Are you looking for a fun workbook to expand your kids' knowledge in numbers? Then you are in the right place! Take your child on an exciting journey through all the numbers from 0

to 100 with: Tracing Numbers 1-100 For Kindergarten: Number Practice Workbook To Learn The Numbers From 0 To 100 For Preschoolers & Kindergarten Kids Ages 3-5! By now, your kids might already know how to count to 20 or at least up to 10, and some might be able to write those numbers on their own. But no matter what stage they are, this book will help them further their knowledge, plus we'll take it a step further and learn more numbers up to 100! The book contains over 50+ pages of tracing activities to help your kids master number writing and fully comprehend the sequence of numbers. With the book's structured exercises, your kids will be familiarized with the respective pencil guidance by copying the number, then eventually freely write the numbers without pre-drawn lines. Of course, auxiliary lines are provided to help correctly position the numbers. The learning process is lined with as many successes as possible to boost your child's motivation to learn. With each set, your child is confronted with a solid, reliable structure that they can follow at their own pace. A quick look at the most important facts of the book: Suitable for children from ages 3 to 5 Sensible structure that optimally accompanies the learning process Great preparation for pre-school and kindergarten A fun way to learn the numbers from 0 to 100 Designed and sensibly structured to suit children Promotes correct pen management and concentration Combine play with learning. Benefit from "Tracing Numbers 1-100 For Kindergarten" and accompany your child within a meaningful structure on the way to writing numbers! Get this book NOW!
