Tra Publishing As My Mother Would Say...is about being raised in a conservative Mexican Family that valued the traditions and sayings of Mexico. The proverbs or dichos were a daily dose of teachings from my mother. We believed she made them up as situations arose and it was not until we began using the

dichos as adults, that other people we met from Mexico could relate, laugh and say my grandma used to say that. These dichos are not so common anymore among young Mexican families and at the request of my many colleagues, co workers and students over the years to write about these sayings, I decided to do so. While some of these dichos may not be sophisticated, profound, and intellectual,

they are amazingly cogent. They have been invaluable to me in developing my style in management and leadership...

 A celebrity in his own day,

who gave lectures dressed as Napoleon or seated on the back of an elephant, Ramón Gómez de la Serna is the most representative writer of the interwar Spanish avant-garde. This book explores Gómez de la Serna's art and his quest to break down the barriers between literature and life, addressing two elements - already present in his work - of

radical relevance in today's cultural debates: the relation of humans to the material world and the reduction of all experience to a singular individuality. Bringing Gómez de la Serna to an Anglophone audience, it reveals him to be the embodiment of a new kind of art on both sides of the Atlantic. *Goddess of the Americas* Walter de Gruyter GmbH & Co KG She takes into

account plays that reveal their conventional, formulaic views of the Christian feminine ideal as well as those whose variety and flexibility present women subverting their expected roles. By identifying moments of resistance and subversion in the texts the author argues against excessively monolithic interpretations of such discourses of containment.
