DAISY FOLEY

Principle Or Profit Harlequin Books
One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year “One of the best books of its kind in decades.” —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years

refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with

popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends

familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full.

After the collision claimed her mother's
life and left her with a memory full of
holes, Lilly Noble is sent away to
boarding school on the gloomy island of
Raven's Landing, Maine. Though feeling
exiled and abandoned by her father, she
is determined to fill in the blanks the
accident left in her mind. When she
meets the hypnotically charming and
strangely intense Murosky Skaggs, his
unnatural curiosity and careful
attentions toward her raise her
suspicions. His stories don't add up.
Lilly's search for the truth beneath his
lies causes her life to take a thrilling and

terrifying twist. What she doesn't realize
is the closer she gets to revealing his
dark secret, the closer she comes to
regaining her memory and unmasking
her mother's murderer. But something
else, something far more sinister is
lurking just off the coast. It's been there,
waiting for her. Lilly's quest for answers
puts her and those around her in mortal
danger, and once she starts down that
path, there is no turning away from her
destiny, if she can survive. Young Adult

Anemone Enemy McGraw-Hill Education
"There's a moment in Janis Joplin's rendition of "Piece of My Heart" that anyone who has heard the song even once will recall vividly. I'm referring of course to Joplin's explosive cry of "take it!" about a minute in, right at the beginning of the chorus. This moment seems to embody all of rock's essential elements: freedom, power, personal expression, heartache, rebellion, etc. But that moment, iconic as it is, is more than a moment. Its strength is completely lost if we remove it from its musical context. Imagine playing someone just that second or two of music and expecting an emotional reaction you will more likely be met with bewilderment than excitement. The powerful effect of Joplin's cry derives as much from the

material surrounding it as from what happens at that particular point in time. To understand that moment we must therefore consider it in relation to the song's organization as a whole. That central question how a song is organized in time underlies the concept of musical form. Form is often presented in opposition to content, the latter referring to more tangible musical elements such as notes and rhythms. The two are not so easily separated, though; as the "Piece of My Heart" example attests, we perceive content through the lens of form, each moment's meaning dependent on its role within the song's temporal organization. Music builds its communicative capacity upon its formal foundation; studying form is thus not a matter of zooming in on one particular

musical aspect, but rather sets the stage for understanding all of a song's various expressive elements. Form, in other words, is the gateway to interpretation. This book offers a comprehensive theory of form in rock music. My basic premise is that rock songs are cohesive entities, gradually unfolding through time a unified musical structure. Their formal components are not merely discrete elements arranged in succession but interdependent, dialogic utterances, each fulfilling a particular role in relation to the whole. Seen this way, rock form is inherently a process, an active, temporal journey, not a series of musical containers; "a self-realizing verb, unspooling itself through time, not a static noun," as James Hepokoski and Warren Darcy put it (2006, 616). In other

words, form is something a song does, not something it is. A conception of form as process underlies much contemporary discussion of classical form (Schmalfeldt 2011, Hepokoski and Darcy 2006, Caplin 1998); discussions of form in rock, though, tend toward an object-oriented approach, focusing on dividing a song into labeled sections rather than describing its temporal development.¹ Rock-oriented studies that reflect a more processual approach, such as Robin Attas's 2015 article on buildup introductions and Allan Moore's 2012 monograph *Song Means*, generally eschew large-scale thinking in favour of moment-to-moment interpretations; Moore specifically states that he \see[s] little to be gained from [discussing more global formal terms] . . . it implies a

'god's-eye perspective,' which does not seem to be part of the popular song experience, where what matters is exactly where one is at a particular point in time" (84). I do not believe a focus on process is incompatible with large-scale thinking, though. My aim in this book is to bring a process-based approach to the study of rock's large-scale structures"--

Penguin

The legendary critic and author of *Mystery Train* "ingeniously retells the tale of rock and roll" (Publishers Weekly, starred review). Unlike previous versions of rock 'n' roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten

songs and dramatizes how each embodies rock 'n' roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. "Transmission" by Joy Division. "All I Could Do Was Cry" by Etta James and then Beyoncé. "To Know Him Is to Love Him," first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus's hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and

prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. “One of the epic figures in rock writing.”—The New York Times Book Review “Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it.”—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers

Art can come in many styles and the technique to create each one can vary depending on the artist and the era. In this book, we're going to study art history from Impressionism to Post-Impressionism. What are the differences between them? How do you tell one from the other? What are examples of art produced? Know the answers and more from the pages of this book.

History of Rock 'n' Roll in Ten Songs
Oxford University Press, USA

Calliope is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the

primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of

etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.

Essential vocabulary for AQA A-level Spanish, all in one place. - Supplement key resources such as course textbooks with all the vocab students need to know in one easy-to-navigate place, completed updated to match the latest specification - Ensure extensive vocab coverage with topic-by-topic lists of key words and phrases, including a new section dedicated to film and literature - Test students' knowledge with end-of-topic activities designed to deepen their understanding of word patterns and relationships - Develop effective strategies for learning new vocab and dealing with unfamiliar words

Calliope ABC-CLIO

"This is Jim Thompson meets Stephen King." (Mysteries and More) In the deep woods, a well. In the well, a Voice. . . .

The Voice speaks of lust, and blood, and murder to any who listen. Under the spell of Cindy Brasher, almost any young man will listen. In its first general release, here is Ed Gorman's underground classic of dark suspense-- "An amazing noir like no other," declares Duane Swierczynski. Ellery Queen's *Mystery Magazine* describes Gorman as "one of suspense fiction's best storytellers." Bestselling author Dean Koontz adds: "Gorman's writing is strong, fast and sleek as a bullet."

Rock And Roll McGraw-Hill Education
Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder

has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm's thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his "Gang Green" squad of misfits commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm's friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only "Tear Drop and Buds" are able to recognize and tame. Both OG's in the game graduating to bosses of a

mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it's a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the end of the day we all gotta go, so which one are you willing to die for?

Yeah Yeah Yeah Routledge

Until his death aged thirty-three in 1982, Lester Bangs wrote wired, rock 'n' roll

pieces on Iggy Pop, The Clash, John Lennon, Kraftwerk, Lou Reed. As a rock critic, he had an eagle-eye for distinguishing the pre-packaged imitation from the real thing; written in a conversational, wisecracking, erotically charged style, his hallucinatory hagiographies and excoriating take-downs reveal an iconoclast unafraid to tell it like it is. To his journalism he brought the talent of a great a renegade Beat poet, and his essays, reviews and scattered notes convey the electric thrill of a music junky indulging the habit of a lifetime. As Greil Marcus writes in his introduction, 'What this book demands from a reader is a willingness to accept that the best writer in America could write almost nothing but record reviews.'
