It's a welcome way station for settlers and frontiersmen traveling through the wild Cumberland region of Kentucky--men like Sion Morgan, a Virginia surveyor who arrives at the inn with his crew looking for an experienced guide. When his guide appears, Sion balks. He certainly didn't expect a woman. But it is not long before he must admit that Tempe's skill in the wilderness rivals his own. Still, the tenuous tie they are forming is put to the test as they encounter danger after danger and must rely on each other. With her signature sweeping style and ability to bring the distant past to vivid life, Laura Frantz beckons readers to join her in a land of Indian ambushes, conflicting loyalties, and a tentative love that meanders like a cool mountain stream.

The Taking of Jemima Boone Revell

The powerful and affirming story of a father's journey with his teenage daughter to the far reaches of Alaska Alaska's Arctic National Wildlife Refuge, home to only a handful of people, is a harsh and lonely place. So when James Campbell's cousin Heimo Korth asked him to spend a summer building a cabin in the rugged Interior, Campbell hesitated about inviting his fifteen-year-old daughter, Aidan, to join him: Would she be able to withstand clouds of mosquitoes, the threat of grizzlies, bathing in an ice-cold river, and hours of grueling labor peeling and hauling logs? But once there, Aidan embraced the wild. She even agreed to return a few months later to help the Korths work their traplines and hunt for caribou and moose. Despite windchills of 50 degrees below zero, father and daughter ventured out daily to track, hunt, and trap. Under the supervision of Edna, Heimo's Yupik Eskimo wife, Aidan grew more confident in the woods. Campbell knew that in traditional Eskimo cultures, some daughters earned a rite of passage usually reserved for young men. So he decided to take Aidan back to Alaska one final time before she left home. It would be their third and most ambitious trip, backpacking over Alaska's Brooks Range to the headwaters of the mighty Hulahula River, where they would assemble a folding canoe and paddle to the Arctic Ocean. The journey would test them, and their relationship, in one of the planet's most remote places: a land of wolves, musk oxen, Dall sheep, golden eagles, and polar bears. At turns poignant and humorous, *Braving It* is an ode to America's disappearing wilderness and a profound meditation on what it means for a child to grow up--and a parent to finally, fully let go.

A Heart Adrift Simon and Schuster

Though Magnus MacLeish and Lark MacDougall grew up on the same castle grounds, Magnus is now laird of the great house and the Isle of Kerrera. Lark is but the keeper of his bees and the woman he is hoping will provide a tincture that might help his ailing wife conceive and bear him an heir. But when his wife dies suddenly, Magnus and Lark find themselves caught up in a whirlwind of accusations, expelled from their beloved island, and sold as indentured servants across the Atlantic. Yet even when all hope seems dashed against the rocky coastline of the Virginia colony, it may be that in this New World the two of them could make a new beginning--together. Laura Frantz's prose sparkles with authenticity and deep feeling as she digs into her own family history to share this breathless tale of love, exile, and courage in Colonial America.
