STEWART DIAZ

Woodcarving Fox Chapel Publishing
Robert A. Slade, after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector magazine for several years started researching and writing books in the 1990's. He published the HISTORY & COLLECTIBLE FISHING TACKLE OF WISCONSIN in 1999 which sold 4,500 copies. Bob realized that even though there have been many books published on the subject of old fishing lures that few books covered any detailed history on the old lure makers. His latest book writing project was nine years in the making and covers over 100 years of lure making history starting in 1875 and covers over 2,500 lures makers throughout all of North America. THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers. The author traveled to 11 states and 3 Canadian Providences visiting collectors homes, newspaper archives, museums and other sources and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lures makers to appear in alphabetical order. People purchasing these books can buy any one single book, a whole set, or even a book a month if they desire as the books will be printed and shipped on demand. Each book has over 400 pages of text, pictures and collector values with each book containing a table of contents and

index as well as a master index for the complete set of books.

Carving Woodspirits: the Basics Fox Chapel Publishing

Step-by-step instructions and over 100 how-to photos show you how to whittle, paint, and stain the salty Old Sea Captain and his first and second mates. Carving patterns are included for making caricatures, buoys, lobster traps, and wooden crates to set an entire sea-faring scene!

Soar to new heights with this helpful how-to on power-carving a variety of wooden birds. Featuring internationally known woodcarver Frank Russell, this guide offers expert instruction on a wide range of carving techniques and ways to improve your skills. Original patterns for a number of different types of birds are provided, along with detailed sketches to offer guidance for woodcarvers of all skill levels. The patterns can even be used for other types of three-dimensional or flatwork art if wood isn't your preferred material of choice. Each bird design includes textural facts, sketched details, linear top-view patterns, and colored side-view patterns. Regardless of your experience in power carving, with this guide you too can make a beautiful, one-of-a-kind piece all on your own!

The Ultimate Bluegrass Mandolin Construction Manual HarperCollins

You can whittle just about anything—the only limit is your imagination. It's so easy to get started in this relaxing and rewarding hobby. All you need is a knife, a twig, and this book! We've assembled a team of 12 leading woodcarvers to bring you a complete starter guide to whittling. They present 24 easy whittling projects for beginners that you can make in just a weekend, complete with step-by-step instructions, how-to photographs, ready-to-carve patterns, and helpful tips. Start off with fast and fun projects that build confidence and teach fundamental carving techniques, like a simple flying propeller or a 5-minute owl. Then move on to create whittled wonders like a musical frog or a slingshot. We show you how to whittle complex designs in easy steps, so that you'll soon be carving attention-getting favorites like chain links or the classic

ball-in-a-cage.

Whittling Folk-art Style Fox Chapel Publishing

Cane Topper Woodcarving Fox Chapel Publishing Company Incorporated
Ali Stephenson has it all--a secure position at Southern Style Magazine where she's risen to the ranks of managing editor, and all the trappings that a six-figure salary makes possible. She has good friends, practices yoga daily, and takes long strolls on the beach near her home on the Chesapeake Bay. Yet, little does she know, she's about to be set-up to take over Joe Driscoll's role as publisher. Before that occurs, however, Joe sends Ali on assignment to write about fly fishing on the Lower Laguna Madre in deep South Texas. There, Ali is forced to face a past that she has been diligently keeping at bay. Like many women, Ali has a history of choosing unavailable men, stemming from childhood wounding by an abusive father who murdered her mother, leaving her to be raised by her grandparents in the Blue Ridge Mountains. However, all of that changes when the feisty lodge owner, Mama Kate, who has a deep devotion to the divine feminine, challenges Ali to face

her demons and embrace her inner wisdom. The *Whispered Teachings of Grandmother Trout* is best described as the feminine version of *A River Runs Through It*, combining nature, spirituality, and the complexity of navigating human relationships. While it is a woman's coming of age novel, men connect with the prominent male characters, especially Captain Jack Cooper, Ali's fly-fishing guide, and Gus Gammons, Mama Kate's faithful companion, whose complicated relationship with Kate mirrors Ali's resistance to trust her.

Carving Woodspirits: The Basics is A Complete Step-By-Step Guide for Carving Faces in Wood. In this book you will learn basic woodcarving fundamentals including, tool selection, safety, best woods to carve, how to sharpen carving tools, how to apply finish to a project, and how to make basic woodcarving cuts. The main body of the book covers in great detail how to carve a woodspirit face. Beginner carvers will appreciate that only 3 commonly used tools are required to complete the project. The concepts and techniques learned in *Carving Woodspirits: The Basics* can easily be applied to other face carving projects. Authors Susan Hendrix and PJ Peery have been teaching woodcarvers for over 20 years and have a wealth of knowledge to share. Tips, tricks, and techniques from these many years of experience are clearly explained to help shorten the learning curve and will provide a foundation for newer carvers.

This truly is the best first book and best first project for a woodcarver.
