Rowman &  
Littlefield  
Settled in the  
tranquil  
remoteness of  
the Scottish  
Highlands,  
Ardnoch  
Estate caters  
to the rich and  
famous. It is  
as  
unattainable  
and as  
mysterious as  
its owner -ex-  
Hollywood  
leading man  
Lachlan Adair-  
and it's poised  
on the edge of  
a dark  
scandal. After  
narrowly  
escaping  
death, police  
officer Robyn  
Penhaligon  
leaves behind  
her life in  
Boston in  
search of  
some  
answers.  
Starting with  
Mac Galbraith,

the Scottish father who abandoned her to pursue his career in private security. To re-connect with Mac, Robyn will finally meet a man she's long resented. Lachlan Adair. Hostility instantly brews between Robyn and Lachlan. She thinks the head of the Adair family is high-handed and self-important. And finding closure with Mac is proving more difficult than she ever imagined.

Robyn would sooner leave Ardnoch, but when she discovers Mac is embroiled in a threat against the Adairs and the exclusive members of the estate, she finds she's not yet ready to give up on her father. Determined to ensure Mac's safety, Robyn investigates the disturbing crimes at Ardnoch, forcing her and Lachlan to spend time together. Soon it becomes clear a searing attraction exists beneath their

animosity, and temptation leads them down a perilous path. While they discover they are connected by something far more addictive than passion, Lachlan cannot let go of his grip on a painful past: a past that will destroy his future ... if the insidious presence of an enemy lurking in the shadows of Ardnoch doesn't do the job first.

As parents face the difficult reality of a broken home, a sense of being completely overwhelmed can shut down the perspective they need to find restoration. Parents need to know that they can choose to define this season of their lives, instead of becoming defined by circumstances. They can deliberately look toward God and come to a deeper understanding of His true nature, power,

and intimate care. As this former Christian music industry executive shares his story of divorce, his seven years as a single father, and his transition to a second marriage and a blended family, he also offers readers some hard-learned lessons and insights on being an effective, empathetic, and empowered single parent, answering crucial questions such as: How

do I find peace when everything around me is chaos? How do I manage meeting needs when I have nothing to give? How and where do I begin again? The author addresses the fears and exhaustion of single parenting, while revealing the keys to gaining strength and courage for each day. He also shares how he found his “solo” relationship with his heavenly Father

through his “solo” parenting season. Readers will learn five helpful habits and practical healing principles they can immediately apply in this season of life. *Solo* HarperCollins Solo by Kwame Alexander and Mary Rand Hess is a New York Times bestseller! Kirkus Reviews said Solo is, “A contemporary hero’s journey, brilliantly told.” Through the story of a

young Black man searching for answers about his life, Solo empowers, engages, and encourages teenagers to move from heartache to healing, burden to blessings, depression to deliverance, and trials to triumphs. Blade never asked for a life of the rich and famous. In fact, he'd give anything not to be the son of Rutherford Morrison, a washed-up rock star and drug addict with delusions of a

comeback. Or to no longer be part of a family known most for lost potential, failure, and tragedy, including the loss of his mother. The one true light is his girlfriend, Chapel, but her parents have forbidden their relationship, assuming Blade will become just like his father. In reality, the only thing Blade and Rutherford have in common is the music that lives inside

them. And songwriting is all Blade has left after Rutherford, while drunk, crashes his high school graduation speech and effectively rips Chapel away forever. But when a long-held family secret comes to light, the music disappears. In its place is a letter, one that could bring Blade the freedom and love he's been searching for, or leave him feeling even more adrift. Solo: Is written by

New York Times bestselling author and Newbery Medal and Coretta Scott King Book Award-winner Kwame Alexander Showcases Kwame's signature intricacy, intimacy, and poetic style, by exploring what it means to finally go home An #OwnVoices novel that features a BIPOC protagonist on a search for his roots and identity Received great reviews from

Publishers Weekly, School Library Journal, Booklist, and Kirkus. If you enjoy Solo, check out *Swing* by Kwame Alexander and Mary Rand Hess. *Citizen Illegal* Houghton Mifflin Harcourt The acclaimed South Korean author explores two worlds, four stories, and infinite possibilities in this "breath-taking" speculative fiction collection (Bong Joon-ho, Oscar-winning

director of *Parasite*). Available in English for the first time, this volume presents two pairs of thematically interconnected stories by celebrated writer Kim Bo-Young. In "I'm Waiting for You" and "On My Way," an engaged couple coordinate their separate missions to distant corners of the galaxy to ensure—through relativity—the y can arrive back on Earth simultaneously to make it

down the aisle. But small incidents wreak havoc on space and time, driving their wedding date further away. As centuries on Earth pass, one thing is constant: the desire of the lovers to be together. In “The Prophet of Corruption” and “That One Life,” humanity is viewed through the eyes of its godlike creators for whom everything on Earth is an extension of their will.

When one of them questions this arrangement, it is deemed a perversion—a disease—that must be excised and cured. Yet the Prophet Nabab, whose “child” is rebelling, isn’t sure the rebellion is wrong. What if that which is considered criminal is instead the natural order—and those who condemn it corrupt? Exploring the dichotomy between the philosophical and the corporeal, Kim

considers the most basic of questions: who am I? *The Story of the Lost Child* HarperCollins Everyone needs hugs, even if they're prickly. When Hedgehog wakes up feeling down in the snout and droopy in the prickles, he knows a hug will make him feel much better. But none of his animal friends are eager to wrap their arms around Hedgehog's prickles, and he's too smart to fall for Fox's sly offer. Then Hedgehog

gets a surprise: Another animal in the forest is feeling exactly the same way. Luckily, both are kind and brave enough for the perfect hug.

Written with humor and sincerity" (Newsweek).

Named a Best Book of the Year by Newsweek and NPR. In this "devastating debut" (Publishers Weekly), poet José Olivarez explores the stories, contradictions, joys, and sorrows that embody life in the spaces between Mexico and America. He paints vivid portraits of good kids, bad kids, families clinging to hope, life after the steel mills, gentrifying barrios, and everything in between.

Drawing on the rich traditions of Latinx and Chicago writers like Sandra Cisneros and Gwendolyn Brooks, Olivarez creates a home out of life in the in-between. Combining wry humor with potent emotional force, Olivarez takes on complex issues of race, ethnicity, gender, class, and immigration using an everyday language that invites the reader in, with

a unique voice that makes him a poet to watch. "The son of Mexican immigrants, Olivarez celebrates his Mexican-American identity and examines how those two sides conflict in a striking collection of poems."

'Heady and rambunctious ... Wake up, this book says: in its plot lines, in

its humour, in its philosophical underpinnings and political agenda. I'll pay it the highest compliment it knows - this book is a wild thing.' New York Times Book Review  
*Mountain Solo*  
Baker Books  
At first, nothing lived on Earth. It was a noisy, hot, scary place. Choking gas exploded from volcanoes and oceans of lava bubbled around the globe... Then in the deep, dark ocean, something

amazing happened. This is an exciting and dramatic story about how life began and developed on Planet Earth, written especially for younger children. The authors explain how the first living cell was created, and how the cells multiply and create jellyfish and worms, and then fish with bendy necks, which drag themselves out of the water into swampy forests. They tell the story

of the biggest creatures that have ever walked on land - the dinosaurs. Long after that, hairy creatures who have babies, not eggs, take over, stand on two legs and spread around the world, some of them living through cataclysmic events such as ice ages and volcanic eruptions. Everyone living today is related to these survivors. With delightful illustrations including lots of detail and humour, all

carefully researched and checked, this book shows the development of life on Earth in a truly accessible and simple way.  In the summer of 2015, the U.S. women's national soccer team won the World Cup behind an epic performance by Carli Lloyd. Carli, a midfielder, scored three goals in the first sixteen minutes—the greatest goal-scoring effort in the history of World Cup finals. But there was a time when Carli almost quit soccer. She struggled with doubts and low

confidence. In *All Heart*, adapted from *When Nobody Was Watching* specifically for younger readers, Carli tells the full inspiring story of her journey to the top of the soccer world—an honest, action-packed account that takes readers inside the mind of a hardworking athlete. "My family doesn't do happy endings. We do sad endings or frustrating endings or no endings at all. We are hardwired to expect the next interruption or disappearance or broken promise." Hope Solo is the face of the modern female athlete. She is fearless, outspoken, and the best in the world at what she does: protecting the goal of the U.S. women's soccer team.

Her outsized talent has led her to the pinnacle of her sport—the Olympics and the World Cup—and made her into an international celebrity who is just as likely to appear on ABC's *Dancing with the Stars* as she is on the covers of *Sports Illustrated*, *ESPN The Magazine*, and *Vogue*. But her journey—which began in Richland, Washington, where she was raised by her strong-willed mother

on the scorched earth of defunct nuclear testing sites—is similarly haunted by the fallout of her family history. Her father, a philanderer and con man, was convicted of embezzlement when Solo was an infant. She lost touch with him as he drifted out of prison and into homelessness. By the time they reunited, years later, in the parking lot of a grocery store, she was

an All-American goalkeeper at the University of Washington and already a budding prospect for the U.S. national team. He was living in the woods. Despite harboring serious doubts even about the provenance of her father's last name (and her own), Solo embraces him as fiercely as she pursues her dreams of being a world-class soccer player. When those dreams are threatened by

her standing within the national team, as when she was famously benched in the semifinals of the 2007 World Cup after four shutouts and spoke her piece publicly, we see a woman of uncompromising independence and hard-won perseverance navigate the petty backlash against her. For the first time, she tells her version of that controversial episode, and offers with it a full understanding

of her hard-scrabble life. Moving, sometimes shocking, Solo is a portrait of an athlete finding redemption. This is the Hope Solo whom few have ever glimpsed. Signed poster inside.
