ELSA CASSIDY

Grappelli Licks Oak Publications (String). Jazz is one of the biggest challenges a violinist can face, with the thought of improvisation likely to strike fear into the heart of even the best classical player. This book demystifies the process, taking you step by step through everything you need to know about playing jazz violin. The work of players such as Stephane Grappelli, Joe Venuti, Stuff Smith and Jean-Luc Ponty is examined in detail, and styles including gypsy jazz, belop, modal and fusion are explored. Topics covered include: analyzing a chord sequence * bowing * chord symbols * double stopping * harmonics * how to construct your own solo * how to swing * pentatonic, bebop and blues scales * vibrato * and more. An accompanying CD with 65 tracks for listening or play-along is also included. Jazz Violin Solos Schott & Company Limited

This riveting book by Paul Balmer is the definitive biography of a unique musician whose life spanned the 20th century. Stephane Grappelli's astonishing career ran on a parallel track to the history of Jazz itself. Born in Paris in 1908 Grappelli was to become a member of the greatest European Jazz band of them all - the pre-war Hot Club de France Quintet - playing Violin alongside gypsy Guitar legend Django Reinhardt. That dazzling association with Reinhardt may have brought Grappelli his greatest fame, but his prodigious talent was also to give him a long and varied career in music playing with everyone from Duke Ellington and Joe Venuti to George Shearing and Oscar

Peterson. This rich and revealing biography takes its place alongside the author's BAFTA-nominated DVD about Grappelli, an exceptional musician whose fascinating personal story also vividly illuminates the history of American Jazz in Europe.

Grappelli Licks: The Vocabulary of Gypsy Jazz Schott & Company Limited (Book). The music of Django Reinhardt is as important today as it has ever been. Blending jazz and gypsy influences, his exuberant solos and incisive rhythm playing have fascinated and tantalized guitarists for half a century. In this book, leading jazz writer Dave Gelly considers Django's life and recordings and explains exactly why he sounded the way he did. Meanwhile, guitarist and teacher Rod Fogg shows you how you can achieve that sound yourself, with the help of detailed transcriptions of six of Django's most celebrated and exciting numbers. Includes audio with all six numbers accurately recorded from the transcriptions for you to follow along.

Trumpet Technique Fulcrum Publishing

Jazz Fiddle Wizard Jr. is designed for beginning to intermediate middle and high school violinists in the tradition of the parent method, *Jazz Fiddle Wizard*-a break-through approach for string players who want to learn to improvise within the jazz style. No step is left out in this sequentially arranged introduction to the role of rhythm, call and response, articulation, scales, and chord changes in jazz improvisation. The exercises are turned into catchy tunes arranged to work in any configuration of string groups. That is, three-part arrangements for each tune may be played with any number of like instruments or in conjunction with *Jazz Viola Wizard Jr.* and *Jazz Cello Wizard Jr.* books. Suitable as a

self-instruction book or for use in private and/or group string instruction, *Jazz Fiddle Wizard Jr.* contains piano accompaniment parts as well as a CD that provides a full rhythm section accompaniment for every exercise and tune. The appropriate tone and style are modeled by the author's performances of more than 50 sample exercises and improvised solos. Also available in Japanese from ATN, Inc.

This book/CD set is the first method ever for learning Gypsy Jazz Violin in the style of Stéphane Grappelli. Have you, too, often listened to Grappelli's solos thinking "I wish I could do that, but it is way over my head?" Here is the answer. Simple theory, licks and stylistic lessons point you towards your first authentic Gypsy Jazz improvisations, which you can try out with the swinging guitar-bass play-along CD rhythm section. Then prepare to tackle six classic Stéphane Grappelli solos, annotated and analyzed for your understanding. To grasp the finesses of sound and timing, there are many sample licks and solos by Tim Kliphuis on the CD as well. It is assumed the student reads music and has a basic command of the instrument. •

First 50 Jazz Standards You Should Play on Piano Hal Leonard Corporation

(Schott). Here is a practical, in-depth instruction book covering all aspects of pop, folk and rock violin technique. Over 150 different rock violinists are referred to in detail covering a range of styles including blues, folk rock, country rock, progressive rock, jazz rock and heavy metal. This book explores a wide variety of technical aspects including chords, scales, soloing and effects, and is accompanied by a CD containing demonstrations, play-along tracks and

exercises performed by Chris Haigh on violin with a live backing band. Ideal for the budding rock star, or classical player looking for something a little different!

Discovering Rock Violin Mel Bay Publications

Dregni has penned the first major critical biography of Gypsy legend and guitar icon Django Reinhardt.

Gypsy Jazz Oxford University Press

Dr. Suzuki questioned why all vocalists vocalize every day to improve their voices, but instrumentalists do not do so every day with their instruments. He believes that on any instrument, one needs to practice to make a more beautiful tone. First he talks about playing a beautiful resonant tone with the bow while plucking the string with a finger. When a pizzicato is played, the resonance goes on for a long time. Students should listen to that resonance and play the same kind of clear beautiful sound. He talks about how to make a difference in the tone by using a different bow speed, how to practice to find the resonance point, how to change the weight of the arm on the bow to produce a different kind of tone, and how to change tone color. This book includes all of Dr. Suzuki's basic ideas about tone.

Getting Into Jazz Mandolin Mel Bay Publications

(Guitar Recorded Versions). Authentic transcriptions in notes and tab for 20 classic performances by this vastly talented gypsy whose name is synonymous with jazz guitar. Includes: Ain't Misbehavin' * Belleville * Daphne * Dinah * Djangology * Honeysuckle Rose * Limehouse Blues * Marie * Minor Swing * Nuages * Old Folks at Home (Swanee River) * Stardust * Tiger Rag (Hold That Tiger) * and more.

Jazz Fiddle Wizard is a book/CD set tailored for advanced violinists who want to learn to improvise in the jazz tradition. the book contains practical theory lessons, presenting rhythms and scales that are immediately put to use. Concepts are introduced progressively, requiring comprehension of previously introduced techniques and terminology. Each lesson includes a theory section and an exercise or performance section. The book's companion play-along CD provides professional full rhythm section accompaniment for each exercise and tune. As the method was designed for college students and advanced players, no violin tracks are included on the CD. the Stuff Smith solo from "Knock, Knock- Who's There?" transcribed at the onset of the book is readily available at <http://www.rhapsody.com/stuffsmith/tracks.html> This method assumes that the reader/player has a basic technical command of the instrument and reads standard music notation at an elementary level or higher. Jazz Fiddle Wizard is the most challenging of Martin Norgaard's fiddle improv books. If you are a novice jazz player, the author recommends beginning with Jazz Fiddle Wizard Junior, Books 1 & 2 followed by Getting Into Gypsy Jazz Violin, all of which include violin tracks on their respective companion CDs. Jazz Fiddle Wizard works in conjunction with the www.jazzfiddlewizard.com website, offering a unique interactive experience in which the reader is invited to pose questions directly to the author. This method has been field-tested with college students and other players from different musical backgrounds and at various levels of technical proficiency. the bottom line on this product is that IT

WORKS!

This book focuses on the key elements of the Django Reinhardt Gypsy jazz or jazz Manouche guitar style. the information revealed here was gleaned from years of experience jamming with French Gypsies and studying with masters of the style. A native of France, Stephane Wrembel acquired his skills entirely by ear and has taught scores of musicians worldwide using the method that appears here in text and notation for the first time. Written in English, German and French with all musical examples in standard notation and tablature, Wrembel conveys his knowledge in a logical step by step manner, exposing the reader to the authentic Manouche style as it continues to evolve in France and Holland. Medium to advanced in difficulty, this method is designed for the guitarist who is already familiar with jazz harmony and note locations on the fretboard.

Django Backbeat Books

Of all the styles of jazz to emerge in the 20th century, none is more passionate, up-tempo, or steeped in an outsider tradition than Gypsy Jazz. Blending travelogue, detective story, and personal narrative, this work captures the history

and culture of this elusive music. Plugging In University of Michigan Press

When Sheila Jordan dropped a nickel in the juke box of a Detroit diner in the 1940s and heard “Now’s The Time” by Charlie Parker, she was instantly hooked—and so began a seventy-year jazz journey. In 1962, she emerged as the first jazz singer to record on the prestigious Blue Note label with her debut album *Portrait of Sheila*. Exploding on the jazz scene, this classic work set the bar for her career as an iconic jazz vocalist and mentor to other promising female vocalists. As *The New York Times* then announced, “Her ballad performances are simply beyond the emotional and expressive capabilities of most other vocalists.” *Jazz Child: A Portrait of Sheila Jordan*, as the first complete biography about this remarkable singer’s life, reveals the challenges she confronted, from her growing up poor in a Pennsylvania coal mining town to her rise as a bebop singer in Detroit and New York City during the 1950s to her work as a recording artist and performer under the influence of and in performance with such jazz luminaries as Charlie Parker, George Russell, Lennie Tristano, Charles Mingus, Sonny Rollins, and Thelonious Monk. Jordan’s views as a woman living the jazz life in an era of racial and gender discrimination while surrounded by those often struggling with the twin evils of alcohol and drug abuse are skillfully woven into the tapestry of the tale she tells. With Jordan’s full cooperation, author Ellen Johnson documents the fascinating career of this jazz great, who stands today as one of the most deeply respected jazz singers and educators. For jazz fans, Johnson’s biography is a testament to a vanishing generation of musicians and her

indomitable spirit is an inspiration to all walks of life.

Jazz Fiddle Wizard Scarecrow Press

The solos of Django Reinhardt are an endless source of inspiration and amazement for any musician. In this exciting book, the author has compiled precise solo transcriptions (in notation only), as well as a thorough analysis of each. There is also a complete “how to” section that is like a book in itself. This book contains some of Django's best work. It covers a period of 17 years, from Django's first trio and quintet recordings to one of his last bop-influenced sessions, “Live at the Club St. Germain.” Multiple versions of many solos are included to show Djangos' musical development over his long career. Studying the music of the master of Gypsy Jazz can help lay a solid foundation for your own sound and style.

Jazz Violin Workouts Oxford University Press, USA

For more than a century, violinists have played jazz, swing, blues and similar improvisational styles. With its rich tone, considerable range, and bowed rhythms and phrasing, the violin offers a unique opportunity for a creative and personal statement as a musician. This book presents a broad sampling of the styles of major jazz violinists, from blues to bebop, from jug band to jazzgrass, from big-band swing to Texas swing. Tunes represent the styles of Stéphane Grappelli, Joe Venuti, Stuff Smith, Eddie South, Mark O'Connor, Benny Thomasson, Jean-Luc Ponty, and Darol Anger. Helpful jazz theory sections with exercises alternate with tunes that show how the theory works in practice. This book has two objectives; first, to present a broad, roughly chronological sampling of major jazz violinists and the styles associated with them, and secondly, to

introduce the basics of jazz theory as applied to the violin. Whether consciously or intuitively, through critical listening or by practicing jazz patterns and exercises, the more knowledge of jazz you acquire, the better you will be able to think about the content of your playing without being bound by technical and theoretical aspects. This anthology was written to help provide that foundation. Interspersed with pragmatic jazz theory lessons, you'll find 28 original tunes in the style of various jazz violin luminaries. The book ends with an extensive discography of recommended jazz recordings with a violin focus. Mandolinists as well as other instrumentalists will find a wealth of useful information in this outstanding collection. Delightful broadcast-quality recordings of the repertoire are available online. Includes access to online audio. Written for intermediate to advanced violinists.

Beginning Jazz Violin Mel Bay Publications

In the last forty years, many elite performers in the arts have gleaned valuable lessons and techniques from research and advances in sport science, psychomotor research, learning theory, and psychology. Numerous "peak performance" books have made these tools and insights available to athletes. Now, professor and performer Frank Gabriel Campos has translated this concept for trumpet players and other brass and wind instrumentalists, creating an accessible and comprehensive guide to performance skill. *Trumpet Technique* combines the newest research on skill acquisition and peak performance with the time-honored and proven techniques of master teachers and performers. All aspects of brass technique are discussed in detail, including the breath,

embouchure, oral cavity, tongue, jaw, and proper body use, as well as information on performance psychology, practice techniques, musicians' occupational injuries, and much more. Comprehensive and detailed, *Trumpet Technique* is an invaluable resource for performers, teachers, and students at all levels seeking to move to the highest level of skill with their instrument.

Biografie over de Frans jazzviolist (geb. 1908).

Django Reinhardt Mel Bay Publications

Django Reinhardt was perhaps the greatest guitarist to ever live. A Gypsy who made his jazz guitar speak with a human voice, he was dashing, charismatic, childish . . . and doomed to die young after creating a legacy of Gypsy Jazz that remains vibrant today. Gypsy Jazz is a music both joyous and sad, timeless and modern. It was born from a marriage of Louis Armstrong's trumpet with the anguished sound of Romany violin and the fire of flamenco guitar. Created amidst the glamour of Jazz Age Paris and reaching a peak during the horrors of World War II, Gypsy Jazz gave a voice to a dispossessed people. Today, Gypsy Jazz is more popular than ever. It has a legacy as strong as the Cuban sounds of the Buena Vista Social Club, the blues of B. B. King, or the R&B of Ray Charles. "*Django Reinhardt and the Illustrated History of Gypsy Jazz*" is a stylish collection of more than two hundred illustrations telling Django's story and the history of Gypsy jazz. Running through the Paris Jazz Age of the 1920s to the current worldwide renaissance of Gypsy jazz bands (including Django's grandsons, who are playing today), the images include rare archival photographs, modern images,

posters, programs, tickets, guitars,
memorabilia, paintings, and more. "
