From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or

not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or

anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

William Elliot Griffis (1843 - 1928)

graduated from Rutgers College in 1869

and taught four years in Fukui and Tokyo. After his return to the United States, he devoted himself to his research and writing on East Asia throughout his life. He authored 20 books about Japan and five books about Korea including, *Corea: The Hermit Nation* (1882), *Corea, Without and Within: Chapters on Corean History, Manners and Religion* (1885), *The Unmannerly Tiger, and Other Korean Tales* (1911), *A Modern Pioneer in Korea: The Life Story of Henry G. Appenzeller* (1912), and *Korean Fairy Tales* (1922). In particular, his bestseller, *Corea: The Hermit Nation* (1882) was reprinted numerous times through nine editions over thirty years. He was not only known as "the foremost interpreter of Japan to the West before World War I but also the

American expert on Korea. After his death, his collection of books, documents, photographs and ephemera was donated to Rutgers. The Korean materials in the Griffis Collection at Rutgers University consist of journals, correspondence, articles, maps, prints, photos, postcards, manuscripts, scrapbooks, and ephemera. These papers reflect Griffis's interests and activities in relation to Korea as a historian, scholar, and theologian. They provide a rare window into the turbulent period of late nineteenth- and twentieth-century Korea, witnessed and evaluated by Griffis and early American missionaries in East Asia. The Korea Letters in the William Elliot Griffis Collection are divided into two parts: letters from missionaries and letters

from Japanese and Korean political figures. Newly available and accessible through this collection, these letters develop a multifaceted history of early American missionaries in Korea, the Korean independence movement, and Griffis's views on Korean culture. *Energy and Water Development Appropriations for 2000* Lulu.com

So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which

type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

This frank and authoritative biography explores the life and often controversial work of W.P. Kinsella, the author who penned iconic lines such as “If you build it, he will come.” Kinsella’s work was thrust into the limelight when, in the spring of 1989, his novel *Shoeless Joe* was turned into the international blockbuster *Field of Dreams*. With the success of *Shoeless Joe*, Kinsella’s other works began to gain more attention as well, including a popular series of short stories narrated by a young Cree, Silas Ermineskin. Although many readers praised the stories for their humour and biting social commentary, Kinsella’s success reignited criticism of his

appropriation of Indigenous voices for his own benefit, and of what some claimed was overt racism. For Kinsella, this censure was mitigated by the commercial success of the Silas Ermineskin stories. After scraping by as a taxi driver and restaurant owner, and later as a writing instructor, Kinsella took great satisfaction in being able to make a living from writing alone. Achievement in his professional life was tempered by chaos in his personal life, including health problems, failed marriages and a tumultuous romantic relationship with writer Evelyn Lau that resulted in a highly public libel lawsuit. When long-term kidney issues resurfaced causing acute pain, Kinsella made his final arrangements. Never one to shy away from controversy, he made it clear to his

agent that his decision to end his life by physician-assisted suicide must be mentioned in the press release following his death. Though friends and family would remember him as stubborn, complicated, curmudgeonly, honest, loyal and a host of other adjectives, Kinsella answered, “I’m a story teller [and] my greatest satisfaction comes from leaving [while] making people laugh and also leaving them with a tear in the corner of their eye.” Having been granted full access to Kinsella’s personal diaries, correspondence and unpublished notes, and with hours of personal interviews with Kinsella, his friends and his family, biographer William Steele offers insight into Kinsella’s personal life while balancing it with the critical analysis and commentary his fiction has

inspired.

Women and Epistolary Agency in Early Modern Culture, 1450-1690 is the first collection to examine the gendered nature of women's letter-writing in England and Ireland from the late-fifteenth century through to the Restoration. The essays collected here represent an important body of new work by a group of international scholars who together look to reorient the study

of women's letters in the contexts of early modern culture. The volume builds upon recent approaches to the letter, both rhetorical and material, that have the power to transform the ways in which we understand, study and situate early modern women's letter-writing, challenging misconceptions of women's letters as intrinsically private, domestic and apolitical. The essays in the volume embrace a range of interdisciplinary approaches: historical, literary, palaeographic, linguistic, material and gender-based. Contributors deal with a variety of issues related to early modern women's correspondence in England and Ireland. These include women's rhetorical and persuasive skills and the importance of gendered epistolary strategies; gender and the materiality of

the letter as a physical form; female agency, education, knowledge and power; epistolary networks and communication technologies. In this volume, the study of women's letters is not confined to writings by women; contributors here examine not only the collaborative nature of some letter-writing but also explore how men addressed women in their correspondence as well as some rich examples of how women were constructed in and through the letters of men. As a whole, the book stands as a valuable reassessment of the complex gendered nature of early modern women's correspondence.
