Quick and Popular Reads for Teens Enhanced Beauty
 Celebrity Beauty - an eye-catching title defining something most
 women yearn for. It's no secret that so many of us are fascinated
 - at times even obsessed with celebrities. And why not? They set
 the standard for contemporary beauty. Whenever we see them
 they look gorgeous; perfectly assembled whether on the red
 carpet or just grabbing a coffee at Starbucks - and we're amazed
 at how they manage to constantly look beautiful. In other words:
 We all want Angelina Jolie's lips, Jennifer Lopez's glow, Nicole
 Kidman's nose and Jennifer Aniston's hair. So how do we attain
 Celebrity Beauty? You'll be surprised at how easy it is to do - and
 in this book I will show you exactly how to achieve great results
 for yourself. Yes, it can be done. You have to remember:
 Celebrities are people like you and me, and whatever it is they're
 doing you can do too. Nobody is born perfect - it just takes a little
 in-house knowledge and application. This book discloses the
 secrets to celebrities glowing, flawless skin and impeccably
 applied makeup. I reveal each so called secret one by one and
 explain to you, in detail, how you can incorporate every tip and
 trick into your own beauty regimen. Of course there are many
 beauty books available that aim to arm you with the know-how to
 look your very best. This book compiles all the best beauty advice
 for achieving and maintaining perfect skin and beautiful
 makeup. In my opinion, everyone can look like a celebrity. Why
 not celebrate the life we've been given, and present ourselves
 well? Beauty can be achieved by those who know how - and this
 book has been written to provide you with all the vital information
 you need to look stunning. I hope that you enjoy reading it as
 much as I enjoyed writing it for you. Most importantly, I hope that
 you learn a great deal from Celebrity Beauty and feel empowered
 to put your new knowledge into practice. Pretty soon, you'll be red
 carpet-ready and turning heads wherever YOU go... Jackie Mannell
Teen People: Celebrity Style Guide Xlibris Corporation
 Don't believe everything you read. Open any magazine or turn on
 any T.V. show and you'll be bombarded with air brushed, perfectly
 styled and made-up celebrities and super models, icons of beauty
 that real women can never match. Too often, girls, measure
 themselves against these unrealistic images and find themselves
 lacking. But we can all break free from the cult of celebrity and
 start liking the face we see in the mirror once we understand that
 many of these images of beauty are all made up. In the spirit of
 Fast Food Nation, media-awareness activist Audrey Brashich
 delivers an in-depth, informative, and eye-opening look at the
 effect the media and pop culture has on young women's self

images.

Be Beautiful HarperTeen

In this inclusive, illustrated history and guide to skin care and
 beauty, journalist and founder of Very Good Light David Yi
 teaches us that self-care, wellness, and feeling beautiful
 transcends time, boundaries, and binaries—and that pretty boys
 can change the world Chanel and Goop might have seemed
 ahead of the curve when they launched their men's beauty and
 wellness lines, but pharaohs were exfoliating, moisturizing, and
 masking eons earlier. Thousands of years before Harry Styles
 strutted down the red carpet with multicolored fingernails,
 Babylonian army officials had their own personal manicure sets.
 And BTS might have become an international sensation for their
 smoky eyes and perfect pouts, but the Korean Hwarang warriors
 who put on a full face before battle preceded them by centuries.
 Pretty Boys unearths diverse and surprising beauty icons who
 have redefined what masculinity and gender expression look like
 throughout history, to empower us to live and look our truths.
 Whether you're brand new to beauty, or you already have a ten-
 step routine, *Pretty Boys* will inspire and teach you how to find
 your best self through tutorials, beauty secrets, and advice from
 the biggest names in the beauty industry, Hollywood, and social
 media. From Frank Ocean's skin-care routine to Clark Gable's
 perfectly styled hair, Rami Malek's subtle eyeliner to a face beat
 to the gods à la Boy George or Kimchi the drag queen, *K-Beauty*
 to clean beauty, *Pretty Boys* will completely change the way we
 all see gender expression and identity.
