 Refreshed with a new design, Oxford Practice Grammar is a three-level English grammar practice series for the classroom or self-study. Its tried and trusted methodology provides clear explanations and lots of extra practice. Oxford Practice Grammar knows that students need different types of explanation and practice at each stage of their study. Basic provides lots of practice and short explanations; Intermediate gives you more detail with extended practice; Advanced gives challenging practice activities and in-depth explanations. Great for classroom or self-study.

Sentence, with Exercises for Analysis, Diagraming and Outlines of the Parts of Speech Sanata Dharma University Press

This book includes topics in English grammar classes and Indonesian to English translation exercises. Many sentences in the exercises were written from the writer's ideas and many were taken from her students' sentences. English instructors at different levels of education or at different specific trainings for different purposes can adjust the sentences according to the context of use. Most importantly, the results of the English translation are grammatical and they contain the constructions being discussed. English learners can see the benefits of learning grammar when they can express their ideas according to the context. The materials are distributed into 17 meetings, i.e. 14 meetings for discussions and 3 meetings for assessment or tests.

Sentence-combining practice Oxford University Press
 This book "is a 10-week course for student of English language and literature, linguistics or other related language studies. The course and the practice program on CD-ROM provide all the background information and practice facilities you need to become proficient in sentence analysis at sentence, clause and phrase level, making you familiar with the terms and concepts of English syntax." - back cover.

This innovative grammar text is an ideal resource for writers, language students, and classroom teachers who need an accessible refresher in a step-by-step guide to essential grammar. Rather than becoming mired in overly detailed linguistic definitions, Nancy Sullivan helps writers and students understand and apply grammatical concepts and develop the skills they need to enhance their writing. Along with engaging discussions of both contemporary and traditional terminology, Sullivan's text provides clear explanations of the basics of English grammar and a practical, hands-on approach to mastering the use of language. Complementing the focus on constructing excellent sentences, every example and exercise set is contextually grounded in language themes. This updated edition includes new sections in each chapter on Writing Matters (addressing key tools and concerns for writers) and Language Varieties (addressing issues of social and regional dialect variation). This is an ideal textbook for any writing course across disciplines where grammatical precision is important. Online resources including additional exercises, links, and an answer key are available at Routledge.com/9780367148683. Instructor materials accompanying the text provide teachers with activities designed for face-to-face, hybrid, and online instruction to enliven these basic grammar lessons as well as writing activities to integrate these concepts into students' own writing.

Supports Common Core Standards for Language, Conventions of Standard English.

Introductory Language Work Namaskar Book

In this second edition of The Uses of Grammar, Judith Rodby and W. Ross Winterowd develop their successful first edition with new examples, more discussion questions and exercises, and clear explanations of the grammatical principles that teach students to understand grammar conceptually and deeply. The first edition has been completely redesigned visually to enhance learning and retention. Rodby and Winterowd's The Uses of Grammar 2e is an accessible approach grounded in deep understanding of language acquisition, structure, and even the rhetoric of everyday use. The Uses of Grammar 2e integrates traditional, structural, and functional concepts with ideas from contemporary linguistics and grammatical study. Rather than simply partition the study of grammar from the bottom up—from the parts to the whole—Rodby and Winterowd employ a unique structure based on the differentiation of form and function.

Essential Grammar for Today's Writers, Students, and Teachers S. Chand Publishing

These exercises teach you step-by-step how to diagram the eight parts of speech, independent clauses, dependent adverb clauses, dependent noun clauses, dependent adjective clauses, verb phrases, prepositional phrases, gerunds, infinitives, participles, and more. You'll learn grammar and diagramming with these short, simple lessons and exercises, and you'll find all of the answers in the back so that you can easily check your work. These grammar exercises will work for you whether you're a teacher, a student, a writer, an editor, a businessman, a parent, a grandparent, or just a person who loves learning. When you're

done with this book, you'll possess a powerful tool for using and understanding language. You'll be able to write with clarity, and you'll actually enjoy grammar. My son just started diagramming sentences. He really enjoys it and says grammar is now his favorite subject! Thanks for inspiring my son and me. - Margaret, Homeschool Mom I have started using your grammar exercises in my writing classes, and the students are quite engaged. - Susan, ESL Teacher I didn't "get" grammar at all growing up, and I was scared of it. Teaching it is terrifying for me. However, diagramming is helping me, so I am teaching it to my students as well. Thank you for inspiring me to love grammar and to feel more confident. - Megan, High School English Teacher I have all your materials, and I think it's all superb. It is a great way to make grammar tuition more dynamic/interactive and less didactic. It also appeals to visual learners. - Terry, Literacy Program Coordinator When I think of the complete breezing-over of this subject in my school years, I'm amazed I can communicate at all. Although I actually get paid to write, I have always felt that my underlying grammatical strength was missing. I love the fact that this material is a confidence-boosting exercise as well as an educational one. I feel more equipped to explore a whole new world of knowledge, simply because I am armed with a fuller understanding of how the sentence works and what the author is saying with style, content, and syntax. - Phil, Writer I find sentence diagramming fun, and my confidence is slowly but surely growing. I think I've missed out on a lot since my teachers

never taught me this brilliant way of learning English when I was in school! I would definitely recommend my friends use this method. - Carol, Grammar Lover To be honest with you, the only way I can stomach studying grammar is through sentence diagramming. I have a "normal" grammar book, but I get so fed up trying to learn all of the rules and the exceptions to the rules. - Elizabeth, (Reluctant) Grammar Lover
