In *The Fall of Troy*, acclaimed novelist and historian Peter Ackroyd creates a fascinating narrative that follows an archaeologist's obsession with finding the ruins of Troy, depicting the blurred line between truth and deception. Obermann, an acclaimed German scholar, fervently believes that his discovery of the ancient ruins of Troy will prove that the heroes of the Iliad, a work he has cherished all his life, actually existed. But Sophia, Obermann's young Greek wife, has her suspicions about his motivations — suspicions that only increase when she finds a cache of artifacts that her husband has hidden, and when a more skeptical archaeologist dies from a mysterious fever. With exquisite detail, Ackroyd again demonstrates his ability to evoke time and place, creating a brilliantly told story of heroes and scoundrels, human aspirations and follies, and the temptation to shape the truth to fit a passionately held belief.

Review of Books

In this perceptive retelling of *The Iliad*, a young Greek teacher draws on the enduring power of myth to help her students cope with the terrors of Nazi occupation. Bombs fall over a Greek village during World War II, and a teacher takes her students to a cave for shelter. There she tells them about another war—when the Greeks besieged Troy. Day after day, she recounts how the Greeks suffer from thirst, heat, and homesickness, and how the opponents meet—army against army, man against man. Helmets are cleaved, heads fly, blood flows. And everything had begun when Prince Paris of Troy fell in love with King Menelaus of Sparta's wife, the beautiful Helen, and escaped with her to his homeland. Now Helen stands atop the city walls to witness the horrors set in motion by her flight. When her current and former loves face each other in battle, she knows that, whatever happens, she will be losing. Theodor Kallifatides provides remarkable psychological insight in his version of *The Iliad*, downplaying the role of the gods and delving into the mindsets of its mortal heroes. Homer's epic comes to life with a renewed urgency that allows us to experience events as though firsthand, and reveals timeless truths about the senselessness of war and what it means to be human.

In his first novel in more than a decade, award-winning author David Malouf reimagines the pivotal narrative of Homer's Iliad—one of the most famous passages in all of literature. This is the story of the relationship between two grieving men at war: fierce Achilles, who has lost his beloved Patroclus in the siege of Troy; and woeful Priam, whose son Hector killed Patroclus and was in turn savaged by Achilles. A moving tale of suffering, sorrow, and redemption, *Ransom* is incandescent in its delicate and powerful lyricism and its unstated imperative that we imagine our lives in the glow of fellow feeling.

First Published in 1929 *A Handbook for History Teachers* is an attempt on the part of a number of teachers (many of them members of the S. E. London branch of the Historical Association) to offer some practical help in the choice of historical material for children. It discusses themes like schemes of work in elementary junior and senior schools, textbooks for pupils under fifteen, class library books for pupils under fifteen, book lists for teachers, and sources for the preparation of history stories by the teacher. This is an essential read for history teachers and education.

Ancient Greece: A place where the gods hold mortal life cheap, mere playthings to amuse, delight, and abuse at their will. But those puny mortals are not wholly devoid of power and at the core of their fabulous city-states lies the Labyrinth, where they can shape the powers of the heavens to their own design. When Theseus entered the Labyrinth and came away with the prize of freedom and his beloved Adrienne, Mistress of the Labyrinth, his future

seemed assured... Until he abandoned her for the unforgivable sin of bearing him only a daughter, and the world seemed to change. From that day forward, all the Labyrinths in the ancient world started to decay. It slowly became clear that power was fading from the city-states. Was it the natural decline that comes to all cultures or was it because the power of the Labyrinth had been corrupted by a woman spurned? A hundred years pass--Troy has fallen and the Trojans are a scattered and humbled people. The warrior Brutus is of the line of kings and gods. He wears the golden kingship bands of Troy proudly--but they are his only mementos of a former glory, for he is a man without a country and is left little else but pride and a memory of the latent power that he could wield if but given a chance. When he receives a god-sent vision of a distant shore where he can rebuild the ancient kingdom, he will move heaven and earth to reach his destiny. Ever eastward he is drawn, to a lovely and mystical green land that offers him a haven--and a dream of power and conquest. Nothing will deter him... not even the entreaties of the young princess whom he took as his wife and bedded against her will. First her hatred--and now her love--torment and bind him. She is the only one who realizes the danger he is stepping into, and she will do anything to save him... and his son, whom she carries in her womb. For in the mists of Albion there lies a woman of power--a woman who has used her siren call to cloud Brutus's mind and has her own reasons for luring the warrior to these lush shores.... She is the long-descended granddaughter of Adrienne, and she has in her heart a hatred that has been passed down for generations. Her plans for Brutus will enact a revenge that could destroy the

gods themselves. If Brutus makes the journey successfully, it will be the next step in the Game of the Labyrinth and might start a complicated contest of wills that could span centuries.... \*\*\* 'Footie book of the year.' - The Sun  
TROY DEENEY is best known as Watford FC's former captain and a thorn in

Arsenal's side. But behind the successful and gritty football persona is a remarkable story of resilience. In this brutally honest and inspirational memoir, Troy shares what it was like to grow up on Europe's largest council estate, where his mum worked three jobs and his father, a notorious drug dealer, was frequently in and out of prison. He shares stories of self-sabotage, from simply not turning up to Aston Villa's football trials as a teenager, playing while drunk to being imprisoned for affray at the height of his career. But Troy never gave up, even when it meant playing professional football with an ankle tag. He went on to score 20+ goals in three successive seasons and became the Club Captain, an FA Cup finalist, promotion winner and Watford's record scorer. He also became an outspoken player advocate and - in an age of bland footballer interviews - is a sought after voice on football and footballers today. Engaging, endearing and insightful, this book is where Troy comes to terms with his turbulent past.

Candlewick

There is nothing stronger than a mother's love . . . except a good glass of moonshine. The mountains of North Carolina are rich—lush with the greens and blues of the seven-mile views and bursting with a culture where the ways of Old Appalachia meet the new South. This is the heart of moonshine country, where they practice an art passed down from generation to generation, crafted not only out of pride and ingenuity, but also out of a daring to push the boundaries of the law to create a product that has come, in many ways, to symbolize America. Troy Ball is a classic Southern belle, with an easy charm, impeccable manners, a wide smile, and

golden-blond hair. But beneath that crisp white blouse and strand of pearls is a streak of tenacity a mile wide. In the early 2000s, Troy and her husband, Charlie, left their native Texas for the up-and-coming town of Asheville, North Carolina, because the climate was better for the health of their two severely ill, special-needs sons. Troy found there something the dedicated mom never expected: time for herself. And then along came Forrest Jarrett, an Appalachian raconteur with a pickup truck, a thousand stories to tell, and a sip or two of white squeezings, aka moonshine, to share with the newcomer. What followed was a surprising friendship and a five-year journey into the heart of distilling old-fashioned corn whiskey. Stretching back to Colonial times and forward to today and the Byzantine laws Troy had to navigate to become the first female legal moonshiner in the history of the South, this a true moonshine-making odyssey that will touch your soul. When the real estate crash wiped out her family financially and threatened the safety of her children, Troy realized that moonshine was more than a hobby . . . her world-class whiskey (and newfound friends) could save her family, too. Pure Heart is a story of dedication, inspiration, and days spent in a run-down shack in the company of some of the finest and funniest good-old boys you'd ever want to meet. It is the story of how a strong woman used grit and determination to launch a thriving business, and what a mother will do to help her children. It is also about sharing a drink with friends—and all that is great about the South.
