Spring has come to Ireland, where Thorgrim Night Wolf, new-made Lord of Vík-ló, and the three hundred Viking warriors under his command have suffered through a brutal winter. Despite having accomplished much during the months of cold and rain, the patience of the men has worn thin and anger and frustration threaten to tear the ships' crews apart. But just as the men are turning on one another, a local Irish lord arrives with a proposal, a plan for Irish and Norse to join together in a raid using Ireland's rivers to float their longships far inland. The plan, however, soon turns into a nightmare of massacre and betrayal, and Thorgrim and his band must fight both the surprisingly skilled commander of the local forces as well as enemies in their own camp. It's a fight in which victory or defeat will mean the difference between riches or death.

HITLER'S BANKER is a full-scale biography of Hjalmar Schacht, one of history's premier financial wizards. Chief Architect of the Nazi economy, Schacht's rampant inflation financed the creation of the most powerful war machine in Europe out of the rubble of a devastated Weimar Republic. Weitz chronicles Schacht's early life and his meteoric success in the international banking world, deftly juxtaposing the twentieth-century history of Germany itself. HITLER'S BANKER is the riveting life story of a man imprisoned by Hitler because of his anti-Nazi sentiments and charged as a war criminal by the Allies. Exonerated of all charges at Nuremberg, Schacht lived to become a successful author and economic adviser to foreign nations, and a wealthy private banker.

Comprehensive biography of Anthony Fokker, the famed Dutch pilot and daredevil aviator Anthony Fokker: The Flying Dutchman Who Shaped American Aviation tells the larger-than-life true story of maverick pilot and aircraft manufacturer Anthony Fokker. Fokker came from an affluent Dutch family and developed a gift for tinkering with mechanics. Despite not receiving a traditional education, he stumbled his way into aviation as a young stunt pilot in Germany in 1910. He survived a series of spectacular airplane crashes and rose to fame within a few years. A combination of industrial espionage, luck, and deception then propelled him to become Germany's leading aircraft manufacturer during World War I, making him a multimillionaire by his midtwenties. When the German Revolution swept the country in 1918 and 1919, Fokker made a spectacular escape to the

United States. He set up business in New York and New Jersey in 1921, and shortly thereafter became the world's largest aircraft manufacturer. The U.S. Army and Navy acquired his machines, and his factories equipped legendary carriers such as Pan American and TWA at the dawn of commercial air transport. Yet despite his astounding success, his empire collapsed in the late 1920s after a series of ill-conceived business decisions and deeply upsetting personal dramas. In 1927, aviator Richard Byrd solicited a Fokker three-engine plane to be the first to fly non-stop across the Atlantic. The plane was damaged on a test flight and Charles Lindbergh beat him to it. Lindbergh's solo adventure in the Spirit of St. Louis earned him--and cost Fokker--a lasting place in the history books. Using previously undiscovered records and primary sources, Marc Dierikx traces Fokker's extraordinary life and celebrates his spectacular achievements.

A Devotional Powerhouse! This revision of the follow-up to the popular A Godward Life adds twenty fresh entries to the original 120 daily meditations that are solid meat and sweet milk from God's Word. The new entries broach current and controversial subject matter, such as partial-birth abortion and gay marriage. Piper asks the hardest questions and finds wonderfully poignant but practical and applicable truths from the Bible. These 350 pages of substantive spiritual nourishment will brace readers' minds with truth and nourish their hearts with God's sovereign grace. Pastors and lay leaders particularly will appreciate the three indexes included. They don't need to look any further to find a pertinent illustration or tidbit of inspiration! Expanded Edition of the Popular Godward Life II Devotional Taste and see...The Lord is good. Psalm 34:8 The soul tastes truth like the lips taste food. Spiritual hunger cries out for rich, substantial nourishment. It is remarkable how much meat these daily portions contain. Skillfully presented by pastor John Piper, this devotional of contemporary meditations on biblical reality will whet your appetite for more of God Himself and refresh you in your daily communion with Christ. "This volume is a treasure of true doctrine applied to life." -R. Albert Mohler Jr., president, Southern Baptist Theological Seminary "Going to sleep with John Piper's words on your mind will coax you from complacency and wake you up to a passionate faith." -Phil Callaway, speaker and bestselling author Story Behind the Book John Piper's life-long love affair with his church is evidenced in each of the 140 articles included in Taste and See. Originally, each article was written for his flock at Bethlehem Baptist Church in Minneapolis . They are sometimes follow-ups to Sunday sermons; sometimes meditations of a pastor's heart, expressing his longing for the holiness of his congregation. Many of the entries are his own relentless interrogations of a biblical text. A few are colorful anecdotes from a pastor's daily life—a pastor whose heartbeat for God pulsates through every word.

"Studies in the Middle East" is a one-year programme at the Near East School of Theology in Beirut (NEST). In honour of its 20th anniversary, academics and teachers from the NEST and from Germany met at Georg-August University in Göttingen and in the nearby Coptic Orthodox Monastery in Höxter-Brenkhausen to discuss the current situation in the Middle East and possible ways to initiate a spiritual new beginning in this crisis and war-ridden region. The present volume offers various contributions that were made on the subject.

We are obsessed with time. However hard we might try, it is almost impossible to spend even one day without the marker of a clock. But how much do we understand about time, and is it possible to retrain our brains and improve our relationship with it? Drawing on the latest research from the fields of psychology, neuroscience, and biology, and using original research on the way memory shapes our understanding of time, acclaimed writer and broadcaster Claudia Hammond delves into the mysteries of time perception. Along the way, she introduces us to an extraordinary array of colourful characters willing to go to great lengths in the interests of research, such as the French speleologist Michel, who spends two months in an ice cave in complete darkness. Time Warped shows us how to manage our time more efficiently, speed time up and slow it down at will, plan for the future with more accuracy, and, ultimately, use the warping of time to our own advantage.

Ein Jahrhundert vor unserem literarischen Auge. Das epochale Werk des Meisters der Erzählung Südosteuropas liegt nun endlich in einer mustergültigen, gewissenhaften Übersetzung von Gero Fischer und Silvija Hinzmann vor. Die Fahnen zeigen ein Kaleidoskop der europäischen Geistes- und Kulturgeschichte, das Krleža zu einem großen europäischen Schriftsteller des 20. Jahrhunderts macht. Ina Jun-Broda rief mich 1978 zu sich. Sie redete auf mich ein: "Die Fahnen, die müssen Sie verlegen." Ich, jung, unerfahren, wurde von der Dicke des Romans fast erschlagen. Fünf Bände, 3000 Seiten. Mein verlegerisches Leben hatte erst begonnen. 1979 erzählte mir Ina Jun-Broda, die legendäre Übersetzerin aus den jugoslawischen Sprachen, von ihrem Gespräch mit Miroslav Krleža: "Für eine deutschsprachige Übersetzung kürze ich Ihnen Die Fahnen ein. Auf 800 Seiten. Weniger geht nicht. Und Sie übersetzen das!" Krleža stirbt Ende 1981, Ina folgt bald danach (August 1983). Krieg und Frieden. Europa zerfällt. Zwischen Wien und Zagreb, Budapest und Belgrad – quer durch Musils Kakanien. Die letzten Tage der Menschheit brechen an. Züge rasen hin und her. Politik, Wirtschaft, Regierungen, Beziehungen und Familien zerbrechen. In seinem umfangreichsten Werk, dem ab 1962 veröffentlichten fünfbandigen Roman Die Fahnen (Zastave), der in den Jahren 1912 bis 1922 spielt und jetzt erstmals in einer deutschen Übersetzung vorliegt, zeichnet Krleža ein Panorama von der geistesgeschichtlichen und politischen Situation Europas zu Beginn des 20. Jahrhunderts. Das Schicksal von Bürgern, Aristokraten, Politikern, Ministern, Bürokraten, Generälen, Kriegsgewinnlern und Träumern, die ganze Galerie der ungarischen, kroatischen und serbischen Intelligenz – steht im Vordergrund dieser Chronik. Kriegereignisse und Liebesbeziehungen werden miteinander verwoben.

The fulgurating power of creative imagination - Imaginatio Creatrix - setting in motion the Human Condition within the-unity-of-everything there-is-alive is the key to the rebirth of philosophy. From as early as 1971 (see the third volume of the Analecta Husserliana series, The Phenomenological Realism of the Possible Worlds, Anna-Teresa Tymieniecka, ed.), Imaginatio Creatrix has been the leitmotif for the research work of the World Phenomenology Institute (now published in eighty-three Analecta Husserliana volumes), one that is eliciting echoes from all around. Husserl's diagnosis of a crisis in Western science and culture, the inspiration of much of postmodern phenomenology, has yielded place to a wave of scientific discovery, technological invention, and change in societal life, individual lifestyles, the arts, etc. These throw a glaring light on human creative genius and the crucial role of the imagination that gives it expression. This present collection is an instance of that expression and the response it evokes. It

manifests the role of imagination in forming and interpreting our world -in-transformation in a new way and opens our eyes to marvel at the new world on the way. Our lives today are oppressed by the demand that we live, feel and experience with ever greater intensity. We are enticed to try exotic flavors and smells; urged to enjoy a wide range of sexual experiences; pushed to engage in extreme sports and recreational drugs - all in the pursuit of some new, unheard-of intensity. Tristan Garcia argues that such intensity rarely lives up to its promise. It always comes at a price: one that defines the ethical predicament of contemporary life. The notion of intensity was the hidden key to Garcia's landmark book Form and Object. In The Life Intense, the first part of his ambitious Letting Be trilogy, he begins to develop it in detail. This first book focuses on ethics; the forthcoming volumes will be devoted to politics and then metaphysics.

Coming in the wake of Fin Gall, Dubh-linn, continues the story of Thorgrim Night Wolf and his band of Viking warriors as they plunder the Irish coast. Eager to return to his native Norway, Thorgrim agrees to participate in one last raid under the command of a man he does not trust. But the Northmen, he finds, are no longer simply invaders on foreign soil. They have become a part of the Irish kings' ongoing struggle for power, and far from securing a means to return home, Thorgrim and his men are plunged into a battle for the throne of Tara, a battle that will test their strength and loyalty as none has before.

The book represents an earthquake in genocide studies, particularly in the field of Armenian Genocide research. A unique feature of the Armenian Genocide has been the long-standing efforts of successive Turkish governments to deny its historicity and to hide the documentary evidencesurrounding it. This book provides a major clarification of the often blurred lines between facts and truth in regard to these events. The authenticity of the killing orders signed by Ottoman Interior Minister Talat Pasha and the memoirs of the Ottoman bureaucrat Naim Efendi have been two of the most contested topics in this regard. The denialist school has long argued that these documents and memoirs were all forgeries, produced by Armenians to further their claims. Taner Akçam provides the evidence to refute the basis of these claims and demonstrates clearly why the documents can be trusted as authentic, revealing the genocidal intent of the Ottoman-Turkish government towards its Armenian population. As such, this work removes a cornerstone from the denialist edifice, and further establishes the historicity of the Armenian Genocide.

In recent years, new research on cultural and literary history has challenged the posited simplistic contrast between politically defined power and powerless culture. The essays collected in this volume study the interplay of cultural expressions and political, social, and historical power structures as witnessed in literary, historical, and archaeological remains from Roman antiquity to early modern times. It is demonstrated that images, literary texts, and symbols are not restricted to affirmative or subversive reactions; rather, they can guide the development or erosion of power structures, or even generate power themselves. Accordingly, the powers that be aim to usurp language and symbols in order to control their dangerous ambivalence. The studies also demonstrate that these reciprocal influences serve as a productive element in the process of self-understanding of individual communities. German info text: Die kulturhistorische und literaturwissenschaftliche Forschung der letzten Jahre hat den einfachen Gegensatz zwischen politisch definierter Macht und ohnmächtiger Kultur in Frage gestellt. An literarischen, historischen und archaologischen Zeugnissen von der römischen Antike bis zur Frühen Neuzeit untersuchen die Beiträge dieses Bandes die Wechselwirkungen zwischen kulturellen Auaerungen und (politischen, sozialen, historischen) Machtgefüegen. Bilder, literarische Texte und Symbole, so zeigt sich, sind nicht auf affirmative oder subversive Reaktionen beschränkt: Sie können die Entstehung oder Erosion von Machtstrukturen bestimmen, sogar selbst Macht produzieren; entsprechend versuchen die Mächtigen, Sprache und Symbole zu usurpieren, um deren gefährliche Ambivalenz zu kontrollieren. In den Studien wird auch deutlich, daa diese gegenseitigen Bedrangungen als produktives Element der Selbstverständigungsprozesse der jeweiligen Gemeinschaften zu verstehen sind.

852 A.D. For centuries, the Vikings have swept out of the Norse countries and fallen on England, Ireland, whatever lands they could reach aboard their longships, and few could resist the power of their violent onslaught. They came at first to plunder, and then to settle, an encroachment fiercely resisted where ever they went. Such was the case in the southern lands of Ireland. En route to the Viking longphort there, known as Dubh-Linn, Thorgrim Night Wolf and Ornofl the Restless stumble across an Irish ship that carries aboard it a single item - a crown. The Vikings eagerly snatch the prize, unaware of its significance to the people of Ireland and the power granted to the king who wears it. Soon the Norsemen are plunged into the violence and intrigue of Medieval Ireland, where local kings fight with each other and with the invaders from the north for rule of the island nation. With enemies at every hand, and loyalties as fickle as the weather, Thorgrim must lead his men, the white invaders, the Fin Gall, in the fight of their lives, with both Irish and Dane eager to see them dead.

Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every country across the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, Across Asia on the Cheap. This was quickly followed by what soon became the backpackers' bible, South-East Asia on a Shoestring . Going boldly where no other travel publisher had ventured, their budget-conscious travellers guide provided knowledge long before the advent of mass tourism. Once While Travelling: The Lonely Planet Story is a unique mix of autobiography, corporate history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of their business into the world's largest independent travel publishing company. Above all, their memoir reveals the spirit of adventure that has made them, according to the New York Daily News, 'the specialists in guiding weird folks to weird places.'

Throughout history, humanity has borne witness to the political and moral challenges that arise when people place national identity above allegiance to geo-political states or international communities. This book discusses the concept of nations and nationalism from social, philosophical, geological, theological and anthropological perspectives. It examines the subject through conflicts past and present, including recent conflicts in the Balkans and the Middle East, rather than exclusively focusing on theory. Above all, this fascinating and comprehensive work clearly shows how feelings of nationalism are an inescapable part of being human.
