Since the beginning of time, the angelic forces of the High Heavens and the demonic hordes of the Burning Hells have been locked in the Eternal Conflict for the fate of all Creation. That struggle has now spilled over into Sanctuary -- the world of men. Determined to win mankind over to their respective causes, the forces of good and evil wage a secret war for mortal souls. This is the tale of the Sin War -- the conflict that would forever change the destiny of man. The demon-backed Triune has fallen. All that now stands in Uldyssian's path to freeing humanity is the Cathedral of Light and its charismatic leader the Prophet. But the Prophet is actually the renegade angel Inarius, who sees the world he created as his uncontested domain. Facing a cunning foe that would just as readily see Sanctuary destroyed than let it slip from his grasp, Uldyssian is blind to the others who would possess his world. Both the Burning Hells and the High Heavens now know of Sanctuary...and their warring hosts of demons and angels will stop at nothing to claim it. An original tale of swords, sorcery, and timeless struggle based on the bestselling, award-winning M-rated computer game from Blizzard Entertainment. Intended for mature readers.

In *Journey to Ixtlan*, Carlos Castaneda introduces readers to this new approach for the first time and explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, sharing with us what it is like to truly “stop the world” and perceive reality on his own terms. Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of mind-altering plants, bestselling author Carlos Castaneda immersed himself in the sorcerer’s magical world entirely. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—that these plants are merely a means to understanding the alternative realities that one cannot fully embrace on one’s own.

Autobiography of Nomad Brad Helmuth Brad Helmuth was born in upstate New York, in 1947. The youngest of four children, born of a poor “Dirt farmer” and his loving wife, he is related to the famous western hero, “Buffalo Bill Cody,” (on his mother’s side). Having a fairly normal childhood, his parents moved to Richmond, Virginia, in the mid-nineteen fifties, where his father passed away, and his mother was forced to raise her children on her own, which involved living in a part of the city where gangs ruled the streets. Having survived into his teens, he quit school and joined the Job Corps, (he was one of five youths, four black, one white, selected out of Richmond, Virginia) to participate in this program. Gang violence, and the death of a friend, caused him to quit the Job Corps and return home. At eighteen he joined the Navy, and after boot camp, he signed up for Viet Nam. He was involved in Special Operations, causing him to spend three years in “The ‘Nam,” returning, upon discharge, to a world filled with violence... Outlaw motorcycle gangs, rumbles, bar fights, love, heartbreak, drugs, murder, and prison.

In May 2001, a group of men attempted to cross the Mexican border into the desert of southern Arizona, through the deadliest region of the continent, the “Devil’s Highway.” Three years later, Luis Alberto Urrea wrote about what happened

to them. The result was a national bestseller, a Pulitzer Prize finalist, a “book of the year” in multiple newspapers, and a work proclaimed as a modern American classic.

A NEW YORK TIMES BESTSELLER One of NPR’s “Books We Love” of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award “Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown’s ability to make us care deeply about the fates of these individual soldiers...a page-turner.” – Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers’ parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring.

The first book-length attempt to develop an anthropological approach to revolutions, *Anthropologies of Revolution* proposes that revolutions should be seen as concerted attempts to radically reconstitute the worlds people inhabit. Viewing revolutions as all-embracing, world-creating projects, the authors ask readers to move beyond the idea of revolutions as acts of violent political rupture, and instead view them as processes of societal transformation that penetrate deeply into the fabric of people’s lives, unfolding and refolding the coordinates of human existence.

The Diablo: The Kingdom of Shadow One World/Ballantine

Trance states, prophesying, convulsions, fasting, and other physical manifestations were often regarded as signs that a person was seized by spirits. In a book that sets out the prehistory of the early modern European witch craze, Nancy Caciola shows how medieval people decided whom to venerate as a saint infused with the spirit of God and whom to avoid as a demoniac possessed of an unclean spirit. This process of discrimination, known as the discernment of spirits, was central to the religious culture of Western Europe between 1200 and 1500. Since the outward manifestations of benign and malign possession were indistinguishable, a highly ambiguous set of bodily features and behaviors were carefully scrutinized by observers. Attempts to make decisions about individuals who exhibited supernatural powers were complicated by the fact that the most intense exemplars of lay spirituality were women, and the “fragile sex” was deemed especially vulnerable to the snares of the devil. Assessments of women's spirit possessions often oscillated between divine and demonic interpretations. Ultimately, although a few late medieval women visionaries achieved the prestige of canonization, many more were accused of possession by demons. Caciola analyzes a broad array of sources from saints' lives to medical treatises, exorcists' manuals to miracle accounts, to find that observers came to rely on the discernment of bodies rather than seeking to distinguish between divine and demonic possession in purely spiritual terms.
