding or seeing to it that something is done in the correct way, guardian." Such extended definitions give a fuller sense of the word in question, which will help avoid both anachronisms and confusion among users of the lexicon who may not be native speakers of English. Danker's edition of Bauer's Wörterbuch will be an indispensable guide for Biblical and classical scholars, ministers, seminarians, and translators.

The most important document of early monasticism, written in 357, this is a biography of the recognized founder and father of monasticism. +

The Life of Saint Antony Emmaus Academic

M. John-Patrick O'Connor proposes that - in contrast to recent contemporary scholarship that rarely focuses on the ethical implications of discipleship and Christology - Mark's Gospel, as our earliest life of Jesus, presents a theological description of the moral life. Arguing for Mark's ethical validity in comparison to Matthew and Luke, O'Connor begins with an analysis of the moral environment of ancient biographies, exploring what types of Jewish and Greco-Roman conceptions of morality found their way into Hellenistic biographies. Turning to the Gospel's own examples of morality, O'Connor examines moral accountability according to Mark, including moral reasoning, the nature of a world in conflict, and accountability in both God's family and to God's authority. He then turns to images of the accountable self, including an analysis of virtues and virtuous practices within the Gospel. O'Connor concludes with the personification of evil, human responsibility, punitive consequences, and evil's role in Mark's moral landscape.

The Thematic Catalogue of the Musical Works of Johann Pachelbel Scarecrow Press

An essay on authorities examines the controversies over the authenticity of Pachelbel's manuscripts." "Meticulously compiled with copious notes and comments, this unique volume will be invaluable to those already familiar with Pachelbel's compositions and will create new interest among those who were aware only of the universally loved canon movement of his Canon and Gigue in D."--BOOK JACKET.

The Philosophy of the Church Fathers: Faith, Trinity, Incarnation Paulist Press

This volume of essays reflects the breadth and scope of Bach research.

The handy-book to Caesar [De bello Gallico, book 1, with a tr.] Westminster John Knox Press

Despite the striking frequency with which the Greek word kyrios, Lord, occurs in Luke's Gospel, this study is the first comprehensive analysis of Luke's use of this word. The analysis follows the use of kyrios in the Gospel from beginning to end in order to trace narratively the complex and deliberate development of Jesus' identity as Lord. Detailed attention to Luke's narrative artistry and his use of Mark demonstrates that Luke has a nuanced and sophisticated christology centered on Jesus' identity as Lord.

The judgment that one form of the theory and practice of penance in Christian antiquity will be largely determined by the interpretation which one puts upon these two treatises. On Penitence dates from Tertullian's Catholic period, and is a sermon addressed to the faithful on the subject of repentance and forgiveness. On Purity is one of his most violent Montanist treatises. In it he criticizes the policy the church follows in granting pardon to serious sins. +

Macrobii Ambrosii Theodosii Opera Quae Supersunt...

In its approach to evidence, not harmonizing but analyzing and differentiating, this book marks a revolutionary shift in the study of ancient Judaism and Christianity.
