In this commentary on Haggai and Malachi, Mignon Jacobs offers clear and insightful interpretation of the text while highlighting themes that are especially relevant to contemporary concerns, such as honoring or dishonoring God, the responsibilities of leaders, questioning God, and hearing the prophetic word in challenging times. Engaging with the latest scholarship, Jacobs provides a thorough introduction to both prophets in which she addresses questions of authorship, date, purpose, structure, and theology, followed by a new translation of the biblical text and a verse-by-verse commentary. With intertextual discussions about key aspects of the text and attention to competing perspectives, this commentary offers a rich new interpretation of Haggai and Malachi.

The exciting New Inductive Study Series (more than 880,000 copies sold) was created by Kay Arthur for people who long to immerse themselves in God's Word but need a 15-minutes-a-day resource to match their busy lifestyles. This exciting study focuses on Zechariah, Malachi, and Haggai, three prophets who shared God's messages of instruction and discipline and also words of encouragement and hope. Exploring these books of the Bible provides an insightful study of God's communication, character, and blessings. Using Kay Arthur's inductive study method, the truths of these Old Testament books inspire readers to hear God's message, become obedient, and share in the living

hope of a Father who clearly conveys the promise of great blessings.

This coloring book is in the Low German (Plautdietch) language. Color Bible verses of our Hope in Christ. This book size is 8 x 10 and has 72 pages, but only 34 are coloring pages. They are thicker, one sided pages, which are great, because if it bleeds through the page, there is no picture on the other side that would get ruined. Would make a great gift for the sick and elderly, young and old. We all need this hope that only Jesus can bring. Researchers say that coloring reduces stress; combine that with the stress relieving Hope in Jesus Christ, for the ultimate stress relief.

Study the Book of Haggai to learn lessons from the ancient Israelites, who returned home from captivity to find their land and homes in shambles. They attempted to reconstruct the temple, however, they became discouraged and quit. Haggai challenged them to consider their priorities and get back to work. Like the Israelites, sometimes we find ourselves in transition, with wrecked lives and little hope. This study will challenge us to take courage, rebuild what is broken, and rise to be the women God calls us to be. (7 sessions) Features: Leader helps to guide questions and discussions within small groups Personal study segments to complete between 7 weeks of group sessions Interactive teaching videos, approximately 25 minutes per session, for purchase or rent Benefits: Defeat discouragement with God's presence, people, and Word. Choose devotion to God over promotion of self. See beyond your current circumstances to a future in Christ.

Darius I, King of Persia, claims to have accomplished many deeds in the early years of his reign, but was one of them the rebuilding of the temple in Jerusalem? The editor who added the date to the books of Haggai and Zechariah thought so, and the author of Ezra 1-6 then relied on his dates when writing his account of the rebuilding process. The genealogical information contained in the book of Nehemiah, however, suggests otherwise; it indicates that Zerubbabel and Nehemiah were either contemporaries, or a generation apart in age, not some 65 years apart. Thus, either Zerubbabel and the temple rebuilding needs to be moved to the reign of Artaxerxes I, or Nehemiah and the rebuilding of the city walls needs to be moved to the reign of Darius I. In this groundbreaking volume, the argument is made that the temple was built during the reign of Artaxerxes I. The editor of Haggai and Zechariah mistakenly set the event under Darius I because he was influenced by both a desire to show the fulfillment of inherited prophecy and by Darius widely circulated autobiography of his rise to power. In light of the settlement patterns in Yehud during the Persian period, it is proposed that Artaxerxes I instituted a master plan to incorporate Yehud into the Persian road, postal, and military systems. The rebuilding of the temple was a minor part of the larger plan that provided soldiers stationed in the fortress in Jerusalem and civilians living in the new provincial seat with a place to worship their native god while also providing a place to store taxes and monies collected on behalf of the Persian administration.

The collected proclamations ascribed to two little-known post-

exilic prophets, Haggai and Zechariah, represent a bridge between the traditions of classical Israelite religion and the dramatic changes essential to the preservation of the fragile Restoration community. Carroll Stuhlmueller's section-by-section, verse-by-verse analysis and exposition focus on the prophetic word as addressed not only to Israel in this "time of small beginnings" but also to the Church today. His primary concern is the theological message of the prophets, yet ever with an eye toward their historical context, literary form, and cultural setting. *Devarim - Deuteronomy - Coloring Pages* Independently Published This book discusses the depictions of the cult and its personnel in the twelve prophetic books commonly referred to as "The Book of the Twelve" or "The Minor Prophets." The articles in the volume explore the following questions: How did these prophetic writers envision the priests and the Levites? What did they think about the ritual aspects of ancient Israelite faith, including not only the official temple cult in Jerusalem but also cultic expressions outside the capital? What, in their views, characterized a faithful priest and what should the relationship be between his cultic performance and the ways in which he lived his life? How does the message of each individual author fit in with the wider Israelite traditions? Finally, who were these prophetic authors, in which historical contexts did they live and work, and what stylistic tools did they use to communicate their message?

(©2013) The Subcommittee on the Catechism, United States Catholic Bishops, has found that this catechetical high school text is in conformity with the Catechism of the Catholic Church and fulfills the requirements of Elective Course A of the Doctrinal Elements of a Curriculum Framework for the Development of the Catechetical Materials for Young People of High School Age. Sacred Scripture: A Catholic Study of God's Word presents the Bible to students as a living source of God's Revelation to us. It gathers the two covenants of Scripture and the seventy-two books of the Bible under the umbrella of Church teaching, which holds that in Sacred Scripture, "God speaks only one single Word, his one Utterance in whom he expresses himself completely" (CCC, 102). This introduction to the biblical texts is both a companion for prayerful study and a survey of the context, message, and authorship of each book. It also provides students with a plan for reading and studying the Bible in concert with the Holy Spirit and Church teaching. The text provides historical context for biblical literature and its analysis is mindful that Scripture must be read within the living Tradition of the Church; in so doing, the text examines the relationship between Scripture and the doctrines of the Catholic faith. While modern historical-critical scholarship is not ignored, the text is balanced by emphasis on the multiple senses of Scripture: literal, spiritual, allegorical, moral, and anagogical.

This five-lesson Bible study through the ancient prophet Haggai addresses the importance of God's presence among His people. It is easy to put ourselves first. We live in an age that operates according to a me-first attitude; after all, this is my money, my time, my plans, my life! Such a self-centered attitude results in the pursuit of self-serving agendas... even for Christians! What does God say about this? Is he satisfied with receiving our leftovers? This full-color Bible study will help any Sunday school class, small group, or individual learn how God withdrew his blessing from his people to get their attention. This ancient prophet reminds you to reprioritize your life.

Israel and Iran invariably are portrayed as sworn enemies, engaged in an unending conflict with potentially apocalyptic implications. Iranophobia offers an innovative and provocative new reading of this conflict. Concerned foremost with how Israelis perceive Iran, the author steps back from all-too-common geopolitical analyses to show that this conflict is as much a

product of shared cultural trajectories and entangled histories as it is one of strategic concerns and political differences. Haggai Ram, an Israeli scholar, explores prevalent Israeli assumptions about Iran to look at how these assumptions have, in turn, reflected and shaped Jewish Israeli identity. Drawing on diverse political, cultural, and academic sources, he concludes that anti-Iran phobias in the Israeli public sphere are largely projections of perceived domestic threats to the prevailing Israeli ethnocentric order. At the same time, he examines these phobias in relation to the Jewish state's use of violence in the Palestinian territories and Lebanon in the post-9/11 world. In the end, Ram demonstrates that the conflict between Israel and Iran may not be as essential and polarized as common knowledge assumes. Israeli anti-Iran phobias are derived equally from domestic anxieties about the Jewish state's ethnic and religious identities and from exaggerated and displaced strategic concerns in the era of the "war on terrorism."
