Weird Frogs

ERIN ELAINE

Frogs in Aspic Silver

Dolphin Books

The home terrain of frogs is diverse; they're found in places such as water-bogged swamps, parched deserts, and frosty snowy fields. This narrative takes readers through the amazing life of some truly weird, wild, and wonderful Ranidae and Anura family members. Photographs of each long-limbed creature captivate readers while fact boxes keep the information flowing in a fun and engaging way. Frogs Independently Published

A sneak peek into the remarkable world of the tail-less amphibians. Some frogs blend into the green of their ponds, and live an unremarkable existence. But some are strange looking, having adapted to a special environment. This colorful and informative book reveals a rare and close-up look at the odd beauty of some of the strangest of these creatures largely hidden from our view. *Weird Frogs* features: Beautiful photographs that show the frogs up

close -- really close Informative captions that provide fascinating details about the lives of these endangered and fascinating creatures. Available in hardcover and paperback, the book will appeal to middle school students exploring topic ideas, younger students interested in wildlife and advanced readers who enjoy picture books.

Explore a Frog Lerner Publishing Group Explores the similarities between toads and frogs and how to tell them apart, including skin texture, methods of reproduction, and winter survival methods.

Explore My World Rain Forests Speedy

Publishing LLC Showcases a select group of over fifty frogs and toads chosen for their unusual markings, calls, poisons or behavior, and includes frogs and toads from North and South America, Africa, Australia, Europe and Asia.

Frogs and Toads

Turtleback Books Rhymes are coupled with pictures in this book, narrating the different things that can be seen in the pictures.

Frogs Swallow with Their

Eyes! Bellwether Media

"Christina Moore uses her talent for storytelling to create a more narrative-like tale....An attractive offering for listening centers and for young children interested in nature and science." - School Library Journal *Frogs!* National Geographic Books

"It may seem like clambakes, the Red Sox, and the Patriots define New England, but boy did the Pilgrims land in one very strange spot! These six states are filled with odd curiosities and bizarre legends, such as the elusive Vermont hum, the hibernating hill folk, hillside whale tales, and the Holy Land (yes, you read that right). Tongue-in-cheek and filled with dry wit, this is a journey you'll not soon forget."--P. [4] of cover.

Of Frogs and Fishes and Other Strange Happenings Gareth Stevens Publishing LLLP

Explore the secrets of the frog, layer by layer—from their slimy skin to their long sticky tongues—with an amazing 3-D layered model. Frogs swim, they leap, they hop, and some can even fly. There are poisonous frogs, hairy frogs, singing frogs, albino

frogs and even glass frogs with translucent skin you can actually see through! Uncover the secrets of this amazing animal—that's anuran to you frog specialists—layer by layer, in this new title in the popular Explore series. Young frog fans will love dissecting all the weird and wild facts, cool illustrations and diagrams, and unique 3-D layered model of a frog. With every turn of the page, the frog is deconstructed before their eyes, as the model demonstrates the hidden workings of the frog's body. Perfect for curious kids, ages 8 and up.

Fabulous Frogs Disney Electronic Content Croak! Squeenk! Ribbet! After a close encounter with a mutant amphibian makes him freaky for frogs, water-shy Stink becomes a swimming success. Stink may be super smart, and Stink may be uber clever, but he's been in the Polliwog swim class frog-ever and he still can't bear to put his face in the water. Why would he want a geyser up his nose, on purpose? But then something weird happens: Stink starts to see frogs everywhere — in the locker room, in his boot, in the bathtub. And when a freaky blue frog licks his arm, his froggy senses start tingling! He has an urge to slurp up raisins (that look like flies). He can't wait to play in the rain and mud. He's a wiz at identifying frog calls. And he has become very interested in the local frog population. Could it be that Stink is turning into . . . the amazing Stink-Frog, fighter of slime? Pree-eeep! Craw-awk! Frogs Speedy Publishing LLC Conservation biologist and prize-winning non fiction author Martin Jenkins takes a funny and affectionate look at frogs around the world. From

the mighty West African Goliath frog and colourful South American Poison Arrow frog to the south-east Asian Flying frog and the humble frog in your garden pond, both author and illustrator delight in the diversity and occasional weird behaviour of these small and much loved creatures. Tim Hopgood's bold and playful illustrations succeed in capturing each frog's defining characteristics, and the largest and smallest frogs in the world are drawn to scale which helps bring them to life even more. An engaging and informative book with captions, fact pages and an index.

Frog or Toad? Firefly Books

Shares unusual facts and jokes about reptiles and amphibians.

Frogs Bearport Publishing
A "sublime and gripping novel ... about hope: that within the world's messy pain there is still room for transformation and healing" (Madeline Miller, New York Times bestselling author of *Circe*), from the acclaimed author of *Cantoras*. "In the president's excruciating (and sometimes humorous) encounters with his strangely healing frog ...

De Robertis daringly invites us to imagine a man's Promethean struggle to wrest control of his broken psyche under the most dire circumstances possible."
—The New York Times Book Review
At his modest home on the edge of town, the former president of an unnamed Latin American country receives a journalist in his famed gardens to discuss his legacy and the dire circumstances that threaten democracy around the globe. Once known as the Poorest President in the World, his reputation is the stuff of myth: a former guerilla who was jailed for inciting revolution before becoming the face of justice, human rights, and selflessness for his nation. Now, as he talks to the journalist, he wonders if he should reveal the strange secret of his imprisonment: while held in brutal solitary confinement, he survived, in part, by discussing revolution, the quest for dignity, and what it means to love a country, with the only creature who ever spoke back—a loud-mouth frog. As engrossing as it is innovative, vivid, moving, and full of wit and humor, *The President and the*

Frog explores the resilience of the human spirit and what is possible when danger looms. Ferrying us between a grim jail cell and the president's lush gardens, the tale reaches beyond all borders and invites us to reimagine what it means to lead, to dare, and to dream.

Frogs in Danger Gareth Stevens Publishing LLLP
